Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Coolest Places on Earth is a children's program for a 13 - 16 year of target group that shows some of the most gorgeous places on earth. It explains how they came to be, when to see them best, and thankfully, the natural laws behind their unique existence. The optics of Italy's Blue Grotto are explained as is the origin of Ngoronga Crater, and the Mayan mysteries of Machu Picchu. But although a great amount of information is passed along, it is never pedantic. The information shared, important to the development of the 13-16 year old target group, comes in a light narrative-the conversation tone of an awed friend.
