03/18/23: Eagle Watch News—Alan Tucker • 8 – 8:30 am • The program dealt with the recent bank failures and how it helps set the stage for the new digital currency system being tested now in which the US is a partner. How all of that would affect the population in general and as Christians in particular, was considered. Broadcast time was devoted to the state of the contemporary church and some of the things that need to change were listed. The rise in popularity of the idea that humans need to be microchipped was included along with the dangers involved with all of that. The mounting evidence concerning Joe Biden's involvement in his son, Hunter's, business was considered and what that could mean for the president. The last topic had to do with the main purpose of the broadcast.
