Responsive Programming Efforts on Entercom Austin Stations:

1. Station Sponsorships & PSAs Community events sponsored in part or in whole by KAMX, KKMJ and/or KJCE, and Public Service Announcements provided for free in order to increase public awareness on community topics and events.
2. Public Affairs Program "Inside Austin" Locally produced one-hour program featuring discussions with in-studio guests, focusing on a variety of problems and issues of concern to community residents of Austin and Central Texas.

Sponsorships, Community Involvement, and Other initiatives Third Quarter, 2020

All Together ATX – In the wake of the coronavirus pandemic and its monumental impact on Austin’s entertainment scene, restaurants, and other industries, Mix 94.7, Majic 95.5, HOT 95.9, and Talk 1370 teamed up with other Austin-area media outlets to support All Together ATX – a community-led philanthropic fund led by the Austin Community Foundation and the United Way for Greater Austin. More than \$2.2 million donated by Austinites through the effort was distributed to 70 local non-profit organizations to help them meet the unique challenges of operating through the pandemic.

Mask Up For All Of Us – As the City of Austin and Central Texas began to re-open some businesses in the wake of the ongoing pandemic, Entercom Austin’s stations participated in an effort from the Greater Austin Chamber of Commerce encouraging people to wear face coverings to help prevent the spread of COVID-19.

Breast Cancer Resource Center’s Virtual Telethon and Fundraiser – Majic 95.5 lent promotional support for the Breast Cancer Resource Center’s 2020 fundraiser. Afternoon host Juliet volunteered her time to act as an emcee for this event on September 12, while the fundraiser received promotion across all of Majic 95.5’s platforms. More than \$230,000 was raised to support the free services that Breast Cancer Resource Center provides to anyone in Central Texas affected by breast cancer.

I’m Listening – September marks Suicide Prevention Awareness Month, and Entercom’s year-round “I’m Listening” mental health initiative culminates in this annual two-hour commercial free broadcast, aiming to bring together artists, athletes, and medical specialists to raise awareness and end the stigma of talking about mental health. The broadcast, which aired on September 23, aimed to poignantly address mental health through the lens of the global pandemic, the fight for racial equality, among other issues facing the country today.
