

Statement regarding political ads we receive from Learfield Network:

When it comes to orders such as this one from Learfield Radio Networks, we are NOT alerted to any political buys on the network until they send us the logs for the next week.

At that point, we log in to the Learfield Network website, download the orders and political forms, and then we immediately upload the information to our FCC Website.

The Network has stated that they are under no obligation to give us the information any more often than once per week when they send us the next week's logs, so we have no choice but to follow the procedures stated above.

We have then done everything that we possibly can to upload the Network's political buys to our website immediately upon finding out about them.
