NOTICE OF INFORMAL COMPLAINT

August 13, 2014
(THOMPSON) (KITV Network (Me-TV Network))
FCC Case No. 14-C00566468-1

Attached is a copy of an informal complaint naming your company that was recently filed with the Disability Rights Office (DRO) of the Federal Communications Commission. Pursuant to Section 713 of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 613, and Section 79.1 of the Commission's Rules, 47 C.F.R. § 79.1, we direct your company to respond to the complaint. **Your response is due within thirty (30) days of the date of this Notice.**

Your company, as the Multichannel Video Programming Distributor (MVPD), must respond specifically to each matter raised in the complaint and summarize the actions that it has taken to satisfy each such matter. If the programming at issue is reaching you without captions, in responding to the complaint, you have the responsibility to check with the supplying network or program producer before responding to determine that either the material is exempt from the captioning requirements pursuant to one of the categorical exemptions in 47 CFR §79.1(d) or pursuant to an individual petition for exemption filed under 47 CFR §79.1(f).

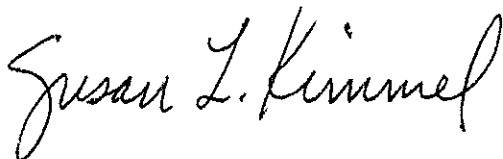

Please provide the complainant's name and the complaint number at the top of your response. A company that receives and responds to informal complaints electronically **must** submit its responses to the Commission via the FCC website using its DRO log-in. If your company does not receive and respond to informal complaints electronically via the FCC website, you must file a hard copy of your response with the Disability Rights Office of the Federal Communications Commission at 445 12th St., SW, Washington, D.C. 20554. Only if you are required to file a hard copy, please also send a courtesy electronic copy of the response to DROinquiries&complaints@fcc.gov which will expedite processing.

You are further directed to send a copy of your response to the complainant at the time that you forward the response to the Commission. To ensure that your response is received by the complainant in an accessible format, please send it pursuant to the preferred format or method of response indicated by the complainant on the complaint form. Finally, your company is directed to retain all records that are or may be pertinent to the allegations raised in each complaint until final Commission disposition of the complaint at issue.

A failure to answer any lawful Commission inquiry is considered a misdemeanor punishable by a fine under Section 409(m) of the Act, 47 U.S.C. § 409(m). Section 503(b)(1)(B) of the Act, 47 U.S.C. § 503(b)(1)(B), provides for the imposition by the Commission of forfeiture penalties against any person who willfully fails to follow the directives of the Act or of a Commission order.

If you have any questions regarding this Notice, please call the DRO inquiries and complaints assistance line at 202-418-7020 or write to DROinquiries&complaints@fcc.gov. To ensure that we can adequately respond to your inquiry, please provide the names of the complainant and your company, the complaint number, and the specific questions that you would like to have answered.

Sincerely,

1. INTRODUCTION

1.1 OVERVIEW

The Consumer Complaint Management System (CCMS) is designed to provide an end-to-end complaint management solution. Within the Federal Communications Commission's (FCC) Consumer & Governmental Affairs Bureau (CGB), Consumer Advocacy and Mediation Specialists (CAMS) are responsible for responding to and processing each complaint. Complaints may be submitted by Consumers using the FCC Internet complaint form, the FCC telephone consumer complaint system, email, fax, or postal mail. In turn, Carriers are able to receive and respond to informal complaints served by the FCC CAMS either electronically on the FCC web site, as well as via fax, email, or postal mail. .

1.2 PURPOSE

The serve process, one functional component of the CCMS end-to-end system, allows Carriers to receive and respond to informal complaints served by the FCC CAMS.

1.3 SCOPE

This document provides Carriers with the procedure to receive and respond electronically to an informal complaint that has been served by the FCC CAMS. It does not provide Carriers with instructions on how to respond via fax, email, or postal mail nor does it provide the FCC CAMS with the procedure on how to serve the informal complaint to the Carrier.

1.4 USER PRIVILEGES

Carriers need a User ID and Password to access, download, and respond to any informal complaints that have been served electronically. The User ID and Password are assigned by the FCC liaison.

2. THE ELECTRONIC COMPLAINT PROCESS

2.1 DESCRIPTION

To better understand the Carrier's role in responding electronically to served informal complaints, the following is an overview of the electronic FCC complaint process.

1. Paper complaints are sorted, scanned, and given an Informal Complaint (IC) number. Basic information about the complaint is inputted into CCMS and associated with the image for processing.
2. The CAMS determine that a complaint is to be served and serve the informal complaint to an identified Carrier or multiple Carriers. The cases, marked for service, are approved by the Supervisor and placed in a queue for regularly scheduled processing.
3. Once the Serve process is run, all cases for paper-based Carriers are printed and sent via postal mail, whereas the cases for web-based Carriers are separated from this process and are processed electronically.
4. CCMS creates a PDF file from the informal complaint data and includes its User Complaint Number (aka IC number), Date Served, Response Due Date, Carrier, Form Type, Consumer Name, and Expected Response Method.
5. When a Carrier has reviewed the informal complaint and is ready to respond electronically, the response file is uploaded through the same web site back to CCMS. The date that the Carrier logs in, downloads, and responds to the informal complaint(s) is recorded.

