Programs

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	4/1/19	1:03	Passe Partout	Patients with pancreatic cancer who were overweight or obese before the age of 50 are more likely to die of the disease, according to a new study. Researchers with the American Cancer Society say the increase in pancreatic cancer rates since the turn of the century is associated with more middle-aged Americans gaining excess weight compared with earlier generations.
10	Transportation	10PM	4/2/19	1:55	News 10 at 10	The Smooth Ride Home Program is now in its fifth year. Taxpayers agreed to a two penny tax over a 15 year period for roads, bridges and drainage projects in St. Landry Parish. The parish has already completed 320 miles of roads and will do another 20 this year.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	4/3/19	1:17	Passe Partout	The American Cancer Society says people need to change their behaviors to reduce their cancer risk.
10	Education	5PM	4/3/19	1:00	News 10 at 5	The two biggest names in the college admissions scandal had their day in court. They are accused of falsely recruiting family members to attend certain colleges to receive an education and boosting SAT scores in order to attend certain colleges
10	Health	4:30AM	4/4/19	1:00	Passe Partout	If you want to lower your stress, simply go for a stroll or sit on a park bench. Researchers found people who spent just 20 to 30 minutes enjoying nature at least three times a week significantly reduced their levels of the stress hormone, cortisol.
10	Legal Matters	10PM	4/5/19	1:30	News 10 at 10	A lawsuit was filed today against a Lafayette city-parish council ordinance aimed at fixing the Home Rule Charter amendment.
10	Health	5PM	4/8/19	1:30	News 10 at 5	More debate on when women should be screened for breast cancer and how often. New guidelines from the American College of Physicians say average-risk women between age 50 and 74 should get mammograms every other year. The new guidelines don't apply to patients with prior abnormal screening results or to women at high risk for breast cancer.
10	Transportation	10PM	4/9/19	1:45	News 10 at 10	We updated the progress being made on the Apollo Road extension in Scott. The extension will help with traffic flow and economic development in the area.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Government	6PM	4/10/19	1:00	News 10 at 6	Louisiana's income forecasting panel dislodged months of gridlock, moving to recognize dollars that could help the Legislature craft a formal budget. House Speaker Taylor Barras, a New Iberia Republican, joined the other three members of the Revenue Estimating Conference in voting to recognize an additional \$110 million in general fund dollars this year and another \$119 million for next year.
10	Consumer Issues	4:30AM	4/10/19	1:30	Passe Partout	The American Academy of Pediatrics is calling on the Consumer Product Safety Commission to immediately recall the Fisher-Price Rock 'n Play Sleeper. It's been tied to 32 sleep-related infant deaths. The AAP is warning parents to stop using the sleeper now.
10	Health	4:30AM	4/11/19	1:06	Passe Partout	Stress related disorders may increase the risk of cardiovascular disease. These disorders are often triggered after a person suffers a trauma or a life event such as the death of a loved one or a natural disaster.
10	Health	10PM	4/15/19	1:45	News 10 at 10	There is a new mechanism being used at the Rehab Center at Iberia Medical Center to help stroke patients get back on their feet.
10	Health	4:30AM	4/16/19	1:01	Passe Partout	Millions of Americans are prescribed statins to manage high cholesterol. But research in the journal "Heart" tracked 165,000 patients and found that after two years on statins, half of them had still failed to reach healthy cholesterol levels
10	Health	4:30AM	4/17/19	1:07	Passe Partout	Researchers found that offering more ultrasounds in late pregnancy could prevent thousands of emergency c-sections and as many as eight baby deaths a year.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	5PM	4/18/19	1:30	News 10 at 5	Habits can influence our behavior. They can be leveraged for positive change and also hold back progress.
10	Health	4:30AM	4/22/19	1:11	Passe Partout	A new study suggests the rates of cancer patients using marijuana to manage their pain have increased in recent years. Doctors at the University of California San Diego say people with cancer were also more than twice as likely to use prescription opioids than people without cancer.
10	Health	10PM	4/22/19	1:30	News 10 at 10	An Acadiana boy living with Asperger Syndrome is paving the way for a unique style of learning, virtual school.
10	Health	4:30AM	4/23/19	1:00	Passe Partout	A common diabetes drug appears to help maintain weight-loss in the long term. Researchers found patients who were given metformin had greater success at maintaining their weight loss six to 15 years later, compared to patients who were given a placebo.
