

KBLU-AM

QUARTERLY ISSUES AND PROGRAM REPORT

During this quarter the community needs and interests as ascertained with community leaders were addresses by significant public affairs or public service programming in response to the following:

1. **Recreation** (community events, etc.)
2. **Family** (Parenting, Children at Risk)
3. **Education**
4. **Agriculture** (both retail and industry point of view)
5. **Government** (meetings, voter education, roads, laws, annexation, etc.)
6. **Health** (includes prevention, abuse, diseases, free clinics, YRMC events etc.)
7. **Community Service Organizations** (Local Non-Profits, government programs, etc.)
8. **Consumer Protection** (identity theft, recalls, scams)
9. **Crime** (prevention, meetings, etc.)
10. **Diversity** (racism, minorities, immigration, etc.)
11. **Senior Citizens**
12. **Military**

TOPIC OF THIS SHOW: Walk to End
Alzheimer's
Guest: Carol Brown

Issue: #1 Community
Events

Carol Brown from WACOG called in to the studio to discuss the upcoming Walk to End Alzheimer's Event. The Walk to End Alzheimer's is hosted by the National Alzheimer's Association. This year the walk will take place on your own and participants can log their miles online. The National Alzheimer's Association wants to know you're walking in the event and need every walker to sign a standard form through their official registration. There is no registration fee for the Walk. However, it is asked that every walker that is able to make a personal donation and commit to raising funds in the fight against Alzheimer's. All funds raised through Walk to End Alzheimer's further the care, support and research efforts of the Alzheimer's Association. All donations are tax-deductible as allowed by law. This event is Saturday, October 17th 2020.

Date aired: 10/03/2020
Time Aired: 6:15 AM

Length: 15 Min.

TOPIC OF THIS SHOW: Ballet Yuma
Guest: Jennifer Coleman

Issue: #1 Community
Events

Jennifer from Ballet Yuma called in to share and discuss Yuma Ballet's colorful production of "The Nutcracker" set to original choreography by Kathleen Sinclair, Jon Cristofori and Emma M.K. Cong. This show has introduced audiences of all ages to the magnificent world of ballet. This holiday season, experience the beauty and grace of Ballet Yuma's cast of dancers, and make "The Nutcracker" one of your family's favorite holiday traditions for years to come. The heart of the Academy is the Ballet Program. Students are divided into six levels, starting at age seven. Each successive year, the number of technique classes increases as the skill and ability of the student progresses. For more information visit balletyuma.org.

TOPIC OF THIS SHOW: Better Business Bureau
Guest: John Hessinger

Issue: #7 Community Service Organizations

The Better Business Bureau has promoted John Hessinger to lead the local office and represent the organization in the Yuma and El Centro communities. In addition to discussion on the new position, John was also able to share helpful tips for connecting with the local Better Business Bureau office in the case the public has questions or to report specious business activity. The local Better Business Bureau keeps track of local, regional, and national scams as well. The Better Business Bureau founded in 1912, is a private, nonprofit organization whose self-described mission is to focus on advancing marketplace trust, consisting of over 100 independently incorporated local Better Business Bureau organizations in North America. If anyone needs to contact John or the local office please call (918) 919-7940.

TOPIC OF THIS SHOW: Fire Prevention Week
Guest: Mike Erfert

Issue: #5 Government

Mike Erfert with the Yuma Fire Department made time to discuss Fire Prevention Week. This year the theme is "Serve Up Fire Safety in the Kitchen" reminding us that the kitchen is the #1 place for fires to start in the home and we need to take personal responsibility for reducing our risk of fire. To further mark this week, each day we will be highlighting a different aspect of fire prevention. In 1925 President Calvin Coolidge proclaimed the first National Fire Prevention Week. 93 years later, our country has grown tremendously and great efforts have been made to protect and preserve life and property, but thousands still die in fires every year in the United States.

