Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many America

125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption.
Removing unused, unwanted or expired opioid medications from the home is a key strategy in addressing the opioid crisis in the United States. The information included in these FDA PSAs will act as a call to action to encourage consumers to dispose of these medications.
This PSA informs the audience about the need for ethnically diverse blood stem cell donors. The message highlights the need for Hispanic and Latino donors, and the unique opportunity to save someone's life. It encourages viewers to visit the website to learn more.
The CDC created this public service announcement as part of its national educational effort Beat Blood Poisoning... aimed at emphasizing the importance of early identification of blood poisoning and the timely treatment...as well as the importance of prevention.
Inspire adults to go after diplomas, dreams -- and more. Adults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.
The CDC created this public service announcement as part of their education effort National, Become Aware of Antibiotics, which aims to raise awareness among health care providers, patients and their families about resistance to antibiotics and the importance of using them correctly.
We hope you will communicate to your viewers a valuable breast cancer information and education resource by airing the new Public Service Announcement (PSA) titled "One In Eight Women" (: 30, : 15). In this PSA, Cinthia González shares how breast cancer is diagnosed.
"Not Just Words" Public Service Television Announcements (: 60 and : 30) Public service television announcements titled "Not Just Words," available in English and Spanish, demonstrate the signs and symptoms of gynecologic cancer. The announcer encourages women to get regular checkups.
It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them prepare.
An impactful/emotional/moving/poignant new public service announcement (PSA) campaign, by Somos Una Voz, a charitable services fund at the Entertainment Industry Foundation, a 501(c)(3) charity, highlights the critical need for aid in areas of Puerto Rico.
PSA about organ donation
AZA's campaign to support the preservation and care of wild animals highlights the value of zoos and aquariums, as well as the critical role their employees play. They are highly competent and dedicated to promoting the cause. While the campaign will continue, it is important to support the cause.
For children battling a critical illness, a wish is more than just a dream. It can be a turning point in their lives. Wishes can give kids the strength to fight, to get better ... to grow up. And, it can help families focus on the possibilities of tomorrow.
The PSAs titled "Community Garden" were produced by CDC's Screen for Life: The National Campaign for Action Against Colorectal Cancer. They use animation and overlapping storytelling to address misconceptions about colorectal cancer and screening, such as the importance of regular checkups.
DAV is a nonprofit charity that provides a lifetime of support for veterans of all generations and their families, helping more than 1 million veterans in positive, life-changing ways each year. With nearly 1,300 chapters and more than 1 million members, DAV is committed to helping veterans and their families.
Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.
Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.
Educates viewers about their fair housing rights. When people are aware of their rights and how housing discrimination happens, they can take action and report it.
PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.
Educates viewers about their fair housing rights. When people are aware of their rights and how housing discrimination happens, they can take action and report it.
This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories of adoption.
PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.
The PSAs — which are directed towards men between the ages of 21 and 35 — inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your doctor for help, you're not alone.
Project Roadblock is a multiplatform drunk driving prevention campaign exclusive to local broadcast television stations and is the largest annual station-supported initiative of a single PSA campaign. Sponsored by TVB, the U.S. Department of Transportation.

The purpose of the PSA is to help viewers understand just how essential our National Forests are and that replanting is urgently needed to ensure they continue to thrive.
Make the Connection PSA's "Turn Hope Into Action" lets families, friends and Veterans themselves know that mental health treatment works and recovery is possible.

125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption.
Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.
Educates viewers about their fair housing rights. When people are aware of their rights and how housing discrimination happens, they can take action and report it.
PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.
This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming options.
The PSAs — which are directed towards men between the ages of 21 and 35 —inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask yourself if you're ready to drive, you're not ready.
New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of outdoor recreation.
The purpose of the PSA is to help viewers understand just how essential our National Forests are and that replanting is urgently needed to ensure they continue to thrive.
Make the Connection PSA's "Turn Hope Into Action" lets families, friends and Veterans themselves know that mental health treatment works and recovery is possible.

Child Car Safety: Make Sure Kids Are In The Right Car Seat: Motor vehicle crashes are a leading cause of death for children under 13. PSA's tell parents how their love for their children extends to car safety. This means knowing the right seat for the child and how to properly install it.
Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range.
This new public service announcement from the Department of Homeland Security offers information about the importance of informing the authorities of any suspicious activity. The PSA communicates the key message "If you see something say something."
Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to life the concept of "wrap-around" services.
Over 5 million Americans live with Alzheimer's, but less than half are diagnosed. Acknowledging why your loved one is acting differently is hard, but early detection and care can make a difference in managing the disease. Help families start the conversation.
Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans have prediabetes.
125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption.
Removing unused, unwanted or expired opioid medications from the home is a key strategy in addressing the opioid crisis in the United States. The information included in these FDA PSAs will act as a call to action to encourage consumers to dispose of these medications properly.
This PSA informs the audience about the need for ethnically diverse blood stem cell donors. The message highlights the need for Hispanic and Latino donors, and the unique opportunity to save someone's life. It encourages viewers to visit the website to learn more.
The CDC created this public service announcement as part of its national educational effort Beat Blood Poisoning... aimed at emphasizing the importance of early identification of blood poisoning and the timely treatment...as well as the importance of prevention.
Inspire adults to go after diplomas, dreams -- and moreAdults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.