10	Transportation	10PM	4/23	1:30	News 10 at 10	The DOTD is rebuilding Berard Street/ LA 31 in Breaux Bridge from LA 94/ Mills Avenue to Bridge Street. The road will be rebuilt and drainage improvements will also be made along the one mile route. The project cost is around \$1.6 million.
10	Health	4:30AM	4/24/19	1:09	Passe Partout	The FDA has approved the marketing of the first medical device to treat ADHD in children. The system will be available by prescription to kids ages 7 to 12 years old who do not currently take prescribed medication for the disorder. It works by delivering a low-level electrical pulse into the nervous system through a patch on a child's forehead.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	4/26/19	1:15	Passe Partout	People under stress sometimes overindulge on comfort foods, high in sugar and fat. But researchers have discovered eating a high calorie diet while under stress results in more weight gain than eating the same diet while stress-free.
10	Health	10PM	4/29/19	1:40	News 10 at 10	In a report, we explained the signs and symptoms of a heart attack.
10	Health	4:30AM	4/30/19	1:00	Passe Partout	Women with advanced stage breast cancer have better chances of survival if they undergo 8 cycles of chemotherapy back to back, rather than getting a break in the middle.
10	Health	4:30AM	5/1/19	1:07	Passe Partout	A study of postmenopausal women found that quitting smoking significantly reduced their risk of bladder cancer. Researchers in Indiana say the biggest reduction in risk happened in the first 10 years after quitting.
10	Health	4:30AM	5/2/19	1:03	Passe Partout	Researchers have discovered a link between premature births and kidney disease later. After looking at data on millions of births in Sweden, they found preterm birth was associated with a nearly twofold increased risk of chronic kidney disease into adulthood.
10	Health	4:30AM	5/3/19	1:12	Passe Partout	A less-invasive mastectomy that preserves the surface of the breast seems to be a safe option for more breast cancer patients including those whose cancer has spread to nearby lymph nodes. That's the findings of a new Mayo Clinic study.
10	Consumer Issues	10PM	5/3/19	2:30	News 10 at 10	One Acadiana mom is warning everyone to be on the lookout for a travel agent who duped her child out of money for senior trip.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	5/6/19	1:02	Passe Partout	Researchers in Europe say heart patients who are more physically fit may have healthier brain function, including stronger memory. Doctors say heart failure patients who walk further in six-minute tests are much less likely to have cognitive issues.
10	Consumer Issues	5PM	5/6/19	1:30	News 10 at 5	Consumer Reports tested different sun screens to see which one the safest product is.
10	Transportation	10PM	5/7/19	1:30	News 10 at 10	The DOTD is spending \$1.26 million to put down new pavement on 8 and-a-half miles of LA 82 from LA 330 to LA 333. The work is preventative maintenance meant to extend the life of the road for another 10 to 20 years. The road is actually in pretty good shape now, so some feel this is a waste of money.
10	Health	4:30AM	5/8/19	1:14	Passe Partout	The percentage of American adults with alcoholic fatty liver disease has remained stable over the last fourteen years. But the Jama study found a significant increase in the percentage of Americans with the more severe form of the disease. Researchers say that's concerning because the disease can progress to cirrhosis, liver cancer and death.
10	Legal Matters	10PM	5/8/19	1:15	News 10 at 10	The Lafayette Consolidated Government is in court to defend against a lawsuit claiming the newly approved charter amendment can't be fixed by an ordinance.
10	Health	4:30AM	5/9/19	1:02	Passe Partout	A new study links diabetes to an increased risk for numerous types of cancer.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	5/10/19	1:00	Passe Partout	A study shows more than a quarter of people who regularly meditate have had unpleasant psychological experiences related to the practice, including feelings of fear and distorted emotions.
10	Health	10PM	5/13/19	1:30	News 10 at 10	May is skin cancer awareness month. One in five Americans will develop skin cancer by age 70. In a report, we explain the signs to look out for.
10	Health	4:30AM	5/14/19	1:02	Passe Partout	Researchers in London say a new risk calculator for pregnant women with epilepsy can help save lives. Women with epilepsy are ten times more likely to die in pregnancy than women without the condition, with seizures the main cause of death.
