

COX MEDIA GROUP MIAMI
27241 NORTH 29 AVENUE, HOLLYWOOD, FL 33020
MAIN OFFICE: 305-444-4404

WFEZ(FM)
MIAMI, Florida

Each quarter, **WFEZ(FM)** places in its Online Public Inspection File, a list of what it considers programming addressing some of the significant issues for the station's community. The following is a list of issue-responsive programming aired on the station between April 1 and June 30, 2021. While this list contains a brief description of some of **WFEZ(FM)** most significant programs, it doesn't include all programs and program segments broadcast by the station during the second quarter. Please contact the station for more information about the station's issue-responsive programming.

Submitted by: **Ellen Jaffe, Community Affairs Host**

Dated: **7/01/21**

During the second quarter, the station regularly aired the following local public affairs programs:

WFEZ COMMUNITY ISSUES AND PROGRAMMING

April 1, 2021 - June 30, 2021

WFEZ serves the Miami / Fort Lauderdale / Hollywood market and all of its surrounding communities. Listed below is a description of the community issues addressed by the station in its programming for the period April 1, 2021 - June 30, 2021.

Description of Regular Programming

Viewpoints

2 segments, 23 minutes total

Sundays, 6:20 a.m.

A nationally syndicated program produced by Media Tracks, out of Des Plaines, IL. Viewpoints looks at issues in the news and in our lives.

Easy's Community Focus

(30 minutes total, segments of varying length)

Sundays, 6:50 a.m.

A locally originated program addressing issues of concern to South Florida residents. Produced by WFEZ Community Affairs Host, Ellen Jaffe. Some segments produced by Community Affairs Correspondent, Jeff Martin.

Public Service Announcements / Community ID's

Locally produced, :15 in length, air in various hours daily.

Promos:

Locally produced, :30 in length, air between 12am and 6am

Easy's Community Focus

April 11, 2021, Segment 1 – 10:55

United Way of Broward County – Women United

Guest: Macey Markowitz, Director of Women's Philanthropy, United Way of Broward County
Markowitz discusses 'Magnolia After Dark', a fundraiser for Women United, an arm of United Way. The annual fundraiser, cancelled last year due to Covid-19, will be held as a drive-in, socially distanced Women's Empowerment Event featuring Olympic Gold-Medal Gymnast, Dominique Dawes.

<http://www.unitedwaybroward.org/women-united>

May 9, 2021, Segment 1 – 12:32

Return2Work Week

Guest: Melissa P. Dunn, City of Lauderdale Commissioner
Dunn provides details about Return2Work Week seminars & Virtual Job Fair.

<http://www.return2work.us>

May 16, 2021, Segment 2 – 15:12

Unity Week – NAMI Miami

Guest: Susan Racher, Board President NAMI Miami
Racher outlines the events scheduled during Unity Week, leading up to the Inaugural 'Walk Your Way' 5k.

<http://www.namimiami.org>

May 30, 2021, Segment 2 – 13:41

National Pink Day for Summer Breast Cancer Awareness – Women's Breast & Heart Initiative

Guest: Andrea Ivory, Founder / CEO of Women's Breast & Heart Initiative
Ivory talks about WBHI's plans for National Pink Day to increase awareness of the necessity for mammograms year-round, not just in October. On June 23rd, National Pink Day, WBHI will bring 2 mobile mammography vans to Hialeah and provide free mammograms to women who otherwise wouldn't have access to care.

<http://www.flbreasthealth.com>

June 6, 2021, Segment 1 – 14:43

Splash Your Way to Water Safety – Pediatric Associates

Guest: Suzette Howell, Marketing & Events Manager, Pediatric Associates
Howell talks about 'Splash Your Way to Water Safety, their 4th annual initiative to inform the public about how to keep children safe during swim season. Broward County has one of the highest rates of childhood drownings. Howell talks about teaching children to swim – and that they can begin learning as early as 6 months old.

April 4, 2021 – Segment 1: Entrepreneurship in the Adult-Use Cannabis Market 9:29

New York is the latest to legalize recreational marijuana. This move will create thousands of new jobs and is expected to generate billions of dollars in revenue after a lackluster year in tourism, real estate and business. And New York isn't alone. Each year, more states are voting to allow both adult-use and medical marijuana sales. But, with this, comes challenges. In a fast-growing industry, how do you ensure that smaller entrepreneurs aren't left behind? Or those who've been systemically affected by the war on cannabis are given greater opportunity?

Host: Gary Price.

