1st Quarter 2018

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county

Biblical Insights

Biblical Insights is a live call in show. Various local pastor's in our listening area host the show to answer theological, spiritual and social questions from callers throughout the country with the goal of educating people on God's word and challenging them to grow in a deeper relationship with Christ through studying his word and seeking His wisdom for their lives.

Biblical Insights is broadcasted each Monday and Friday at 5:00pm CST and runs 58 minutes long and most commonly covers issues regarding Spiritual Growth, Family & Marriage through answering questions related to these topics.

Saturday Morning Kid's Show

Two hours of story time for children is provided to teach about spiritual and social things children can understand. This is used as an alternative to Saturday morning television, with little or no educational value, aimed at children.

Programming starts at 7am CST on Saturdays and shows include: Praise club workshop, Paws & Tales, Bible News Network, Praise Club Workshop and Adventures in Odyssey which cover issues related to children like the benefit of sharing, loving one another and loving God.

Battleground

Battleground is a live, 25 minute show dedicated to reaching out to the community through a short devotional message and a time of intercessory prayer. The devotional time is dedicated to encouraging and strengthening believers through the word of God. It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer

It is our desire to lift up prayer requests from people of all races and religions in an effort to those who don't have Jesus Christ as their personal savior.

Prayer requests are received any time day or night through people e-mailing us at battleground@calvaryradionetwork.com or by calling the station toll free at 866-303-9457 and dialing the special battleground extension number 203. Requests are taken by staff members during normal business hours and any time there is staff present at the studios.

Battleground is broadcast weekdays at 10:00am CST with various pastors from around the nation and covers a wide variety of issues due to prayer requests that stem from family & marriage to the economy & unemployment to youth and children to spiritual growth and more.

Issues in Education

Issues in Education is an interview show exploring issues with Christianity in schools, education, and intellectual thought. It's hosted by Bob and Geri Boyd with a goal of educating and informing listeners of things going on in schools and in the world that they may not be aware of as well as challenging people to get involved in their community.

Issues in Education is broadcasted at 3:30 pm Sundays .

The Following Programs for this Quarter Include

Side A: 12/31/2017

Trial by Fire

 **1552**

The great US Senate Chaplain [Peter Marshall Sr](#) gave a fiery sermon, *Trial By Fire* that shook the nation. As Elijah challenged Israel, Peter Marshall challenged Americans in the mid 1940's to choose between following Christ or Ba'al. Many Americans live in a moral fog that knows no absolutes but a confused grey. What does America stand for to those who have sacrificed so much in war? Is this nation worth dying for? If we no longer follow the Lord, stop pretending to be a Christian nation. Without God, we can't move mountains but stumble over molehills. America will be governed by God or ruled by tyrants.

Side B: 1/7/2018

God's Creative Genius

 **1553**

God's creative Genius is seen in His design of the ear, the eye, the heart, and the brain that all show Intelligent Design for a purpose. Yet evolutionists says there's no purpose but random accidents. [Dr David Menton](#), teacher at *Answers in Genesis*, gives fascinating details of how sound waves are converted from airwaves to chemicals in the brain. God created age in Adam, in trees and starlight at creation. Cut of [Pastor Chuck Smith](#) on how the shape of seeds propels them to spread away from the tree. How water in coconuts enables them to plant and not be killed by the saltwater. Design proves a Designer.

Side A: 1/14/2018

Powerful Testimonies on Life pt 1

 **1554**

Killing babies is not just a political issue- it is a *human rights* issue. With a pro-life President, the abortion holocaust is close to ending. [Gianna Jessin](#), who survived an abortion, is a voice from God telling us that we're killing His babies. [Dr Bernard Nathanson](#), author of *The Hand of God*, was the infamous abortionist who operated the largest abortion mill in the world, killing over 75,000 babies including his own son. He tells how they used words, like calling baby killing simply a woman's choice or reproductive health, which helped make abortion legal. It's called *partial birth abortion*, but it is really infanticide.

Side B: 1/21/2018

Powerful Testimonies on Life pt 2

 **1555**

Can you imagine the owner of the abortion clinic coming into *your child's school* to teach children sex ed? The abortion clinic owner, [Carol Everett](#), author of *Blood Money*, said that's exactly what she did, because it increased her abortion business. Her clinic prescribed birth control pills they knew would enable girls to become pregnant. Carol Everett, who was responsible for the deaths of over 35,000 babies, tells the truth about sex ed. *Planned Parenthood* counselors have degenerated into telling children to experiment with deviant sexual behavior. Anyone with kids in school needs to hear this fascinating program.

