

## Issues Programs List

### Quarterly Issues Programs List

Station: KKWN, KWNC, KYSP

April 1, 2023 through June 30, 2023

### Section I. Issues

The stations have identified the following topics as significant issues facing our community in this quarter:

- A. **WHY DON'T MORE SCHOOLS TEACH FINANCIAL LITERACY:** The graduation rate in Washington is just above 80% so 1 in 5 high school students are facing a future without a diploma and 40% of all high school students receive no basic personal finance education.
- B. **THE ALLURE OF THE FOUR-DAY WORK WEEK:** The Wenatchee area labor force is expanding after the shrinking labor pool brought on by the COVID pandemic. As employers try to lure employees back to work, are workers weighing the desirability of more days off vs. other long-term drawbacks to a shorter work week. Wenatchee area employers still have many unfilled positions.
- C. **BRIDGING THE GAP FOR LOW-INCOME FAMILIES:** The poverty rate in Chelan County is just over 8% while the Douglas County rate matches the statewide level of 10%. The region relies on a network of local agencies to working together to address food insecurity, and other challenges brought on by the economy.
- D. **DON'T LET AN INJURY KEEP YOU FROM PLAYING PICKLEBALL** The game of pickleball was invented in Washington State and was proclaimed the official state sport recently. There is an explosion of pickleball courts being constructed at public facilities in our area as the sport is fast becoming America's favorite pastime for all ages. What are the safest ways to enjoy the social sport of pickleball and stay in the game.
- E. **GENDER BIAS IN HEALTHCARE:** Studies from the 2000s showed that physicians dismissed women's pain as inexplicable because they refused to believe the complaints; some physicians even blamed the female patients for their pain. Many believe there is a widespread problem in our healthcare system that disproportionately affect women.

### Section II. Responsive Programs

Townsquare Media endeavors to serve the needs of our community by airing programming responsive to the issues affecting our listening audience.

KKWN, KWNC and KYSP began broadcasting Viewpoints Radio and Radio Health Journal the first weekend in May 2023 and continued to broadcast the program on the days and times listed below. These programs address issues identified as significant in our communities of interest and other topics. A description is found in the following pages.