Guests: David Wunderlich, senior attorney, Hoban Law Group; Demetri Downing, founder, executive director, Marijuana Industry Trade Association of Arizona.

<https://flowhub.com/cannabis-industry-statistics>

May 16, 2021 – Segment 1: The Rise of CryptoCurrency 9:32

Yermack explores the fascinating and fast-evolving world of cryptocurrency and the future of traditional financial systems as digital currency gains ground across the globe.

Guest: Dr. David Yermack, professor, finance, NYU Stern School of Business

<https://www.coinbase.com/>

June 20, 2021 – Segment 2: The Toll of Excess Clothes Production 7:47

Bedat talks about sustainable fashion, the clothing crisis and how it's impacting workers and the environment.

Guest: Maxine Bedat, founder, nonprofit, New Standard Institute, author, 'Unraveled: The Life and Death of a Garment'

<https://www.newstandardinstitute.org/>

June 27, 2021 – Segment 1: The Top 1% Wealthy 9:10

The guests talk about the business of building wealth through loopholes like philanthropy and loose taxation laws. Guests: Chuck Collins, director, program on inequality, Institute for Policy Studies; Dr. Ray Madoff, professor, Boston College Law School

April 4, 2021 – Segment 2: Alphabetical Arrangement **9:04**

Organizing people or items by A to Z is a common method all over the world. It's used in schools, businesses, libraries and more. But why is this the predominant method today? What are some other systems that people of the past used? Historian Judith Flanders joins us this week to shed some light on the fascinating study of alphabetization

Host: Marty Peterson.

Guest: Judith Flanders, historian, author, *A Place for Everything: The Curious History of Alphabetical Order*

<https://www.panmacmillan.com.au/9781509881567/>

April 25, 2021 – Segment 2: The SkyHigh Cost of College **8:11**

Today, the average student graduating from a four-year, public university leaves with \$28,600 in student loans. On top of this, students owe interest once payments kick in, and this can range from 3 to 5 percent for federal loans and can go as high as 12 percent for private loans. For some, the large sum of these loans plus interest can take several years to pay off and has a big effect on life decisions like when to start a family or if they can afford to leave a toxic job. This week – we cover the student loan crisis in the U.S. and talk about alternative options and resources that can help lower the current cost of higher education

Host: Marty Peterson.

Guest: James Lewis, president, National Society of High School Scholars.

<https://www.nshss.org/>

May 30, 2021 – Segment 2: Facing the Fear of Public Speaking 10:13

A psychologist and a speech educator discuss why public speaking causes anxiety for many people and how we can use this adrenaline to our benefit. April 18, 2021 – Segment 1: The Role We Each Play in Slowing Climate Change. 9:34

Despite the pandemic, carbon emissions are at an all-time high, topping records over the past 3.6 million years. For years, scientists have warned of humans approaching a critical tipping point of global warming – and it's here. Sustainability scientist Dr. Kimberly Nicholas joins Viewpoints this week to break down the current climate landscape and explain why turning things around requires a collective effort.

Host: Gary Price.

Guest: Dr. Kimberly Nicholas, associate professor, sustainability science, Lund University, author, *Under the Sky We Make: How to Be Human in a Warming World*

<https://www.lucsus.lu.se/kimberly-nicholas>

May 2, 2021 – Segment 2: Earth-Friendly Diet 8:43

Greenberg shares how people can adjust their diet to slow global warming Guest: Paul Greenberg, food & science writer, author, *The Climate Diet: 50 Simple Ways to Trim Your Carbon Footprint*

<https://www.amazon.com/Climate-Diet-Simple-Carbon-Footprint-ebook/dp/B08FZM26P9>

May 9, 2021 – Segment 1: Reduce, Reuse, Recycle Conundrum 12:05

The guests talk about changing our consumption habits to help improve the environment, particularly with regard to the use and poor disposal of plastic. Guest: Jennie Romer, attorney, author, *Can I Recycle This? A Guide to Better Recycling and How to Reduce Single-Use Plastics*; and Kate Melges, plastics project leader, Greenpeace USA. <https://sitn.hms.harvard.edu/flash/2020/14-million-tons-of-microplastic-are-on-the-ocean-floor/>

May 9, 2021 – Segment 2: Migration of the Monarch Butterfly 6:51

Dykman talks about how to help this dwindling species.

Guest: Sara Dykman, writer, author, *Bicycling with Butterflies: My 10,201-Mile Journey Following the Monarch Migration*, talks about how to help this dwindling species.

