Power To Save Special
March 16, 2017
7:30pm – 8:00pm

WNEP-TV's Don Jacobs and Jackie Lewandoski host this quarter's Power To Save Special.

MIDDLE CREEK WILDLIFE MANAGEMENT AREA – Don Jacobs

There is a safe haven for migrating wildlife that's open all year long. You'll see flocks of thousands circling overhead. Find out how to get the most out of your visit to see how preserving and protecting land is allowing migrating birds a rest on their trip. For more details on the Middle Creek Wildlife Management Area and their Black Duck banding program, watch Pennsylvania Outdoor Life, Sundays, at 6:30pm on WNEP.

PREPARING FOR THE EMERGENCE OF THE GYPSY MOTH CATERPILLAR - Jackie Lewandoski

In a few short weeks, the trees in our area will begin filling out with leaves. And, just around that time, the gypsy moth caterpillars will emerge and begin eating, and eating, and eating. Find out how the state, area experts, and individual property owners are preparing to take them on. We'll visit an area that's expected to be hard hit, and venture to an airfield where the battle will take to the air. Triple F Flying, an aerial applicator, in Benton, PA, contributed to this story.

CABOT BRINGS THE MOBILE EDUCATION LAB TO NEPA – Jackie Lewandoski

Cabot Oil and Gas Corporation shows just how kids in our area are getting a chance to learn about science, technology, engineering and math with the help of a travelling lab. In conjunction with Junior Achievement, see how they are preparing today's students for tomorrow's careers. Cabot's George Stark will show you why opportunities like this are effective, enlightening, and eye-opening.
