

### **Do you know? / MCREC (:30)**

Do know...*really know*...what the radical house of delegates members from the fifty-first district have been up to? Delegates Walker, Williams and Pyle have been wasting time in Charleston - legislating against common sense. Like voting no on increasing penalties for selling drugs near a school. Voting no on increasing penalties for DUI causing death with a child present. Whether it's gun rights, support of law enforcement or schools Walker, Williams and Pyle are on the wrong side of common sense.

Paid for by MCREC. Not endorsed by any candidate or candidate's committee.

### **Three Blind Mice / MCREC (:30)**

Three blind mice sing in

Delegates Walker, Williams and Pyle don't represent Mon County values. Instead they are forwarding an agenda of radical-left ideas that are out of touch with our community. They voted against tougher penalties for drug dealers and drunk drivers. Voted against anti-discrimination on the basis of religion. And voted against protecting gun rights and elective Bible study. Is that who you want representing you? This election stand up for values - vote common sense - vote Republican.

Paid for by MCREC. Not endorsed by any candidate or candidate's committee.

### **Delegate Walker / MCREC (:30)**

Delegate Danielle Walker - she's been called inflammatory and divisive. And she's voted against tougher penalties on drug dealers. Voted against tougher penalties against drunk drivers when a child was present. She's voted against elective courses of Bible study. And she's voted against protecting gun rights from local government restrictions. Is that who you want representing you? This election stand up for values - vote common sense - vote Republican.

Paid for by MCREC. Not endorsed by any candidate or candidate's committee.
