## Panama City, FL Quarterly Issues/Programs List First Quarter, 2020 04/16/2019 WEBZ

Quarterly Issues/Programs List

WEBZ provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

Trends in popular culture and politics

Foreign policy and politics

Environmental policy

Florida history

Florida economic policy

**Black History Month** 

Heart Health

Healthcare policy and Presidential politics

Healthcare and Coronavirus

Coronavirus and the economy

# Section I LOCAL PROGRAMMING

Section I lists regularly-scheduled and special programs that represent the station's issue-responsive programming providing the most significant treatment of the issues listed above for the calendar quarter.

| ISSUE  | PROGRAM<br>/ TITLE | DESCRIPTION   | GUEST   | DATE/TIME              | DURATION   |
|--|--------------------|---|---|------------------------|------------|
| Trends in pop-<br>culture and<br>politics for 2020 | Roundtable         | Yaffee: Yaffee updates the latest news out of the state of Florida.  10 minutes  W/Gerald Celente: talks about his background and how he became publisher of the trends journal. Goes over some of his political forecasts, saying Trump will win because the Democrats have no one to beat him. Also sees the continued rise of independent movements outside of the political parties that could lead to more direct democracy.  30 minutes | Gerald Celente:<br>Publisher of Trends<br>Journal | January 5,<br>2020 8PM | 60 minutes |

|                                |                       | W/Gerald Celente: talks about the coming "greatest depression". Forecasts the economy will continue to do well in the short run but take a downturn in the next few years. It will be a global depression, brought on by a lot of debt. Also says real estate will have peaked in 2020 and is only being kept |                                  |                         |            |
|--------------------------------|-----------------------|---|----------------------------------|-------------------------|------------|
|                                |                       | alive by low interest rates. Also predicts a rise in high fashion and elegance in pop culture.  10 minutes  W/Gerald Celente: Talks about the future of   |                                  |                         |            |
|                                |                       | technology. Believes 5G will bring damaging health effects. Also there will be a continued increase in depression because of the increase dependency in technology. There will be a lot of positives too, and technology will move very   |                                  |                         |            |
| Politics and<br>Foreign Policy | Florida<br>Roundtable | fast in the next decade.  10 minutes  Yaffee: Yaffee updates the latest news out of the state of  |                                  | January 12,<br>2020 8PM | 60 minutes |
|                                |                       | Florida.  10 minutes  W/Rubin: Gives his analysis   | Israel and Middle<br>East expert |                         |            |
|                                |                       | on the situation in Iraq and Iran. Believes Trump made the right move in killing Solemani and does not think Iran will respond in any damaging way. Gives the background of Solemani and why it was important to take him out. Talks about the time he was attacked by  |                                  |                         |            |
|                                |                       | Palestinian terrorists in<br>Israel. Also mentions his<br>charity which helps victims<br>of terrorism.  |                                  |                         |            |

|                 |            | energy and economic                   |                            |             |            |
|-----------------|------------|---------------------------------------|----------------------------|-------------|------------|
|                 |            | expansion. Explains how               |                            |             |            |
|                 |            | some of the changes would             |                            |             |            |
|                 |            | have to be implemented by             |                            |             |            |
|                 |            | Congress, not just the                |                            |             |            |
|                 |            | executive branch.                     |                            |             |            |
|                 |            |                                       |                            |             |            |
|                 |            | 10                                    |                            |             |            |

|   |                       | W/Dr. Dietz: Talks about the important of sleep not only to help prevent heart disease but also for a person's overall health. Gives some advice on how a person can get better sleep, which includes limiting caffeine and keeping a proper routine. Also talks about where people can find more information on MedExpress.  |   |                      |            |
| Healthcare policy and Presidential Politics | Florida<br>Roundtable | Yaffee: Yaffee updates the latest news out of the state of Florida.  10 minutes  W/Phil Kerpen: Discusses how the AARP is supporting a bill in congress that would implement price controls for prescription drugs. He talks about that bill would be a bad reform for the industry and have the opposite effect than was intended. Discusses what reforms would actually help lower prices which include competition and rebate reform.  30 minutes  W/Phil Kerpen: Discusses how there are reforms that could reduce the cost to develop new prescription drugs. Reforms include new technology but also regulatory reform. Also talks about why importing drugs from other countries is really not a solution to lower prices.  10 minutes | Phil Kerpen: President of American Commitment | March 1,<br>2020 8PM | 60 minutes |

| Coronavirus information  Roundtable latest news out of the state of Florida.  10 minutes  W/Michael Jackson: Discusses the Florida Pharmacy Association and how became involved with the organization. Talks about how there needs to be reform in the Pharmacy Benefit Managers (PBM). Explains how the purpose of PBMs changed over time and their current actions can sometimes create more confusion and raise prices. Says there needs to be more transparency.  30 minutes  W/Chad Sanborn: Discusses some important information about the Coronavirus. Talks about how this novel coronavirus is more aggressive and dangerous than other viruses. Also talks about why China had such a hard time containing the outbreak at first and what we can learn from their situation. Also discusses some of the common symptoms of this virus.  10   |                |            | , <del></del>                   |                  | ū.       |            |
