Re: Notice of Reduced Power Operation
 Radio Station KMPC(AM)
 Facility ID # 61647
 Los Angeles, CA
 FRN 0016908238

Dear Ms. Dortch:

On behalf of P&Y Broadcasting Corporation, licensee of radio station KMPC(AM), Los Angeles, California, notice is given, pursuant to Section 73.1560(d) of the Commission's Rules, that KMPC has been operating with reduced power since July 30, 2018, following an equipment malfunction. It is currently operating with 10 kW with a non-directional pattern. The station's engineers need to reach out to the transmitter manufacturer for assistance. It is not known at this time when repairs can be completed.

If the licensee cannot make repairs to attain full licensed operating parameters by August 29, 2018, it will request special temporary authority to operate at reduced power.

Respectfully submitted,

Melodie A. Virtue
