This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories.
The PSAs — which are directed towards men between the ages of 21 and 35 —inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your doctor for help, you're not alone.
Make the Connection PSA's "Turn Hope Into Action" lets families, friends and Veterans themselves know that mental health treatment works and recovery is possible.
Child Car Safety: Make Sure Kids Are In The Right Car Seat: Motor vehicle crashes are a leading cause of death for children under 13. PSA's tell parents how their love for their children extends to car safety. This means knowing the right seat for the right child.
Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range.