Side A: 1/28/2018

In The Name of Jesus pt 1

 **1556**

Christians are punished in the military for having Christian beliefs. Col Leland Bohannon was denied promotion to General for his views on same sex marriage. Former Chaplain Dr [Gordon Klingenschmitt](#), author of [How to Liberate the World in 30 Days - A Step by Step Guide to Take Back Your Country](#), was court martialled for praying *in Jesus name*, but he fought back and with millions of petitions sent to Congress he got the Navy to rescind their bad policy. Klingenschmitt said, "Religious freedom is the cause I would die for!" God is giving us culture-changing victories by winning the culture war for Christ.

Side B: 2/4/2018

In The Name of Jesus pt 2

1557

Obama promoted homosexuality in the military to try to change our culture and with that came persecution of Christians. Former Chaplain [Gordon Klingenschmitt](#), author of [How to Liberate the World in 30 Days - A Step by Step Guide to Take Back Your Country](#), tells how chaplains in hospitals, police departments and before city councils have had their prayers censored, but with public pressure overturned. A nationwide movement to restore religious liberty has been organized to enable Christians to take back our country. The culture war is a spiritual war that's all about God and His Commandments

Side A: 2/11/2018

Great Christian Revivals pt 1

1558

Great Christian revivals have transformed the lives of people and nations. The First Great Awakening led to America's independence from Britain. [Daniel Norris](#), the author of [Trail of Fire - True Stories From Ten of the Most Powerful Moves of God](#), vividly describes how Jonathan Edward's sermon, "Sinners in the Hands of An Angry God" began a nationwide revival that changed our destiny. Revival means sinners see themselves from God's perspective and understand the awfulness and repugnance of Sin to a Holy God. Revival brings eternity to mind as people see themselves in hell or by God's grace, heaven.

Side B: 2/18/2018

Great Christian Revivals pt 2

1559

When the Holy Spirit of God ignites a revival, people and nations change dramatically! [Daniel Norris](#), the author of [Trail of Fire - True Stories From Ten of the Most Powerful Moves of God](#), vividly describes the Cape Colony South African revival with Pastor Andrew Murray; the 2nd Great Awakening with Charles Finney, that led to a great revival that spread worldwide. What's the difference between holiness and legalism? Great revivals have resulted in entire cities shutting down businesses for prayer meetings. The impact of revival is astounding. Revival is God's remedy for a morally and spiritually sick nation

Side A: 2/25/2018

The Great Commission

1560

We are witnessing the greatest mass exodus of young people from the Christian faith in our history, as only 4% of this current generation are Christians. They don't know why God blesses or curses nations. [Kevin Swanson](#), author of [Taking The World for Jesus - The Remarkable Story of the Greatest Commission](#), is the director of *Generations*, said, "Kingdoms rise and fall but the Kingdom of God lasts forever. The blood of Christian martyrs is the seed for new saints." The mighty Roman Empire opposed Christ and collapsed. Belief in Christ has forever changed the world. We pray for America to have a great revival.

Side B: 3/4/2018

God's Gift - The Animals

1561

What lessons can we learn from animals? Look at God's infinite thought, love and design in creating lovable, furry cats, faithful dogs, and elephants. Animals have instinct but also can think, such as the dog that led goats and deer away from the raging Cal fires. Chaplin [Austin Miles](#), a ringmaster in the circus for 50 years, tells poignant stories such as the circus elephant that showed love for a small injured dog. How an elephant blocked the ring that stopping a stampede of elephants into the crowd. He tells a tear-jerking story of an old, shaggy dog that was once a circus-performing dog but was left behind.

Side A: 3/11/2018

Miraculous Survival At Sea part 1

1562

In 1945, [Edgar Harrell](#), was on the *USS Indianapolis* that delivered the components for the atomic bombs that won WWII but was sunk by a Japanese submarine. Blown up at midnight, he jumped for his life into the oil soaked, murky-black, freezing water! Hundreds of men died, some instantly, some later. Listen to this harrowing experience. For 4 ½ days, he desperately tried to stay alive as others perished. Although he was exhausted, dehydrated and very cold, he had a peace only Christ can give. He saw his buddies being eaten alive by sharks, but he said, "God's Presence gave me great strength to persevere."

