An Amplified Salute

Distinct Grace formed in 2013, after a group of guys combined their love of music and wanting to give back to the troops. As of April 2014, Distinct Grace incorporated as a 501 C Non-Profit Organization, we are known as Distinct Grace Inc. to the state of GA! They are a band centered on making music and donating time and money to Veteran's Organizations like Still Serving Veterans, Desert Angels, Veterans Heart GA, American Widow Project and Operation 300.

On Saturday, July 30th, Distinct Grace is hosting "An Amplified Salute" benefitting several veterans groups. Chuck and Chris from Distinct Grace came by to talk about the beneficiaries and promote the event.

Dawsonville Kare for Kids

KARE for Kids, Inc is a 501c3 non-profit organization that provides for children in Dawson County. Our organization depends on the generosity of Dawson County and the tireless work of its volunteers. All that is asked of the volunteers is to have a big heart and a true compassion for children. They are all stretched very thin, so KARE members welcome all available volunteers with open arms.

Simply Stated, KARE takes care of our children by addressing their needs. KARE uses the funds they raise to provide necessities to the children of Dawson County. Among some of the items KARE has purchased over the years are: winter coat, shoes, clothing, medicine, eye glasses, list of items required for boot camp, educational resources, summer school fees, toys, etc. With the exception of Christmas, these needs must come to KARE in the form of a referral from the school or other agency. For information on becoming a volunteer, please e-mail us or come to a meeting.

In January 1993, a group of seven individuals sat at a table in the Dawsonville Pool Room to discuss forming an organization to pick up the efforts of the local Jaycee chapter's Empty Stocking Fund. These concerned citizens agreed first on the mission of the organization and secondly on the name of the organization. The mission- to help children in Dawson County- has never changed but grown stronger each year. In 2003, the group was asked by another organization in California to cease using the name StarBright Foundation, Inc. Their charity held the national trademark for that name and both groups had similar missions. What should the new name be? The Board took the question to the Elementary schools and asked the children. From their suggestions, the name KARE for Kids, Inc. (Kids Are Really Equal) was decided upon and the mission continued.

The 49th Annual Mountain Moonshine Festival - October 21 - 23, 2016

The Mountain Moonshine Festival explores Dawson County's history during Prohibition and the Great Depression when running moonshine through the foothills of the Northeast Georgia mountains was a way of life. Thousands of tourists flock to the birthplace of NASCAR racing to hear about storied legends like Lloyd Seay, Roy Hall, Raymond Parks, and Gober Sosebee. These men loved the thrill of being chased through the hills. Bring the family and visit an old

moonshine still; listen to stories from both "Trippers" and Revenuers. Visit the Car Show, Cruise-In, and Swap Meet held at the Georgia Racing Hall of Fame and see the largest collection of vintage race cars and authentic moonshine-hauling cars, and meet legendary race car drivers. As you stroll around the square in downtown Dawsonville you will enjoy live entertainment from various artists and a large array of vendors - something for everyone!

We spoke with David McKee about the Moonshine Festival in Dawsonville and the foundation Dawsonville Kare for Kids, which puts on the festival.

Dentistry for Children

Dentistry for Children is committed to providing the highest quality of care for each and every patient we serve. Our reputation has been forged on our dedication to excellent service, highly trained staff of dental health experts and the compassion we show to each and every patient. We provide a professional and caring environment, outfitted with the latest dental innovations, allowing us to offer the maximum capacity of care to our patients.

At Dentistry for Children, we are the pediatric specialists that parents trust and pediatricians recommend. Our patient base varies greatly, as we provide excellent treatment to infants, children, adolescents, teens and those with special needs. Our dedication to progress motivates us to grow to better accommodate our community at every opportunity. With locations all over the Atlanta area, we've got an office in your neighborhood!

Our offices feature not only the best in dental support staff, but also a highly trained team of doctors who have specialized in the field pediatric dentistry. The dental needs of each child can vary greatly, and our responsibility to oral health mandates that our doctors are ready to address those individual needs with the utmost skill. In addition to a traditional dental degree, our pediatric specialists complete two to three additional years of rigorous training. You can trust that your child is receiving the highest level of skill, education and experience at Dentistry for Children.

We spoke with Dr. Lisa Shilman. The doctors at Dentistry for Children want to make sure that the kids have a positive experience for life. They encourage parents to come to the back and be there for the kid so that they can experience that first visit together.

Goddard School- Complexity of Education

The Goddard School approach is based on widely accepted childhood development and brain-based learning research that clearly indicates the deepest, most genuine learning occurs for children through play and fun activities. Goddard fosters the cognitive and social development of each child through fun activities that are lovingly guided by highly trained teachers.

Representatives of the Goddard School came in to discuss the complexities of education and the importance of a community approach to a child's learning. Parental involvement in the process and developing a relationship with your child's educators was first and foremost in the discussion.

Half Price Books

Waste not, read a lot.

That one simple philosophy is the inspiration behind the country's largest family-owned bookstore chain. But we do more than just read a lot: We buy and sell new and used books, music, movies, games, electronic devices and collectibles in more than 120 stores and growing. Half Price Books has been dedicated to literacy and environmental initiatives since 1972. We give back to the community by supporting hundreds of worthy projects, including the Million Book Donation Project and the Half Pint Library Book Drive.

