Subject: 2023 Career Day

When: Thursday, April 13, 2023 9:00 AM-11:00 AM (UTC-06:00) Central Time (US & Canada).

Where: Park Manor Elementary School 7037 S Rhodes Ave Chicago, IL 60637

External Email

Much thanks and appreciation for inspiring students on the southside of Chicago at 2023 Career Day.

This Career Day will be like no other you have experienced. The students will have assigned coursework to research and learn more about the Presenter's professional career and the traditional track, focusing on the impact of the role to a company and society as well as the Presenter's career path.

We would like to immerse students in exploring what impact they want to make in life and how that path can be affected and/or influenced by life decisions, including family or current events (9/11, Stock Market Crash, COVID-19, etc).

Presenters will start a session with students by sharing personal experiences, what influenced career decisions and how career decisions were impacted by life decisions (and the opposite).

After the Presenter opening, the student(s) representative will interview the presenter. The interview will conclude with questions from the students (entire class).

Please let me know if you have any questions and thank you for your participation and inspiration.

STEM.

Students are utilizing the brand new lab at Posen-Robbins School District 143-5 where they built a 6-foot Ferris wheel out of "Connect" parts.

"We engineered a zigzag pattern which evenly distributes the stress of the weight of the wheel," a student told CBS 2.

Everybody had a job during the project.

The STEM lab opened to great fanfare in mid-April, after the district got a \$50,000 grant from the state of Illinois.

"I loved it," another student said. "It's just fantastic."

STEM lab CEO Arleeta Bazil says exposing the students to STEM teaches them how to succeed in school and in life.

"It's very critical because you can't become what you don't see," Bazil said. "This is how they learn. They are not the textbook, they're really into this, they're really into the coding, the interactive."

Robots are a fan favorite for the students.

The kids are teaching the adults a thing or two about robots controlled by iPads.

...y were running them and we were said.

...g things, which is evident. And son with District 143-5 said. "It's kids the opportunity to compete,

ents.

The district says finding STEM teachers is still a challenge.

Good afternoon,

Thank you for reaching out and volunteering your time to come to our career day. We will welcome our guests at 8:45am. Please enter through the main entrance on Lamon. You will then be taken to the gym for light refreshments and then will be escorted to a classroom to give your presentation. You will rotate to a few different rooms throughout the 2 hours and give the same presentation. You will be in each room for about 20 minutes. If this is something that works for you we would love to have you.

Our address is 4640 S Lamon Ave. Chicago, IL 60638

Great Morning Kia & Samantha,

I hope this message finds you well! My name is Raleshia Brumfield, and I am reaching out on behalf of CBS Chicago.

Thank you for extending the invitation for CBS to take part in Hearst Elementary's Career Day. We are thrilled by the opportunity, to once more serve in our community.

As a community impact leader and producer at the station, I am happy to represent CBS Chicago

at your event. I understand typically talent, an anchor or reporter, is requested.

I am also working on this element. Due to the spring / summer break season we are a bit limited with talent availability.

I however am happy to bring bags, station pens and “CBS swag”, share a behind the scenes tour opportunity that you and your administration can raffle off gifting to a deserving group of students and parents (up to 10) most importantly, inspiring conversation with your class.

Please let me know if any of this is of interest. If so, please count me in. I will also follow-up on talent prospects (where applicable) very soon.

Thank you again for sharing space with CBS Chicago. Allen, I thank you for connecting us all!

With Gratitude & Appreciation,

Raleshia ~

Immersion

Overview – Immersion Experience

The Immersion Visit runs on Day 2 of the Chicago200 program and helps you gain a deeper understanding of what the challenge; *'How will we make Chicago a city for all?'* means to a specific organization. In this experience, you will have the opportunity to hear from leaders and experts how they are contributing to tackling the challenge and where there are still gaps.

Breakdown

You, participants, will lead this experience.

10:30	Arrival at visit organization	As you travel to the location, ask yourself: <ul style="list-style-type: none">• What are the key questions you want to ask your visit host?• What do you want to achieve and find out from your time there?
10:45	At the visit – please arrive 15 minutes early	We have asked the visit host to spend about 10 minutes introducing themselves, and their organization. For the remaining time you will have the opportunity to understand the work of the organisation and to ask the visit host questions. Make sure you take the opportunity to ask the questions you want to ask and steer the discussion.
12:00	Travel to Venue	On the way back, discuss what you learned within your group and its relation to the challenge.

Notes

CBS Chicago

<https://www.cbsnews.com/>

Overview

WBBM-TV is a television station in Chicago, Illinois, United States, serving as the market's CBS network outlet. Owned and operated by the network's CBS News and Stations division, the station maintains studios on West Washington Street in the Loop district, and its transmitter is located atop the Willis Tower.

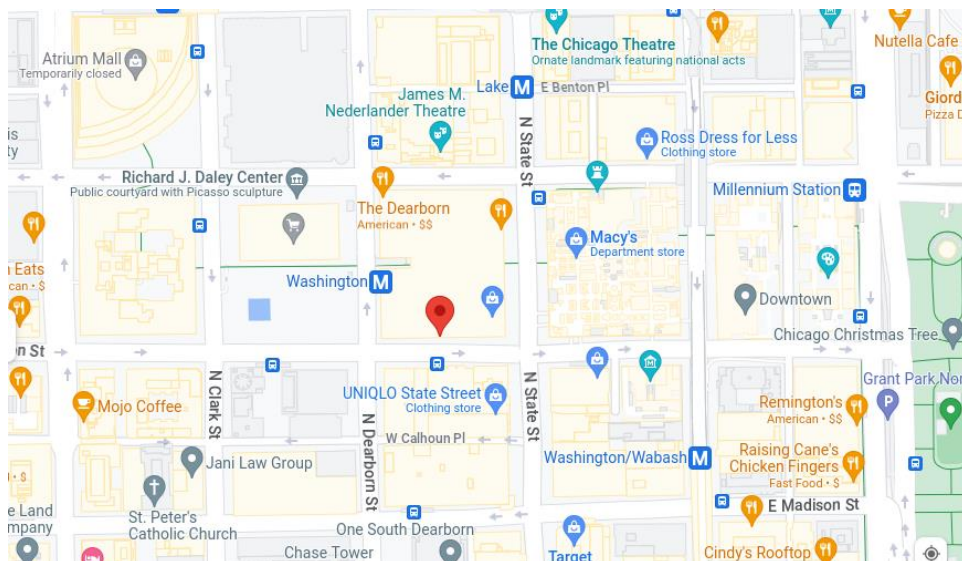

The Experience

You will meet Raleshia C Brumfield, General Manager of CBS 2 Chicago, who will welcome you to CBS. They will introduce themselves, their work in media production, and you will see the space that creates live and printed news. The final portion of the experience is an opportunity for you to ask them about the challenge, *'How will we make Chicago a city for all?'*

Immersion

The Role of a Group Leader

Travel arrangements: Make sure all members of your group have arrived by 10:30am and ready for the Immersion Visit at 10:45am.

Once at the host organization:

- Explain a little about who you are as a group
- Lead group introductions – ask participants to introduce themselves (name/occupation)
- Be prepared to keep the conversation on track and move it along if needed
- Be mindful of the Conventions and ensure everyone is able to participate in the conversation
- Take photos of your immersion visit group with your host if allowed
- Please ensure your host and contributors are thanked for their time.
