Mr. Ronald J. Charlton  
Southern Coastal Cable  
2101 South Fraser St.  
Georgetown, SC 29440

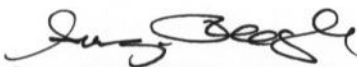

Dear Ronald:

Our records indicate that WCIV is carried on your cable system(s) under an existing retransmission agreement that will expire soon. This letter is to notify you of our wish to enter into a new three-year agreement with your company. To that end, enclosed please find our standard retransmission agreement for your review. Additionally, I have enclosed a copy of our non-duplication protection for our DMA from the ABC television network.

If the agreement is acceptable as is, you may return a signed copy and a fully executed agreement will be returned to you. Please advise any changes in your coverage in the Charleston market.

If you have questions, concerns or wish to discuss the agreement, please call me at your convenience.

Best regards,

Suzanne McNay Teagle  
Vice President & General Manager
