Program administered by

Take The **PATH** to Better Health

***A fun,
interactive
workshop that
helps
participants
improve their
health and feel
better.***

What is PATH?

PATH (Personal Action Towards Health) helps to provide the skills and tools needed by people living with chronic health conditions to improve their health and manage their symptoms. As a result, people are better equipped to face the daily challenges of living with a chronic condition. Two trained leaders conduct the workshop (one or both may have a lifelong health condition).

Testimonial

"The people start to interact and ask questions of each other, giving each other tips on how and where to find answers to their questions. They don't want the workshop to end!" *Alberta, Participant*

What's In It For You?

Learn how to:

- Deal with the challenges of not feeling well
- Talk to healthcare workers and family members
- Overcome stress and relax
- Increase your energy
- Handle everyday activities more easily
- Stay Independent