10	Education	10PM	5/14/19	1:00	News 10 at 10	Parents of North Street Elementary and Jeanerette Elementary are fighting to keep the two Iberia Parish schools open. Students attend those schools to get a good education.
10	Health	5PM	5/15/19	1:30	News 10 at 5	New research shows a low-fat diet can lower a woman's risk of getting breast cancer and dying from the disease.
10	Health	4:30AM	5/16/19	1:15	Passe Partout	A new study recommends that frail, older patients who are diagnosed with advanced cancers like stomach and esophagus should receive less chemotherapy. British researchers say the approach is an effective way to control the disease and will lead to fewer side effects.
10	Economy	6PM	5/16/19	1:30	News 10 at 6	Parker Drilling is having a job fair. The company is looking to fill over 100 positions. In light of the job fair, we talked about the state of the oil and gas industry in Acadiana.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	5/17/19	1:04	Passe Partout	Scientists in the UK have discovered a DNA mutation linked to breathing problems in some dog breeds. They say their findings could someday lead to genetic tests that could help identify animals at risk.
10	Health	4:30AM	5/20/19	1:08	Passe Partout	A new study examining sleep-related infant deaths over the past ten years, found that although car seats are a safe way to transport children, they should not be used as a crib or basinet. Doctors said sleeping children should always be removed upon arrival at a destination and placed on their backs on a firm flat surface with no bedding.
10	Health	10PM	5/20/19	1:30	News 10 at 10	May is national better speech and hearing month. We are raising awareness about Aphasia.
10	Education	10PM	5/21/19	1:30	News 10 at 10	We talked about the summer educational programs being offered at The Boys & Girls Clubs of Acadiana.
10	Health	4:30AM	5/22/19	1:11	Passe Partout	A new study published in the European Heart Journal suggests women are less likely than men to be resuscitated after suffering a cardiac arrest. Experts say part of the reason is bystanders fail to recognize when women who collapse are in need of help.
10	Legal Matters	5PM	5/22/19	1:45	News 10 at 5	The “Fix the Charter” debate will head back to Lafayette District Court. A local attorney has filed an appeal.
10	Education	10PM	5/22/19	1:45	News 10 at 10	The Iberia Parish School Board decided to close two schools in the parish. Upset parents whose children got educated at the two schools voiced their concerns.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	5/23/19	1:05	Passe Partout	A new study finds women perform better on math and verbal tasks when the temperature is warmer, but men perform better when the temperature is cooler.
10	Transportation	10PM	5/28/19	1:45	News 10 at 10	The four lanes on Verot School Road are now open, but the project still isn't done yet. The DOTD tells us what work is left to do. The project will help with traffic flow in and around Lafayette.
10	Health	5PM	5/30/9	1:30	News 10 at 5	Tomorrow, the FDA will hold the first public hearing on a plan to legalize CBD in food and drinks. CBD comes from plants in the cannabis family, but unlike marijuana it won't make you high.
10	Health	5PM	5/31/19	1:30	News 10 at 5	We explained what Hypertrophic Cardiomyopathy is and how people can live with the disease.
10	Transportation	10PM	6/4/19	1:40	News 10 at 10	The DOTD is spending \$3.7 million to overlay six miles of LA 92 from LA 700 to LA 343 Richfield Road. The work is being done because the pavement is in such poor condition.
10	Consumer Issues	10PM	6/4/19	1:45	News 10 at 10	One Acadiana woman says she was a victim of an employment scam. We explained what you should do in order not to be targeted by scammers.
10	Health	4:30AM	6/7/19	1:01	Passe Partout	There's a link between eating high fiber during pregnancy and a decreased risk of celiac disease in children.
10	Legal Matters	10PM	6/7/19	1:15	News 10 at 10	The production of industrial hemp and the sale of CBD is now legal in Louisiana, but the new law didn't come without much controversy.
10	Health	5PM	6/10/19	1:30	News 10 at 5	There's new relief for chronic allergy sufferers. Doctors are using a kind of cryotherapy to freeze nerves in the nose.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	6/11/19	1:04	Passe Partout	New research finds a connection between exposure to artificial light at night with increased risk of weight gain in women. Federal researchers say sleeping with a light or a television on, is associated with gaining about 11 pounds compared to sleeping with no artificial light.