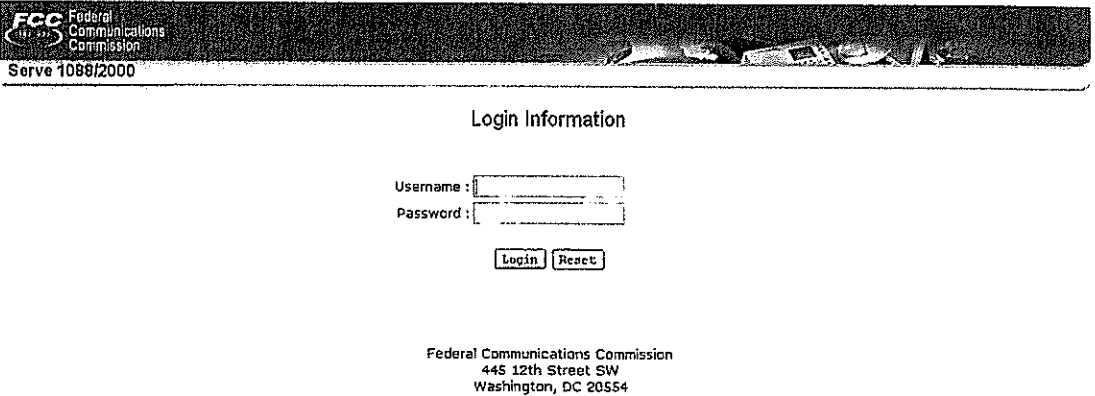

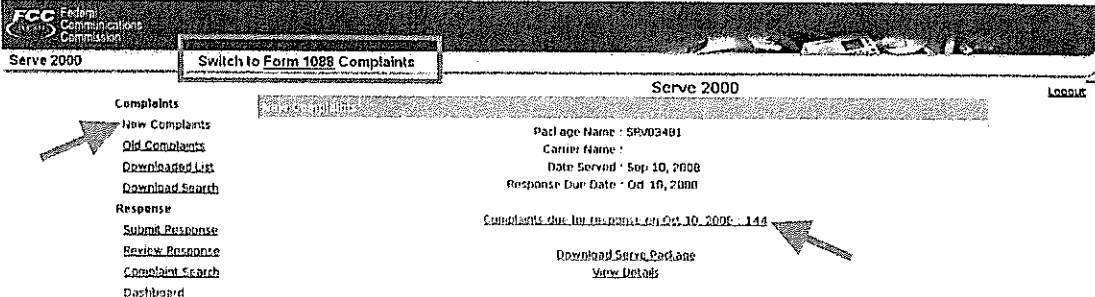

NOTE: See Section 6.3 for a list of supported file types. Any other file types may become corrupted during the PDF conversion process and will need to be resubmitted. Password protected files are not accepted.

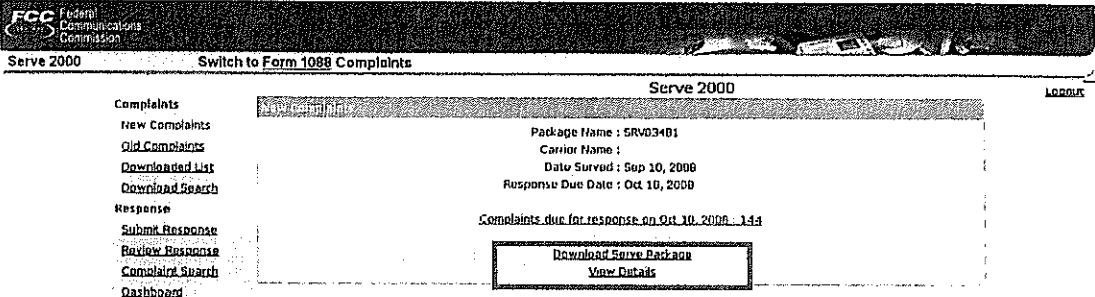

6. The Carrier can also access the web site to search for specific informal complaints that have been served to them, using the Last Name, User Complaint Number (aka IC number), or Date Served.
7. CCMS is scheduled daily to check periodically for any new uploaded responses and associate the responses with the appropriate informal complaint case.
8. The CAMS review the responses and continue processing the complaint.
9. If a submitted response is removed from a complaint, the number of complaints missing responses increases under the Dashboard (see Section 5.1 for further instructions on the Dashboard).

Include the relevant complaint's Carrier Response Cover Page with the response sent to the FCC. Note that electronic-based serve packages do not have Carrier Response Cover Pages. If you have any questions, please contact your FCC POC.

7. TECHNICAL SUPPORT
