Qubo Kids Corner

Qubo Kids Corner is a block of regularly scheduled E/I Programming addressing educational topics of interest to children. The featured shows in "Qubo Kids Corner" are *The Choo Choo Bob Show*, *Raggs*, and *Doki*

The Choo Choo Bob Show – This series features a diverse community of people and puppets who share a love of trains, adventure and music. Bob's Clubhouse is inhabited by friendly engineers, conductors and passengers who engage in collaborative and respectful work and play. The backdrop of the world of trains allows children to join the cast in riding the rails for a historical and geographical journey that becomes a metaphor for learning, emotional growth and the development of age-appropriate social-emotional behaviors.

Raggs – This series stars five colorful canine characters and their wisecracking pet cat, Dumpster, who hang together in their own colorful clubhouse making music. Each episode follows the band through engaging, emotional and humorous stories that rock the house and explore issues faced by real kids. The character's chemistry and friendship is immediately evident as they work through a series of creative and often humorous steps to find a successful

conclusion to everyday challenges. Each program is based on one main theme that promotes social and academic readiness while also addressing specific preschool curriculum topics such as literacy, visual arts, science, mathematics, social studies, movement, music and dance. Each show also focuses on the development of social and emotional skills and models cooperation between friends.

Doki – When a group of pre-school-age animals have questions about something they’re experiencing in their everyday worlds, finding the answers usually requires an international journey! So, they pack their backpacks and fly off. Doki (a dog) is curious and a bit bumbling but his sense of adventure always wins in the end. He, and his equally enthusiastic, curious, and adventuresome pals seek advice, ask great questions, and try new things.

Issues Addressed: Education, Children, Family