TOPIC OF THIS SHOW: Citizens Police Academy
Guest: Lori Franklin

Issue: #5 Government

Sergeant Lori Franklin called into the studio to share and promote the upcoming Citizens Police Academy. The Yuma Police Department is now accepting applications for the Citizens Police Academy. The academy is designed to educate the citizens of Yuma about the daily operations of the Yuma Police Department. The academy, which is twelve (12) weeks long, will give participants an opportunity to see how the police department works and get some "hands on" instruction on various topics relating to police work. Applications for the academy can be picked up at the Yuma Police Department records window, 1500 S. 1st Avenue or you can ask for an electronic copy to be sent via email. The deadline for application submission is Friday, November 15th or until 28 participants fill the class. If you have any questions about the program please feel free to contact Sergeant Lori Franklin at 373-4732.

Length: 15 Min.

TOPIC OF THIS SHOW: 2020 General Election
Guest: Kevin Tunell

Issue: #5 Government

Yuma County Public Information Officer Kevin Tunell called into the station to share details and news about the upcoming general election. We were able to discuss the important deadlines and information relating to the election. The Yuma County Election Services Department is making adaptations to their standard voting procedures due to the current pandemic. The most important item Kevin discussed is the deadlines for early voting and ballot drop offs. Kevin suggests if you have an early ballot and it's not already in the mail, then it would be best to personally drop off any early ballots at the polling locations on Election Day. Do not mail early ballots this late, as they will most likely not be delivered in time to be counted.

TOPIC OF THIS SHOW: U of A Baby Leaf Spring Mix
Guest: Robert Masson

Issue: #3 Education

Robert Masson, agriculture extension agent with the University of Arizona's Yuma County extension was able to call into the studio and share the exciting information regarding the taste tests he will be conducting locally in the Yuma area. Robert has been growing 17 different varieties of hemp for leafy green salad mix. This can be a major breakthrough for agriculture. These varieties of food can be harvested in as little as 14 to 18 days. The University of Arizona will have a drive-thru tasting event at the University of Arizona Yuma Ag Center on West 8th Street on November 13 and 20, free to the public. The early harvest will be November 13th and the late harvest will be ready on November 20th. The public is encouraged and welcome to attend both events.

TOPIC OF THIS SHOW: Yuma Schools
Update
Guest: Tom Tyree

Issue: #3 Education

Tom Tyree, Yuma County Superintendent of Public Instruction was able to call into the studio and discuss the latest news with the local school districts. At this time the three different school districts will handle school closures differently. The local elementary school districts will resume virtual learning and the high school district will continue to utilize a hybrid schedule of virtual and in person classes. Superintendent Tyree also shared the challenges and successes faced at the local level growing from the pandemic. Providing all the technology to keep every student in Yuma County engaged and online is not an easy task. We have had all the key pieces of equipment already in place and operating. However, implementing that for every student has it's own set of challenges.

TOPIC OF THIS SHOW: Prop 208
Guest: Tom Tyree

Issue: #5 Government

Tom Tyree, Yuma County Superintendent of Public Instruction was able to call into the studio and discuss the passage of Prop 208 in Arizona. This new tax is set to start in 2021 and will have a positive impact on education in Arizona for years to come. The law would impose a 3.5% tax surcharge on taxable annual income over \$250,000 for single persons or married persons filing separately, or \$500,000 for married persons filing jointly or heads of households, to increase funding for public education. This is a different way of providing tax funds than traditionally collected in the state. Superintendent Tom Tyree explained the revenue collected must be spent in the approved categories, it doesn't solve every funding issue we have, but it absolutely helps move us closer to where we need to be on a national level.

TOPIC OF THIS SHOW: Holiday Safety
Guest: Mike Erfert

Issue: #5 Government

Mike Erfert with the Yuma Fire Department made time to discuss some important holiday safety tips for the public. If you have or are purchasing an artificial Christmas tree, make sure it is labeled, certified, or identified by the manufacturer as flame retardant. If you choose a "live" tree, pick one that is fresh. Needles should be green, flexible, and not come off when you run your hands over the branches. When you get it home, cut 1 or 2 inches from the bottom (like you do for cut flowers) and keep the water container at the base of the tree filled (check it daily!). This water is sucked up into the tree and helps to keep it fresh longer. Place your tree so it is at least 3 feet away from any heat source and farther from fireplaces or open flames. Heating vents or space heaters blowing on the tree can dry it out faster too.

