Health		See Attached Invoices	Diabetes Prevention-Prediabetes Test	See Attached Invoices	See Attached Invoices	60	It takes less than one minute to find out if you may have pre-diabetes. You can do it here, but you probably won't. You're busy. Kids, work, your show coming back in 48 seconds, so let's do this now. Hold up one finger if you're a man. Women zero. Three more fingers if you're over 60, two over 50 and one over 40. Are you physically active? If you're not sure, keep in mind you're sitting on a couch right now, so one more finger if you're not very active. One finger if anyone in your family has diabetes. One finger if you have high blood pressure. And, that's it. If you're holding up five fingers or more, you're probably have prediabetes. Sorry to be so blunt, but hey, you're busy. Just go to the site.
		See Attached Invoices	Tobacco Free-Apartment	See Attached Invoices	See Attached Invoices	30	VO: Even if no one in your home smokes, secondhand smoke can be closer than you think. Secondhand smoke from a neighbor's apartment can enter your home through air vents through light fixtures, and even through cracks in the walls and the floors. Secondhand smoke is toxic, especially to children. Protect your family. Call or visit the Nebraska Tobacco Outline

		See Attached Invoices	Tobacco Free-Roosevelt	See Attached Invoices	See Attached Invoices	30	My name is Roosevelt. I always thought that cigarette smoking just messed up your lungs. I never thought that at only 45 it would give me a heart attack. I never thought that it would stop me from playing basketball with my kids. Never thought that it would give me a scar like this. And I never thought that it would change my life forever. My tip is, do your heart a favor and quit now. You can quit. For free help, call or visit the Nebraska Tobacco Quitline.
Education		See Attached Invoices	NSEA-Ashley	See Attached Invoices	See Attached Invoices	30	Helping kids find their passion is the reason why I teach. They all have unique gifts that if you just develop those gifts, they can be great contributors to society. Teaching is the most important job there is. Anyone who is successful, they are successful because a teacher inspired them. You're kind of the quiet hero. The invisible hero. I have a passion to make our community a better place. That's why I teach. Nebraska Public School teachers. Giving every student the opportunity to learn and succeed.
		See Attached Invoices	NSEA-Brooke	See Attached Invoices	See Attached Invoices	30	One thing that I've learned really early on in teaching is that you're essentially training the next generation of the state's workforce. The job you do now is laying the foundation for people that might be your doctor in the future. It might be the person that comes in and does repair work at your house. And so if we have done our jobs right, they can make the best decisions for themselves and their families, and give back to their community. Nebraska Public School teachers-giving every student the opportunity to learn and succeed

	Law Enforcement/Crime Prevention	See Attached Invoices	DHS-Protect Your Every Day	See Attached Invoices	See Attached Invoices	60	I'm a firefighter. A Teacher. A Farmer. I'm a barber. A waitress. A mom. We're all part of your community. Every day we move in and out of each other's busy lives. It's easy to take for granted all the little moments that make up our every day. Some are good, others not so much, but that's life. It's when you experience a moment of uncertainty. Something or someone's behavior that doesn't seem quite right. These are the moments to take a pause because if something doesn't feel right, it's probably not. It's not about paranoia or being afraid. It's about standing up and protecting our communities, one detail at a time. Because a lot of details can become a pattern. We trust our instincts, just like you should because only you know what's not supposed to be in your every day. So protect your every day. If you see something suspicious, say something to local authorities.
		See Attached Invoices	Project Extra Mile-No Free Ride	See Attached Invoices	See Attached Invoices	30	Video of man walking into a bar and buying beer. 	Children/Youth/Family	See Attached Invoices	Bullying-Ben's Story	See Attached Invoices	See Attached Invoices	60	Everything starts out small. The things that hurt us. They all start from somewhere. The words we say, the things we do. That can grow into something else. What was small and innocent can become big and sometimes scary. All it takes is one comment, one picture, one video for something to catch fire. But a big problem doesn't need a big response. Not at first. Even if we don't know what to say, the eye emoji can be that first step we take. Let's all pledge to take that first small step together and change the world in a big way. I am a witness and so are you.

	Environment	See Attached Invoices	Arbor Day Foundation-Clean Water	See Attached Invoices	See Attached Invoices	60	<p>More than 180 million Americans rely on drinking water that originates in forests often hundreds of miles away. Those trees capture snow and rain, replenish rivers and streams and keep our water pure. Without these trees, many would be without fresh, clean drinking water. But on average, we lose 7 million acres of forest trees a year to fire alone. These trees must be replanted so your glass can be refilled. The Arbor Day Foundation asks for your help in replanting our national forests. For the water we drink and the air we breathe. For the natural beauty that inspires us, the outdoor recreation that brings us together and for those with whom we share this planet.
