OUTREACH ACTIVITIES

Activity Classification	Type of Activity	Brief Description
1	Participation in Job Fairs	The Finance Coordinator attended a virtual career fair hosted by LeMoyne-Owen College on October 25, 2021. WKNO talked to students about both career and internship opportunities with the organization and public broadcasting in general. We talked to students that were majoring in Marketing, Accounting, Public Relations and IT.
5	Internship Program designed to assist members of the community to acquire skills needed for broadcast employment	 WKNO participates in its community commitment to serve the public by working with colleges and high schools to offer internship opportunities. WKNO FM had an intern through a partnership with the University of Memphis' Institute of Public Service Reporting. They worked here over a period of time including April and May of 2021. They did morning news reports and produced a number of news features. WKNO TV had a production intern in June of 2021 from Collierville High School. They helped run camera during studio and field shoots, participated in production planning and edited promos for air.
8	Training Programs for station personnel.	 All WKNO employees completed harassment and peer sensitivity training sessions in September of 2021 using online CPB harassment training. In September 2021 our Director of Television Content attended a PTPA conference with other public television stations. The Education Manager attended the National Science Teachers Association virtual conference in April 2021. Topics included literacy, equity in science learning, dealing with COVID and the latest STEM lessons.
10	Community Events sponsored by educational institution to inform/educate about public broadcasting careers	WKNO routinely provides tours of its radio and television production facilities to student and youth organizations in the area. Each tour is virtually identical. They get to see our radio station, classical music library, TV studios, TV control room, and lots of related computer and recording equipment. They are given a brief history of WKNO and some insight into less visible aspects like our administrative and membership departments.

membership, including participation of women and minorities	including participation of	s with the
