

WRSE-FM, Elmhurst, IL

Quarterly Issues Programs List - WRSE-FM
First Quarter 2021 (January 1 - March 31, 2021)

Section I. Issues

- **Public Service Campaign** - WRSE aired public service announcements to spread awareness of issues such as COVID-19 and resources such as the March of Dimes and National Fair Housing Alliance.
- **Vocalo** - Mornings With Bekoe airing on Vocalo is a showcase of local Chicago culture. RnB, Hip Hop, along with local news and interviews.
- **Deutsche Welle** - Programming from Deutsche Welle covers environmental issues and human impact on the world, as well as social issues from around the world.

Section II. Responsive Programs

- **Public Service Campaign** - WRSE aired PSA's provided by the National Association of Broadcasters twice an hour each day. These announcements included information to lessen the spread of the Covid-19 virus within the community - through social distancing and general hygiene. As well as COVID-19 PSAs, WRSE also ran announcements to notify the public of resources available to them. The March of Dimes and National Fair Housing Alliance are two organizations highlighted by the campaign. The March of Dimes focuses on bringing awareness to good health for pregnant women and fetuses.

- **Vocalo** - Airing Monday-Friday at 9am-12pm, Mornings with Bekoe is a show containing news, music, and discussions on daily Chicago happenings. Interviews and music are Chicago-centric, providing community members with a chance to see the city for the perspective of people on the ground.
- **Deutsche Welle** - Programs from Deutsche Welle include Science Unscripted, World in Progress, and Living Planet. These 3 programs air in a 1 hour 3 minute block from 10am to 11:30am on Saturdays. Science Unscripted is a science news show that informs the listener of new studies and developments in the scientific world. World in Progress showcases global news through the lens of the interconnected causes and effects these news stories contain. Living Planet is an educational radio show aiming to inform the listener about environmental aspects of the world.
