

Quarterly Issues/Programs List for KCTS Television Covering the period July – September 2007

1. Education

Wide Angle: Back to School (Documentary, 60 minutes)

In 2003, *Wide Angle* profiled seven children from seven different countries as they started their first year of school in the unprecedented multi-year documentary project Time for School. This year, Back to School checks in on the students, now in third grade, some with their future education almost assured and others clearly in danger of dropping out. *Wide Angle* will periodically visit these children through 2015 to update the events of their lives and their progress. How many will successfully graduate? How many will drop out, and why? What differences will we see between the boys and the girls? These children's stories will offer rich insight to American audiences about the striking disparities of circumstance and opportunity in different countries around the world. Airdate: Tuesday, July 17th at 10:00 PM on KCTS and KCTS-DT.

The NewsHour with Jim Lehrer (Interview/Discussion/Review, News, 8 minutes)

Education looked to the stars in this report on one of Space Shuttle Endeavor's crew: Teacher Barbara Morgan. Morgan joined the Endeavor crew for a planned launch Wednesday, August 8th. She was selected as the backup candidate to Christa McAuliffe in the ill-fated 1986 Challenger mission. Idaho Public Television reports on her story. Airdate: Tuesday, August 7th at 6:00 PM on KCTS and KCTS-DT.

KCTS Connects (Interview/Discussion/Review, 60 minutes)

This episode of *KCTS Connects* features a special *Learning Curve* segment on bilingual education in Seattle Public Schools. One in fifteen schoolchildren is born outside of the United States and one in seven speaks a language other than English at home. *KCTS Connects* reporter Jenny Cunningham highlights Seattle's different approach to help immigrant children. Most school districts put students who have just arrived in America in mainstream schools. Studies show two-thirds of those students leave school without a diploma. Seattle Public Schools is one of the few districts where high school students have their own "newcomer" school. Does it work? Or are students lost in translation? Airdate: Thursday, August 9th at 7:00 PM on KCTS and KCTS-DT. Additional airings occurred on KCTS-HD.

The NewsHour with Jim Lehrer (Interview/Discussion/Review, News, 12 minutes)

In this *NewsHour* segment, John Merrow, special correspondent for education, looked at a number of failing schools in the San Diego area. These are schools that are now adjusting their practices to meet standards under the No Child Left Behind law. This was one of a series of Merrow's reports on the law and how it is affecting U.S. education. Airdate: Wednesday, August 15th at 6:00 PM on KCTS and KCTS-DT.

Tavis Smiley (Interview/Discussion/Review, 30 minutes)

Wide Angle: Victory is Your Duty (Documentary, 60 minutes)

Dominating the field of Olympic boxing for the past quarter century, Cuba's gold medal-winning athletes have propelled their tiny nation onto the world stage and served as an unconventional tool of foreign and domestic policy. Now, for the first time ever, the legendary Havana Boxing Academy -- where physical training and revolutionary indoctrination go hand in hand -- has opened its doors to a foreign film crew. As Fidel Castro's faltering health throws the future into question, *Victory is Your Duty* reveals the Academy as a microcosm of Cuban society where grade-school boys are groomed to fight for the honor of the revolution. Airdate: Tuesday, July 10th at 10:00 PM on KCTS and KCTS-DT.

Washington Week (Interview/Discussion/Review, 30 minutes)

This week, the show discussed Senator Barack Obama's (D-IL) comments on terrorism earlier in the week. Obama said: "If we have actionable intelligence about high-value terrorist targets and President Musharraf will not act, we will." He suggests he would attack a U.S. ally, but declares the use of nuclear weapons off the table. With his comments, the second place Democrat made waves and *Washington Week* looks at why. Also, as the secretaries of state and defense make yet another trip to the Middle East - Secretary Of State Condoleezza Rice said, "There needs to be a renunciation of violence because you can't have one foot in the camp of terror and one foot in the camp of politics." -- a reminder why talking about foreign policy can be so much simpler than acting on it. Covering the stories were Dan Balz of The Washington Post, Martha Raddatz of ABC News, and Charles Babington of the Associated Press. Airdate: Friday, August 3rd at 8:30 PM on KCTS and KCTS-DT.

America at a Crossroads: The Anti-Americans (Documentary, 60 minutes)

In this installment of the *America at a Crossroads*, the series examines why Europeans hate Americans. Why? It's a question that comes to mind for many Americans when they see polls proclaiming that one out of two Europeans sees America as playing a mainly negative role in the world. This program not only explores this pointed query with disarming humor, but also provides powerful insight, told from the "other" point of view. Airdate: Tuesday, August 28th at 10:00 PM on KCTS and KCTS-DT.

The NewsHour with Jim Lehrer (Interview/Discussion/Review, News, 10 minutes)

Additional airings occurred on KCTS-HD.

KCTS Connects (Interview/Discussion/Review, 60 minutes)

Producer John De Graaf looks at the concept of an "ecological footprint" in a special Environmental Watch segment. The footprint is a tool that measures how much land and water a person requires to support what they consume using today's technologies. In order to live, humans use what nature offers. Every use or action impacts the planet. In a sustainable world, our demand on nature is in balance nature's ability to provide resources. The question is, are we using resources faster than they are created? Airdate: Thursday, August 9th at 7:00 PM on KCTS and KCTS-DT. Additional airings occurred on KCTS-HD.

The NewsHour with Jim Lehrer (Interview/Discussion/Review, News, 9 minutes)

With overworked and underfunded hospitals in a profit-driven business, Cohn argues it is time to revamp the system. Airdate: Thursday, July 26th at 7:00 PM on KCTS and KCTS-DT. Additional airings occurred on KCTS-HD.

Airdates: Sundays, September 9th through the 23rd at 10:00 AM.

NOW (Interview/Discussion/Review, 30 minutes)

During the last weeks of September 2007, both the House and Senate will likely vote on a bill to expand the federal program, called SCHIP, that provides health insurance to children from lower-income families that earn too much to qualify for Medicaid. Though support for the bill is bipartisan, President Bush has promised to veto it, claiming it covers too many families who don't need it. The fund will run out of money on September 30. *NOW* looks at the pros and cons of SCHIP. Airdate: Friday, September 21st at 8:00 PM on KCTS and KCTS-DT.
