Believe in something, buy shares in it, watch it grow. So, what if you could invest in the future? The future of kids. Like a stock. Not the kind of stock that's about making money, but a stock for social change. A whole new kind of investment called better futures. When you invest, it helps kids go to college. I could be one of the first college graduates from my family. The first philanthropist from my neighborhood. And if I'm the first, maybe there's a second, an a third. 	Entertainment/Recreation	See Attached Invoices	EAR 8076 Out and About-Haymarket & Railyard	See Attached Invoices	See Attached Invoices	:60	<p>I'm out and about in downtown Lincoln where I spoke with the director of the Visitor's Bureau, Jeff Maul, about how the hotels and the restaurants have to share the same area since the opening of the Pinnacle Bank Arena. What we noticed this year with state high school basketball was a lot of people walk right by the Railyard. They didn't know the Railyard. They didn't know what Jack and June or Buffalo Wings and Rings truly was. Where did they end up going? They ended up going to where they were familiar with because they've been in Lincoln for so many years. Then, on the other side, you look at concerts. You walk out of a concert or you're getting ready to go into a concert, you want that hot spot. You want something right there, so you can look at your watch and go 'we can still be in there in a half hour'. At the end of the concert, you want to kind of keep that buzz going, that energy. You're going to walk to your nearest watering hole and a place to grab food. So the Railyard is right there so I think there's something for everybody and every audience that comes to Lincoln</p>

Get involved with local law enforcement to help keep your neighborhood safe. If we don't have that neighborhood watch looking out for each other, we in law enforcement are unable to do our job. We can't do it by ourselves. We have to have the neighborhood involved. There aren't enough police in the world to protect everyone from crime. Citizens must become involved in helping prevent crime. That's why celebrate safe communities is all important--because we want to encourage people working in their communities to help prevent crime. 	Infrastructure	See Attached Invoices	EAR 8071 Out and About-Convention Center	See Attached Invoices	See Attached Invoices	:60	<p>I'm out and about in Lincoln where I spoke with Executive Director of the Visitor's Bureau, Jeff Maul, about the plans for a Pinnacle Bank Arena Convention Center. Bank when Pinnacle Bank Arena and the facilities in the west Haymarket were being discussed, there was a lot of discussion about do we need an event facility like Pinnacle Bank Arena was built as, of did you have to build an attached convention center? At the time, there was a lot of research being done and a lot of studies being done to look at the pros and cons of both facilities. What kept coming back time and time again from Conventions Sports and Leisure, which was an organization based out of Minnesota, and a lot of market research was, the demand and the need for an arena facility was stronger than a convention center facility. Because back at the time, there was convention centers being built across the country and those that were being built were being underutilized by the market segments. There was a lot of discussions, I don't ever recall that there was something set it stone saying 'yes, Lincoln', we are going to build a convention center.</p>

	Infrastructure	See Attached Invoices	EAR 8067 Out and About-Parking Garages	See Attached Invoices	See Attached Invoices	:60	Krystal here, I'm out and about in Lincoln where I spoke with Parking Manager Wayne Mixdorf about the new parking garages in the downtown area. We opened the first garage, Red 1, on August 1 st . And of course the official opening for the arena was the end of August. But that is only the first of three garages that are associated with the arena. What we're calling Deck 3 right now, will be opening in July of 2014. And Deck 2 will be opening towards the end of August in 2014. The three garages, when they're constructed, will have about 2600 parking spaces. So the rest of it is in the surface parking, which is to the north of the arena.
	Transportation	See Attached Invoices	EAR 8068 Out and About-Park & Go	See Attached Invoices	See Attached Invoices	:60	Krystal here, I'm out and about in Lincoln where I spoke with Wayne Mixdorf, the parking manager of the city about the options people have for downtown parking. Anytime you bring 15,000 people into a small area for an event like a men's basketball game or a concert, there's always going to be a little bit more conflict. We manage that by online purchasing of parking, which people can do from the homepage, would be able to directly click on the picture of the Pinnacle Bank Arena. And that would take you to the site page for purchasing your parking. Scroll down the list of events, choose the event that you wanted, and then it would describe where the available parking is and the cost.
