I called in late yesterday with a monthly commitment and told the young lady that I was going to make a one time donation as well. I had planned on stopping by to see everyone and make a cash donation, however my lunch hour was spent picking up my dog's ashes from the funeral home. :-(

I am not sure if when I made my monthly donation commitment if she added to the total of my one time that I told her I was giving. I just didn't want it to be added twice that's why I am reaching out to you.

I absolutely love HOPE FM and all the staff! I am a true hard core listener. The music is uplifting and always speaks to my heart. I sometimes wonder how HOPE FM knew I needed that message or song :-) God certainly speaks to me through HOPE FM. Thank you for your ministry!

Much love,
Sheri Sparks
