

City Council Donations Spot

For Everett City Council Position 6

Why do big money donors from outside of Snohomish County care so much about an Everett City council race?

Over 80% of Scott Bader's contributions come from Everett donors. Less than 20% of his competitors' contributions come from Everett donors. Over 50% of the competitors' contributions come from outside Snohomish County, most of that from Seattle. They've already messed up Seattle and King County enough. Don't let the big donors from Seattle and King County mess up Everett by electing their candidate.

Support the local choice, vote Scott Bader for Everett City Council.
