We're all part of your community. Every day we move in and out of each other's busy lives. It's easy to take for granted all the little moments that make up our every day. Some are good, others not so much, but that's life. It's when you experience a moment of uncertainty. Something or someone's behavior that doesn't seem quite right. These are the moments to take a pause because if something doesn't feel right, it's probably not. It's not about paranoia or being afraid. It's about standing up and protecting our communities, one detail at a time. Because a lot of details can become a pattern. We trust our instincts, just like you should because only you know what's not supposed to be in your every day. So protect your every day. If you see something suspicious, say something to local authorities.

No longer needed? That can't be right. Because, remember those jobs you were looking for? Those are really needed. And they're the stuff inside your stuff. Our job is to unlock those jobs and it starts when you donate your stuff to your local Goodwill. Here's how we do it. When you donate to Goodwill, we sell your stuff to provide job training for people right here in your community. So just by teaming up with Goodwill, you help create jobs, and isn't that worth parting with the leftover keytar from your 80's cover band? Goodwill, donate stuff, create jobs.</p>