Book Sale
Guest: Howard Blitz

Issue: #1 Community
Events

Howard Blitz, the executive director of the Freedom Library called the studio to discuss why the Freedom Library is making room for new books and materials this year. Howard Blitz explained this upcoming book sale event will benefit the Freedom Library by raising funds and clearing book shelf space. The book sale will take place all day on Saturday January 30th at the Freedom Library office. The Freedom Library has over 3000 books that will be available for sale. The prices will be twenty five cents to fifty cents for soft and hardback books. New books will also be available as well for half price that day only. In addition to books, there will be other media such as CDs and DVDs available as well. It is also the 25th anniversary of the Freedom Library and birthday cake will be available for all to enjoy on that day.

Call Letters: KBLU-AM

Weekly Public Affairs Program

QUARTERLY ISSUES REPORT, OCTOBER-DECEMBER, 2020

Show # 2020-40

Date aired: 10/3/20 Time Aired: 6:30AM

Stuart N. Brotman, executive policy adviser, legal analyst, author of "*Privacy's Perfect Storm: Digital Policy for Post-Pandemic Times*"

The COVID-19 lockdowns have expanded the online world of work and school at home to unprecedented levels. Mr. Brotman outlined the rapid increase in digital privacy issues related to this new trend, and what is necessary to address the problem. He also talked about privacy issues related to terms of agreement that consumers typically ignore when installing apps or other software.

Issues covered:

Length: 8:43

Privacy
Government Regulation
Consumer Matters

Ajit Mathew George, founder of Second Chances Farms, LLC in Wilmington, DE

Mr. George founded an organization that employs only convicted felons, training them in entrepreneurship through mentorship programs and green collar jobs at hydroponic, indoor vertical farms in economically distressed communities. He explained how the farms replace recidivism with compassionate capitalism and turn entrepreneurs-in-residence into "Agripreneurs." He also explained how the farms were forced to rapidly adapt to serving consumers directly, when the coronavirus lockdowns closed restaurants.

Issues covered:

Length: 8:33

Criminal Reform
Entrepreneurship
Environment
Poverty

Stephanie L. Bonne, MD, Assistant Professor of Surgery, Director of the Hospital Violence Intervention Program at Rutgers New Jersey Medical School

Dr. Bonne led a study of injuries caused by glass-topped tables. She said the furniture causes thousands of injuries each year, many requiring significant surgeries and long hospital stays. She said the U.S. Consumer Product Safety Commission requires tempered glass for products like doors and car windshields but it is voluntary for horizontal surfaces.

Issues covered:

Length: 5:02

Home Safety
Government Regulation
Consumer Matters

Show # 2020-41

Date aired: 10/10/20 Time Aired: 6:30 AM

Carol L. Rickard, Tobacco Treatment Specialist, author of "*The Benefits of Smoking: Why It's So Hard to Quit Smoking and What You Can Do about It*"

70% of smokers would like to quit, but only 4 to 7% will be successful. Ms. Rickard explained what smokers perceive as the benefits and why it's so hard for people to kick the habit once they've started. She also discussed the potential risks associated with e-cigarettes and vaping. She suggested resources that smokers can use to quit for good.

Issues covered:

Women's Issues
Consumer Matters
Parenting
Media

Length: 8:44

Mathew Freeman, Co-Founder and Senior Executive Consultant at TMI Consulting, a diversity and inclusion management consulting firm, co-author of "*Overcoming Bias: Building Authentic Relationships across Differences*"

Mr. Freeman said every human is biased in one way or another, and it's a constant process to recognize and reduce it. He explained why bias has such an impact in every aspect of life, and how companies should address it in the workplace. He said the secret to dealing with bias is by intentionally cultivating meaningful relationships with those who are different.

Issues covered:

Diversity
Minority Concerns
Workplace Matters

Length: 8:33

Gloria Lopez-Cordle, nationally-recognized patient advocate, creator of "*the Personal Medical Journal*", a patient organizational tool

A recent study found that American hospitals are making preventable medical errors that kill thousands of Americans each year. Ms. Lopez-Cordle believes that patients and their families need to take charge of their medical information to prevent mistakes by doctors. She offered advice on what kinds of medical data is important and how to organize it.

