

Issue and Programs Report

for

WJWT

91.7 Gardner, MA

3rd Quarter 2015 – September 30, 2015

George Small
Station Manager

Date

RenewFM, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

RenewFM believe that a good Biblical education is the foundation of a rewarding and satisfying life (Jesus said that he came to give life and that abundantly!). Education is important because the more knowledgeable we are about God the better equipped we are to make life decisions that will benefit us (and other) in the long-term. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy & Employment

Due to the current economic recession, families in northeast are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at RenewFM try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

RenewFM understands that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Religious Freedom

We at RenewFM are doing our best to educate people that religious and constitutional freedoms are often an issue in schools and there is a constant struggle to take God out of the schools. RenewFM brings programming that addresses the true heart issues of fear, religious freedom and security.

5. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

The following are different types of programming used to address these broadcast issues:

“Around the Town”, is a locally produced program focusing on issues, informing the community and encouraging education that relate to the city and county of license (we receive no financial reimbursement).

“Public Service Announcements” are messages in the public interest disseminated by the media without charge, with the objective of raising awareness, changing public attitudes and behavior towards a social issue.

“Community Calendar” aired twice daily at different times to reach as many listeners as possible. (Community specific)

“Regular Programming” Programs from around the country produced by various teachers, Pastors and/or ministries.

Education:

“Around the Town”

Title: How to Beat the Back to School Blues