<https://monarchjointventure.org/monarch-biology/monarch-migration>

May 23, 2021 – Segment 1: The Cycle of Food Waste 9:24

The average person ends up trashing 25 percent of the food they buy from the grocery store. This cycle of food waste across households, grocery stores and restaurants adds up, resulting in more than 81 billion pounds of fresh, edible food being thrown away each year. Two food experts offer some possible solutions.

Guests: Dr. Elena Belavina, associate professor, operations management, Cornell University; Jenna Harris, senior manager, donor relations & supply chain, City Harvest.

<https://sha.cornell.edu/faculty-research/faculty/eb733/>

May 30, 2021 – Segment 1: The Debate on Invasive Species 8:11

Many people are worried that non-native plants and animals are invading the U.S. and preventing native species from thriving. The guests offer a different perspective on the invasive species debate.

Guests: Fred Pearce, science journalist, researcher, author of *The New Wild: Why Invasive Species Will Be Nature's Salvation*; Tao Orion, permaculture educator, author of *Beyond the War on Invasive Species: A Permaculture Approach to Ecosystem Restoration*.

<https://www.nytimes.com/2016/03/01/science/invasive-species>.

June 13, 2021 – Segment 1: Environmental Effects of Palm Oil Production 9:59

The guests discuss the crisis of palm oil not being produced sustainably, leading to widespread deforestation in Southeast Asian countries..

Guests: Jocelyn Zuckerman, journalist, author, *Planet Palm: How Palm Oil Ended Up In Everything and Endangered the World*; Dr. Patricio Grassini, associate professor, agronomy & horticulture, University of Nebraska-Lincoln

<https://thenewpress.com/books/planet-palm>

June 20, 2021 – Segment 1: Drought in the West 11:15

Glennon talks about the worsening drought in the West, and what's being done to solve the problem.

Guest: Dr. Robert Glennon, regents professor, law and public policy, University of Arizona College of Law
<http://robertglennon.net/>

April 18, 2021, Segment 2: The Growing Wealth of the Billionaire Class 9:27

Facebook founder and CEO, Mark Zuckerberg added 41 billion dollars to his wealth over the past year. And that's nothing compared to what Tesla CEO, Elon Musk raked in: 157 billion. The majority of humans on the planet can't even fathom earning that amount of money. Yet, for many in the top .01 percent, it's a never-ending cycle of holding onto and building their wealth for generations to come. As the rich get richer and take up a bigger piece of the pie, what's left for the rest of us? How can leaders and laws slow this extreme wealth inequality?

Guest: Chuck Collins, director, Program on Inequality, Institute for Policy Studies, author, *The Wealth Hoarders: How Billionaires Pay Millions to Hide Trillions*.

<https://inequality.org/great-divide/updates-billionaire-pandemic/>

May 23, 2021, Segment 2: 40th Anniversary of the NASA Space Shuttle 9:54

Lainius tells the story of the Space Shuttle era of American space history.

Guest: Roger Launius, space historian, former chief historian, NASA, author, *NASA Space Shuttle: 40th Anniversary*.

<https://www.nasa.gov>

June 27, 2021, Segment 2: The Caregiver Crisis 9:56

The senior care experts discuss why no one wants Caregiver jobs and how this lack of infrastructure and funding is creating chaos amongst seniors who need help. Guests: Amy O' Rourke, senior healthcare expert, professional care manager, author, *The Fragile Years*; Susan Chapman, professor, social & behavioral sciences, University of California San Francisco School of Nursing.

June 7, 2021, Segment 2 - 14:27

Summer Breast Cancer Awareness – Miami Cancer Institute at Baptist Health

Guest: Dr. Lauren Carcas, Breast Oncologist, Miami Cancer Institute

Dr. Carcas discusses the importance of screening mammograms for early detection of Breast Cancer, the most important factor in improving survival rates. With Screening Mammograms down 80 percent due to the Pandemic, she urges women to avail themselves of no-cost screenings provided by the Women's Breast & Heart Initiative on National Pink Day for Summer Breast Cancer Awareness.

June 13, 2021, Segment 2- 6:46

Disparities in Access to HealthCare – Women's Breast & Heart Initiative

Guest: Andrea Ivory, Founder / CEO Women's Breast & Heart Initiative

Ivory discusses the inequities in access to Mammograms and Breast Cancer treatment, as well as general healthcare. She discusses the factors that prevent women from getting their annual screenings, including lack of health insurance, lack of transportation, inability to take time off work and more. This is her motivation to offer mammograms at no cost on National Pink Day for Summer Breast Cancer Awareness on June 23rd.