Issues covered:

Personal Health

Length: 4:48

Show # 2020-42

Date aired: 10/17/20 Time Aired: 6:30 AM

Dennis Culhane, PhD, Dana and Andrew Stone Professor of Social Policy at the University of Pennsylvania School of Social Policy and Practice, co-founder and Co-Director of the Actionable Intelligence for Social Policy initiative

Over the next decade, the number of elderly homeless Americans is projected to triple — and that was before COVID-19 hit. Prof. Culhane explained why younger members of the boomer generation have remained the dominant homeless population in the United States, and what can be done to address the problem. He noted that people who experience homelessness have a life expectancy of 64-65 years.

Issues covered:

**Homelessness
Senior Citizens
Drug Abuse**

Length: 7:38

Christopher Ali, PhD, Associate Professor, Department of Media Studies, University of Virginia

Nearly 40 million households lack a quality internet connection, cutting them off from work, schools and more. Prof. Ali said the same huge government efforts that brought electricity and telephone service to rural areas in the 1930s and 40s should be applied in a similar way to broadband service today. He said lower income and minority Americans are most likely to be affected by the digital divide.

Issues covered:

**Broadband Internet
Rural Concerns
Education
Poverty**

Length: 9:36

Michael S. Pollard, PhD, Senior Sociologist at the RAND Corporation, Professor at the Pardee RAND Graduate School

Across America, alcohol consumption has risen sharply during the pandemic shutdowns. Dr. Pollard led a study that found that heavy drinking by women rose 41%. He explained who was most at risk of binge drinking and why this is a serious and ongoing problem.

Issues covered:

**Alcoholism
Mental Health
Coronavirus Lockdowns**

Length: 5:09

Show # 2020-43

Date aired: 10/24/20 Time Aired: 6:30AM

Farrokh Alemi, PhD, Professor of Health Informatics, George Mason University College of Health and Human Services

Suicide among US veterans is on the rise. Prof. Alemi led a study that examined the reasons that vets take their own lives. He found that while social factors like family problems and homelessness can predict suicide, they are not the cause of it -- mental illness is. He said the results of the study were a surprise. He added that the social isolation that accompanies COVID-19 has been a major factor in increasing suicide rates overall.

Issues covered:

**Suicide
Veterans Issues
Mental Health**

Length: 8:31

Joseph Dieleman, PhD, Associate Professor in the Department of Health Metric Sciences at the University of Washington, faculty lead of the Resource Tracking team at the Institute for Health Metrics and Evaluation

Prof. Dieleman said five major health risks, things such as obesity, high blood pressure, and smoking, were linked to over \$730 billion in preventable health care spending in the US in 2016. He talked

about policy changes and public awareness programs that may influence people to take steps to avoid costly health problems.

Women's Issues
Education

Length: 9:09

Tom Corley, Certified Financial Planner, author of "*Effort-Less Wealth: Smart Money Habits at Every Stage of Your Life*"

Life is a series of stages, and Mr. Corley said money mistakes made in one stage can have a ripple effect, impacting one or more subsequent stages. He explained how those who develop smart money habits early will position themselves up for lifelong financial success. He outlined the four ways that any American can become wealthy.

Issues covered:
Personal Finance
Retirement Planning

Length: 8:09

Lois E. Krahn, MD, psychiatrist and sleep medicine specialist, Mayo Clinic in Phoenix

As most of the nation switches from daylight saving to standard time, many people welcome the extra hour of sleep. Dr. Krahn explained how time changes affect the body and sleep patterns, such as increased traffic accidents in subsequent weeks. She also offered tips to adapt to the schedule change.

Issues covered:

Show # 2020-45

Date aired: 11/7/20 Time Aired: 6:30AM

Patricia Boyle, PhD, neuropsychologist, Professor of Behavioral Sciences at the Rush Alzheimer's Disease Center, part of Rush University in Chicago

Scammers are using the COVID-19 pandemic as a new weapon to target senior citizens. Dr. Boyle outlined the latest battery of financial scams, including telemarketer offers for contact tracing – for a fee – or to reserve a slot for a future vaccine. She said many older adults don't realize that they are more frequent targets of scams. She added that changes in financial decision-making may be an early warning sign of impending dementia or cognitive decline.