We spoke with Tony Warmus and Pam Kirby, owners of Half Price Books. They talk about their initiatives for Literacy month and all the things Half Price Books would do for the month to give back to the community.

Many Rivers to Cross Festival

Many Rivers to Cross is a unique festival that featured musical acts, actors, etc. The festival took place in Chattahoochee Hills outside of Atlanta, GA. It was a two day event that was filled with entertainment. The event was put on by Harry Belafonte and the organization Sankofa.org. Sankofa is a social justice organization founded by Harry Belafonte that enlists the support of today's most celebrated artists and influential individuals in collaboration with grassroots partners to elevate the voices of the disenfranchised and promote justice, peace, and equality. Harry Belafonte put together this event to provide quality entertainment to everyone. He made the event affordable to anyone who wanted to attend and see great music and live entertainment. We spoke with Leon who works directly under Mr. Belafonte. Our discussion revolved around the purpose of this event, which was to bring together all different types of people from different walks of life.

This was a Social Justice Music and Arts festival. The goal was to forget about world problems and just have a good time.

Pool to School

As Georgia grows, so do its traffic congestion and air quality challenges. Addressing these challenges requires a full-range of strategies—from strategic investments in new transportation supply to demand management strategies that ensure we are making the most efficient use of our transportation investments.

Georgia Commute Options works under contract with Georgia's DOT to deploy a suite of cost-effective demand management programs and services to Georgia employers, commuters and schools.

Georgia Commute Options and its partners offer assistance to more than 1,600 employers to design and implement commute options programs that make business sense; protect public health; offer targeted incentives to commuters and employers; provide Smog Alert notifications;

and work with elementary, middle and high schools to protect children from harmful pollution and empower children to take a positive role in reducing traffic and cleaning the air.

On today's show we highlighted the Pool to School Program. Much like Georgia Commute Options other carpool initiatives, Pool to School offers incentives and a community communication tool to find a pool school in your area. They also encouraged contacting your local school to see if they might join the program.

Two Day Walk For Breast Cancer

Do the 2! Join the Atlanta 2-Day Walk and be a part of the fight against breast cancer. This 30 mile, 2-Day Walk is the flagship event of It's The Journey, Inc., and consists of a 20 mile walk on Saturday and a 10 mile walk on Sunday. In 13 years, the Atlanta 2-Day Walk for Breast Cancer has raised \$12 million to fund 271 grants that provide breast cancer education, screening, early detection, support services, and continuing care for Georgians.

It's The Journey, Inc. -- producer of the Atlanta 2-Day Walk for Breast Cancer -- is a local organization founded 13 years ago by a breast cancer survivor, Randi Passoff. When the Avon 3-Day Breast Cancer Walk pulled out of Atlanta in 2002, Randi, a long time walker, decided that Atlanta needed a fundraising event wherein all of the funds stayed local to support Georgia breast cancer patients and breast health programs. She created what we call "the kinder and gentler breast cancer walk." Instead of the 3-Day model of walking 60 miles over 3 days and sleeping in a tent, the Atlanta 2-Day Walk covers 30 miles over 2 days and participants sleep in a hotel.

We spoke with Kim Goff, Executive Director of It's The Journey, Inc. Also with her was a breast cancer survivor. We talked about the walk and the foundation that put it on. The breast cancer survivor shared her story and what the walk means to her and the impact that the walk has on so many lives. She mentioned that the best part of the walk is the people that she gets to meet and the stories they share with her.

Walk For Friendship

Walk4Friendship is an annual 2k walk that raises crucial funds and community awareness for Friendship Circle - a nonprofit organization for individuals with special needs.

Walk4Friendship begins with an inspirational opening ceremony followed by a 2k walk. Upon reaching the finish line, walkers will enjoy a post-walk celebration with entertainment, activities, food and much more. Friendship Circle creates friendship in the lives of individuals with special needs and those facing isolation while providing an opportunity to become a contributing member of the community. Through our programming, Friendship Circle aims to promote an inclusive community that values all individuals regardless of the challenges they face. Friendship Circle provides assistance and support to individuals with special needs and their families by providing recreational, social and educational programming. In addition to helping those in need, the Friendship Circle enriches its vast network of volunteers by enabling them to reap the rewards of selfless giving.

We spoke with Korie Khan and Yale New from Friendship Circle about the walk and all the work the foundation is doing around the county. They are dedicated to providing for special needs children and their families.

Year Up

Year Up's mission to close the Opportunity Divide by providing urban young adults with the skills, experience, and support that will empower them to reach their potential through professional careers and higher education.

Year Up is a one-year, intensive training program provides low-income young adults, ages 18-24, with a combination of hands-on skill development, college credits, corporate internships and support.

Their program emphasizes academic and professional rigor, setting expectations high for quality of work and professional behavior. A strong structure guides students through the steps necessary for achieving success in the classroom and the workplace.

For the first six months of the program, students develop technical and professional skills in the classroom. Students then apply those skills during the second six months on an internship at one of the Year Up's corporate partners. Students earn college credits and a weekly stipend, and are supported by staff advisors, professional mentors, dedicated social services staff, and a powerful network of community-based partners.