How did [Edgar Harrell](#), author of [Out Of The Depths -A Survivor's Story of the Sinking of the Indianapolis](#), survive for 4 ½ days when almost all the others didn't? His ship was blown up at midnight, and he jumped for his life into the pitch-black oil-soaked water, without any hope for survival. No food or water, no hope or help except that God gave him the *will to survive*. He said, "I came face to face with horrors beyond imagination, but an **ineffable peace** enveloped me and gave me hope, courage and strength to survive when others gave up and died. He saw sharks eating his buddies, but he kept his faith!

What can be done to prevent school massacres? The killing of 17 innocent students in Parkland, FL was used by liberals to call for gun control. **Andrew Pollack and Darrell Scott** who lost their precious children give passionate pleas for action. What's the real solution? [Rick Deighton](#), author of [More Than Conquerors in Cultural Clashes](#), says violence in our schools is a consequence of eliminating values, instead of instilling Godly character and purity. Life is cheap when kids learn mankind is simply an evolved animal. Without God, there's no conscience development. They want the peace of Christ without Christ.

Friends and Neighbors

Friends and Neighbors is a weekly 15 minute interview show, hosted by Tonya Mandich, specifically directed to address the issues in the community of broadcast. Interviews, with guests from different companies, community groups and non-profit organizations, are intended to educate & inspire discussion about the various issues and address the problems and concerns from people within the community.

Friends And Neighbors is aired Saturdays at 6:00pm CST and Sundays at 6:00am CST

Guest: Diane Nenes

Date: 01/06, 01/07/2018

Issue/s Addressed: Public Health : Hearing Preservation Program

According to the National Center for Health Statistics, hearing loss is a growing health issue among young adults and older Americans, affecting more than 48 million people nationwide. In fact, it's become the third most prevalent health challenge after heart disease and arthritis. To help us better understand the issue of hearing loss and what we can do to prevent it, we invited Diane Nenes, Audiologist with Hi Health Innovations, one of the leading most organizations in the country to speak about the facts regarding hearing loss, and the dangers of this issue.

Guest: Sally Pacholok

Date: 01/13, 01/14/2018

Issue/s Addressed: Public Health: Vitamin B 12 Deficiency Program

Experts say, Vitamin B12 is critical for life, as well as good health. Recent studies show approximately 40 percent of the U.S. population is low on B12. Sally Pacholok, Registered Nurse and Co-author of "Could It Be B12" says a growing number of people are incurring severe injuries due to what seems to be an "epidemic of misdiagnosis" of B12 deficiencies.

To inform us about the importance of B12 to the healthy functioning of our bodies, as well as help people connect the dots who may be suffering from the result of a B12 deficiency, Sally shares her personal experiences, coupled with her professional encounters with patients that have resulted in a passion to help others get the help they need.

In the second part of this interview with Sally Pacholok, we discuss possible genetic predispositions to a B12 related deficiency, how to be screened, and specific cases where people were treated for a B12 deficiency and recovered from life-threatening conditions. For more information about B12 go to www.b12awareness.org, or look up their book "Could It Be B12: An Epidemic of Misdiagnosis".

Issues Addressed: Public Health: Substance Abuse Program Pt 1

According to 2013 National statistics, teen drug abuse of some kind is reported among 50% of High School students, 15% of junior high students reporting having used marijuana, and sharply rising to 43% among senior high students.

As of 2013, 64% of kids are reporting having used prescription pain killers given to them from a friend or family members and 60% of teens report they have bought, sold, or used drugs at school.

Alcohol use continues to be the leading cause of death for kids between the age of 15 and 20 due to auto crashes, homicides, and suicides. Beatrice Owen, Director of the Porter County Substance Abuse Council shares her professional, as well as personal experience with the issue of substance abuse.

We discussed the most prevalent drug problems with teen life in Porter County, the problems that keep parents in the dark about the realities of substance abuse in the lives of our children. She explains how the Substance Abuse Council can help.

Paula Dranger, Owner of Choices of Counseling and chairperson with the Substance Abuse Counsel also joins us to share what she's learned about substance abuse through her professional experiences in treating substance abuse through counseling.

She explains how families typically are experiencing the negative effects of substance abuse, and what they need to do to get help through professional treatment options.
