I have Marta here with me, she is the executive director for the humane society. So one thing that we wanted to talk about today is the Ellie Flanagan pet food drive that we're putting together. Yes, so toys are always welcome, toys that can be sterilized and washed that kind of thing or if they're new it's fantastic. Blankets for sure we go through lots of blankets especially this time of year, if you come in, you'll see that in every single kennel and every single cat room they always have toys, blankets and things to enrich their lives, so anything like that is extremely helpful to us right now. And if somebody wanted to make a cash donation for example and they can do it online at my hswm dot org or they can mail it in. Join Flanagan motors Mazda and the humane society of Western Montana in support of the Ellie Flanagan pet food and supplies drive."

I live in an area ravaged by flooding last spring, most of my neighbors suffered serious damage I didn't. But I'm not taking that chance again, most flooding insurance policies have a 30 day waiting period before coverage goes into effect and most homeowners insurance does not cover flooding so don't wait until it's too late.
