**RE: PROGRAM CONTENT**

To Whom It May Concern:

The purpose of this letter is to provide television stations with certified documentation that the producers of *Rescue Heroes* series design the program to educate and inform children 13- 16 years of age.

Litton Entertainment is the producer of *Rescue Heroes* series. This is a live action, half-hour television program designed to meet the educational and informational needs of children.

*Rescue Heroes* showcases the stories of men and women braving natural disasters with one goal: to rescue the victims and help restore their lives. Hosted by meteorologist, Ginger Zee, *Rescue Heroes* will guide viewers through fascinating weather events while delivering unique takeaways into the causes of many kinds of disasters, as well as how we can properly prepare for them, and collectively overcome them. Each week, viewers will witness first-hand the worst of nature but the best of humanity. *Rescue Heroes* will take audiences on a journey where they'll experience recent natural disasters such as hurricanes, tornadoes, wild fires, and floods. Teen viewers will learn more about the causes and science behind these events, while witnessing the heroic efforts of first responders across the nation.

In order for parents, children, and listing services to clearly identify the programs as ones that fulfill the FCC programming requirements that meet children's educational television needs, each episode is closed-captioned and contains an E/I icon for the duration of the program with the recommended parental rating icon – typically, if not always, TV-G. Additionally, this E/I programming includes Video Description, which provides enhanced detail of the program's visual content and allows the program to be more accessible to a wide range of viewers including those with learning disabilities, autism, and visual impairments.

Sincerely,

Dave Morgan
