Cumulus-Boise Chief Operators Designation

It is herein posted that Travis Owens is the designated Chief Operator of KBOI, KBOI-FM, KIZN, KQFC, KKGL, KTIK-AM, and K237HA, herein referred to as the Stations, as defined under 47-CFR-73.1870. The designated Chief Operator is herein charged with maintaining the operations of the stations within the terms and conditions of the corresponding FCC licenses, and to maintain all technical operations of the stations within the requirements of the FCC's Rules & Regulations. The Chief Operator is empowered with the necessary authority, in cooperation with the General Manager of the Stations, to carry out this charge.

During times when the Chief Operator is unavailable to perform the assigned duties, Forrest Smithkors will act as Chief Operator with the same responsibility and authority as the Chief Operator. In the event that both the Chief Operator and the Alternate Chief Operator are unavailable to perform the assigned duties, the designation of Chief Operator will be made and posted on the employee bulletin board.

This designation is made on May 10, 2024, and supersedes any previously made designations.