10	Health	4:30AM	6/12/19	1:00	Passe Partout	A new study shows obese women are more likely to have obese children if they are overweight before conception. British researchers suggest pre-pregnancy intervention planning to support women with weight issues.
10	Health	5PM	6/13/19	1:15	News 10 at 5	We explore when being a picky eater becomes a medical condition.
10	Health	4:30AM	6/14/19	1:07	Passe Partout	A new study concludes that excess weight and body fat cause cardiovascular disease, rather than just being associated with it. Researchers in Sweden studied 96 genetic variants that have to do with BMI and body fat. They found as body mass index increases, so does the risk for a number of heart and blood vessel diseases.
10	Consumer Issues	6PM	6/14/19	1:15	News 10 at 6	Hurricane Season is here. Experts are reminding homeowners to be careful when choosing a contractor after a major storm.
10	Health	4:30AM	6/17/19	1:01	Passe Partout	New research finds personal care products send a young child to the emergency room an average of every two hours. The study found most injuries from these products including nail polish remover, shampoo, and lotion occurred when a child swallowed the product or when the product irritated the child's eyes or skin.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	10PM	6/17/19	1:30	News 10 at 10	Assistance dogs can help with a variety of health matters. For one man living with a genetic disorder, the dog is his new best friend
10	Health	4:30AM	6/18/19	1:04	Passe Partout	A new study shows that an antibody in breast milk helps preterm babies fight a deadly intestinal disease.
10	Transportation	10PM	6/18/19	2:10	News 10 at 10	The Estherwood Pontoon Bridge on LA 91 has been closed since mid-May and will be closed until the end of June for bridge repairs. It has been closed many times over the past five years and some residents want it to be replaced. The detours appear to be about 25 minutes out of the way.
10	Education	10PM	6/19/19	2:10	News 10 at 10	In a report, we introduced one of the Pay It Forward College Scholarship recipients. He is living with a health condition, but he didn't let it stand in the way of academic success.
10	Health	4:30AM	6/20/19	1:06	Passe Partout	London researchers find people who are obese from childhood through middle age are more than twice as likely to have difficulty with daily tasks by the time they are 50 years old.
10	Health	4:30AM	6/21/19	1:09	Passe Partout	New research finds one in three cancer survivors suffers from chronic pain. The pain is linked to prior cancer treatment and impacts nearly five and a half million Americans. Chronic pain has been linked to higher health care costs and a lower quality of life.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	4:30AM	6/24/19	1:07	Passe Partout	A new study says caregivers should make nutrition the priority for home patients. Researchers in Wisconsin followed 1500 home health patients for 90 days. Their findings show that when home health patients at risk for malnutrition received a comprehensive nutrition care plan their chances of being hospitalized were significantly reduced.
10	Transportation	10PM	6/24/19	1:15	News 10 at 10	The DOTD will remove and replace the Bayou Des Cannes Bridge on LA 104 for \$5 million. The project is expected to be completed in February 2020. No traffic will be allowed through and detours will be in effect.
10	Health	4:30AM	6/25/19	1:03	Passe Partout	A study published in the Journal of the American College of Cardiology warns that women under 50 who smoke face the highest risk of a major heart attack. Smoking leads to increased risk for all ages and genders, but doctors say smokers can significantly reduce their risk just a month after quitting.
10	Health	4:30AM	6/26/19	1:03	Passe Partout	Researchers at the University of Alabama have identified a brain enzyme that could be a future target to battle Alzheimer's disease and other dementias. The discovery could lead to new drug treatments before cognitive function starts to decline.
10	Health	4:30AM	6/27/19	1:06	Passe Partout	A new study shows the vaccination program against the human papilloma virus is helping reduce infections and precancerous cervical lesions.

Quarterly Issues and Program List

Channel	Issue	Time	Date	Duration	Title of Program	Narrative Description
10	Health	10PM	6/27/19	1:30	News 10 at 10	Lowering the cost of health care is already one of the central issues in 2020 election campaigns, and lawmakers are eager to show progress on lowering the cost of being sick.
10	Health	10PM	6/28/19	1:30	News 10 at 5	Leaving anyone in the car when it's hot outside is extremely dangerous. We looked at the potential health effects it will have on children.