Issues covered:
Crime
Senior Citizens
Alzheimer's disease

Length: 9:03

Steve Webb, PhD, Certified Social Media Intelligence Expert, Certified A.L.I.C.E. Active Threat Training Instructor, R.A.I.D.E.R. Solo Engagement Tactics Level II Instructor for law enforcement, Associate Professor in Educational Administration at Southern Illinois University and McKendree University, the author of "*Education in a Violent World*"

Online school instruction has caused children to spend more time in front of computers than ever. Dr. Webb said American parents would be shocked at how much data about a child is collected when he or she is online. He also talked about cyberbullying and its effect on the suicide rates of children.

Issues covered:

Length: 5:08

Show # 2020-46

Date aired: 11/14/20 Time Aired: 6:30 AM

Nicholas Bloom, PhD, Professor in the Department of Economics at Stanford University, Co-Director of the Productivity, Innovation and Entrepreneurship program at the National Bureau of Economic Research

Around 32% of American adults are now working from home fulltime, compared to just 2% prior to the pandemic. Prof. Bloom talked about the technical handicaps faced by large numbers of workers, and why working from home produces less innovation. He also explained the inequality effect, as more educated, higher-earning employees are far more likely to work from home and continue to get paid, develop their skills and advance their careers.

Issues covered:

Employment
Minority Concerns
Technology

Length: 9:43

Shelby Kerns, Executive Director, National Association of State Budget Officers

US states are facing the biggest cash crisis since the Great Depression, as varying levels of lockdowns for months have caused tax revenues to collapse. Ms. Kerns said states have responded with different approaches, including spending reductions ranging from 0 to 20%. She discussed the likelihood of state tax increases or bailouts from federal taxpayers for states in the deepest trouble.

Issues covered:

Government Spending
Taxes

Length: 7:22

Linda Pagani, PhD, Senior Researcher, CHU Sainte-Justine Pediatric Hospital in Montreal

Prof. Pagani was the senior author of a study that examined the readiness of children for kindergarten and how it affects academic performance through age 17. She said when children establish a good basis in kindergarten for subjects like vocabulary, they tend to also have less anxiety at age 17. She offered advice for parents.

Issues covered:

Early Childhood Education

Date aired: 11/21/20 Time Aired: 6:30 AM

William Schaffner, MD, Professor of Preventive Medicine, Department of Health Policy, Professor of Medicine, Division of Infectious Diseases at Vanderbilt University

This year's flu season presents a unique challenge as COVID-19 positive tests continue to rise. Dr. Schaffner outlined the similarities and differences between the flu and COVID-19, and discussed the chances that the similar symptoms may cause doctors to make wrong diagnoses. He also addressed reports that cases of influenza appear to have plummeted by 98% across the globe. He recommended that patients contact their doctor via email or phone if they suspect they have the coronavirus, to avoid spreading it in waiting rooms or emergency rooms.

Issues covered:
Coronavirus
Public Health

Length: 8:45

Justin Reich, PhD, Assistant Professor in the Comparative Media Studies/Writing Department at the Massachusetts Institute of Technology, Director of the MIT Teaching Systems Lab, author of "*Failure to Disrupt: Why Technology Alone Can't Transform Education*"

Dr. Reich delivered a report card on the latest supposedly transformative educational technologies. He said assessment technology does a poor job of measuring whether a child is truly learning. He said most teachers were ill-prepared to make such a rapid transition to online learning this year, and explained how that problem can be addressed.

Issues covered:
Education
Technology

Length: 8:15

Nick Rizzo, Fitness Research Director, RunRepeat.com

As businesses of all types struggle to stay afloat during COVID-19, a new poll has some bad news for gyms around the globe. Mr. Rizzo said only 31 percent of gym members have returned to their fitness clubs thus far, a more dismal result than gym owners expected. He said new lockdowns this winter could potentially cause a majority of gyms to never reopen.

Crime

Length: 9:41

Ted Frank, career consultant, author of "*Get to the Heart*"

Mr. Frank discussed the importance of learning how to effectively communicate in the workplace. He explained how it can increase efficiency and improve productivity. He believes presentations should focus on no more than three key points at a time, and that the use of examples and illustrations is crucial to improved communications.

Issues covered:
Workplace Matters
Career

Length: 7:31

Steve Cicala, PhD, Assistant professor at the Harris School of Public Policy at the University of Chicago, Faculty Research Fellow at the National Bureau of Economic Research

Dr. Cicala led a study that determined that deregulated power markets on the wholesale level have significantly cut the cost of generating electricity, saving consumers \$3 billion a year. He discussed how this little-known market works and why it should matter to consumers. He also explained how smart meters will eventually give consumers even greater power in managing their energy costs.

