	Employment/Jobs	See Attached Invoices	Teacher Recruitment "Anthem"	See Attached Invoices	See Attached Invoices	:60	I'm a teacher. Let me tell you what I make. I make learning a privilege, not a chore. And frustration, a tool. Not an obstacle. I make working hard seem easy and giving up impossible. I make an old subject feel like a fresh thought an unconventional methods common. I'm a teacher. I make more. Teach.
		See Attached Invoices	Year Up "Atypical"	See Attached Invoices	See Attached Invoices	:60	A woman goes through a work interview, giving unorthodox answers to interview questions. She gets the job, only to disappear mid-handshake with the interviewer. "Please have a seat. I'll be honest, your resume is not what I'm used to." "I know." "OK, so what would you bring to my company?" "What do you need?" "I need a hard worker." "Good. I've got two part-time jobs and I help my parents pay the bills." "I need problem solving skills." "I got through high school without a car, a phone, or a computer." "No college degree though?" "Not yet, but life's taught me a lot, and I'm ready for more." "Well, you're not the typical type of candidate I hire, but you are exactly what I'm looking for." "Your company could be missing out on the candidates it needs most. 		See Attached Invoices	Walk to Defeat ALS "Frozen in Time"	See Attached Invoices	See Attached Invoices	:60	Shoes suspended in various positions as if they being worn. While they do not move, other people can be seen moving in the background. In the final shot, a running shoe is actually being worn and tied by someone, who then goes on a walk. "If you slowly lost the ability to walk, what would you remember about your final steps? Where you were? Who you were with? Or how you wish you had the strength to take one more step with someone you cared about? Victims of ALS loose the power to use their legs, hold someone close, and simply say 'I love you' before losing the ability to breath. Most often they remain aware and alert to the world around them. As their bodies gradually shut down and die. Join the ALS Association's Walk to Defeat ALS and help us find treatments and a cure for Lou Gehrig's disease. Find a walk near you at <a href="http://WalkToDefeatALS.org">WalkToDefeatALS.org</a> .
		See Attached Invoices	March of Dimes " Sounds of Pertussis"	See Attached Invoices	See Attached Invoices	:60	Parents who lost a child to Pertussis and actress Sarah Michelle Gellar talk about their experience with the disease and its vaccine "A healthy baby is a mom's first priority. And for infants like baby Carter, who are too young to receive their full vaccinations, a highly contagious disease like pertussis or whooping cough are a serious risk." "It all happened so fast. We thought it was just a little cold. By the time we saw the doctor, pertussis had already made him too weak to breath. We lost our seven week old son to this disease nine day later. Today, we know a simple adult vaccine can help stop the spread of pertussis. And that is peace of mind for all of us." "I've had a lot of exciting things happen in my life, but they all take a back seat to the birth of my two amazing children. That's why I not only made sure that I was vaccinated against pertussis, but I also asked my immediate family to get vaccinated as well." "The risk of this disease is real. Ask your health care provider about the best time for a pertussis vaccination. Learn more at <a href="http://soundsofpertussis.com">soundsofpertussis.com</a> " Text: America is experiencing a resurgence of pertussis. More cases have been reported in the last 10 years than in the prior 40 years combined.

	Education	See Attached Invoices	Hispanic Scholarship Fund "Adam Rodriguez"	See Attached Invoices	See Attached Invoices	:30	Adam Rodriguez speaks about the future of Hispanic children and the Hispanic Scholarship Fund. "Today, one out of every four American kids is Hispanic. That means many of the future doctors who will care for us, engineers who will build our cities, scientists and entrepreneurs of our country can be your kids. We all know how hard it is for you to send them to college. This is why we want you to know you are not alone, and everyday more people support you to make it happen. Many support you, and the Hispanic Scholarship Fund helps you prepare, plan, and pay for your kid's college education. Learn more at HSF.net.
		See Attached Invoices	NSEA "Closer Look"	See Attached Invoices	See Attached Invoices	:30	Announcer: When you take a closer look at successful communities in Nebraska, they all have something in common. Their public school teachers and local business leaders work together. When that happens, kids learn the connection between school and work. That builds a strong work force, which helps leads to a strong local economy and that's good for all of us. When teachers and business leaders work together, great things happen in our Nebraska communities. Good schools are indeed good for business.
		See Attached Invoices	College Fund "Invest"	See Attached Invoices	See Attached Invoices	:60	I'm only 17, but I know about investing. Believe in something, buy shares in it, watch it grow. So, what if you could invest in the future? The future of kids. Like a stock. Not the kind of stock that's about making money, but a stock for social change. A whole new kind of investment called better futures. When you invest, it helps kids go to college. I could be one of the first college graduates from my family. The first philanthropist from my neighborhood. And if I'm the first, maybe there's a second, an a third. Believe in us, invest in us, watch us grow. My name is Sydney and I'm your dividend.