Show # 2020-49

Date aired: 2/5/20 Time Aired: 6:30 AM

Valerie Burton, Certified Personal and Executive Coach, founder of The Coaching and Positive Psychology Institute, author of "*Successful Women Speak Differently: 9 Habits That Build Confidence, Courage, and Influence*"

Ms. Burton said the most successful women are often not the most talented, the most gifted, or even the most experienced. She believes the knack for communicating is what opens doors and gives women influence in the workplace. She outlined simple techniques women can utilize to be more clearly understood and respected.

Issues covered:
Women's Issues
Employment

Length: 8:48

John Hagan, PhD, John D. Macarthur Professor of Sociology and Law, Northwestern University

Dr. Hagan led a study that uncovered a connection between increased unemployment rates and school shootings. He said the findings were consistent across the all regions of the U.S. and that shooters come from all backgrounds and income levels. He offered possible explanations behind this trend.

Issues covered:
School Shootings
Unemployment

Length: 8:19

Jason Hanson, former CIA officer, security specialist, author of "*Spy Secrets That Can Save Your Life: A Former CIA Officer Reveals Safety and Survival Techniques to Keep You and Your Family Protected*"

Mr. Hanson discussed ways to prevent and react to home invasions or abductions. He explained simple steps the average homeowner can take to make a house criminal-proof. He also offered tips on how to stay safe while traveling.

Issues covered:
Crime Prevention
Personal Safety

Length: 5:02

Show # 2020-50

Date aired: 12/12/20 Time Aired: 6:30AM

William Chopik, PhD, Assistant Professor of Psychology, Michigan State University

Prof. Chopik recently completed two studies that examined age bias: one examining which countries around the world showed the greatest implicit bias against older adults, and the other looking at individual states across the U.S. He said states with higher age bias also tended to have higher Medicare costs, lower community engagement and less access to care.

Shujing Sun, PhD, Assistant Professor of Information Systems in The Naveen Jindal School of Management, University of Texas at Dallas

Overcrowding in emergency rooms is a costly and concerning problem, compromising the quality of patient care. Prof. Sun investigated the potential of telemedicine as a generic solution to reduce ER congestion, and found that on-site nurse practitioners or physician assistants can effectively treat patients with minor conditions under the remote supervision of off-site physicians. She said even serious conditions such as a stroke can be better treated if emergency physicians can consult remote stroke specialists.

Length: 8:16

Diana Enriquez, doctoral candidate in the Department of Sociology, Princeton University

Ms. Enriquez led a study that examined the impact of the COVID-19 lockdowns on black households. She found that low-income black households experienced greater job loss, more food and medicine insecurity, and higher indebtedness in the early months of the pandemic compared to white or latinx low-income households. She believes the outlook is still difficult for black households as the economy continues to struggle from government-ordered closings.

Robert Meyer, PhD, Frederick H. Ecker/MetLife Insurance Professor of Marketing at the Wharton School of the University of Pennsylvania, Co-Director of the Wharton Risk Management and Decision Processes Center, co-author of *"The Ostrich Paradox: Why We Underprepare for Disasters"*

Our ability to predict certain types of natural catastrophes has never been greater. Yet, people consistently fail to heed warnings and protect themselves and their communities, with devastating consequences. Dr. Meyer discussed this contradiction, and what government authorities and individuals can do to improve disaster preparedness.

Issues covered:
Disaster Preparedness
Government Policies

Length: 9:39

Daniel Karpowitz, PhD, Director of Policy and Academics for the Bard Prison Initiative, Lecturer in Law and the Humanities at Bard College in Annandale-on-Hudson, NY, Co-founder of the Consortium for the Liberal Arts in Prison, author of *"College in Prison: Reading in an Age of Mass Incarceration"*

Prof. Karpowitz explained how and why Bard College has provided hundreds of incarcerated men and women across the country access to a high-quality liberal arts education. He said inmate students are expected to meet the same requirements as students on a traditional campus. He added that, while education does reduce the rate at which convicts return to prison, higher education should never be measured in that manner.
