WFLC Community Issues and Programming

April 1, 2013 – June 30, 2013

WFLC serves the Miami / Ft. Lauderdale / Hollywood market and all of its surrounding communities. Listed below is a description of the community issues addressed by the station in its programming for the period April 1, 2013 – June 30, 2013.

- 1. Governmental & Charitable Events**
- 2. Finance and Budget**
- 3. Health**
- 4. Women and Family Issues**

Description of Regular Public Affairs Programs

The regular public affairs programming schedule includes the weekly, Sunday broadcast of:

6:25 am **Radio Health Journal**
Produced by Media Tracks
Des Plaines, Illinois, 28 minutes

Radio Health Journal is an award-winning weekly radio program that reports on current issues in health and medicine, featuring America's leading experts and the latest news in medical research.

6:55 am **Sunday Morning Along The Coast**
Produced by WFLC / Cox Radio Miami
30 Minutes

Sunday Morning Along The Coast features conversations with community leaders and people who impact the lives of those who live in South Florida. It is a long-form interview show which seeks to share and explore all sides of issues and topics and let the listener decide based on the conversation. The show also strives to inform the listening audience on events or topics which are currently active in the community and give the organizations which are promoting those events for the common good, a platform for their cause.

WFLC serves the Miami / Ft. Lauderdale market and all of its surrounding communities. Listed below is a description of the community issues addressed by the station in its programming for the period April 1, 2013 – June 30, 2013.

Community Issues Related Programming

Governmental & Charitable Events

April 14, 2013 6:55 a.m.

Sunday Morning Along the Coast – Miami Dade Transit

Duration: 0:24:01 minutes

Irene Ferradaz re-joins the program to discuss the new improvements in the Miami-Dade transit system, how they have implemented more environmentally friendly ways of getting around and how you can use the transit system to your benefit.

“Las Olas Wine and Food Festival” April 19, 2013

The Las Olas Wine and Food Festival benefited the American Cancer Society.

- A dedicated page on 973thecoast.com was created in the Community Events Section promoting the event.
- 30- recorded promotional announcements ran 04/01-04/19

April 21, 2013 6:55 a.m.

Sunday Morning Along the Coast – American Cancer Society

Duration: 0:21:08 minutes

Paula Randall joins the programs to talk about the American Cancer Society and their mission. She also talks about fundraisers like Relay for Life, volunteer opportunities and services the American Red Cross offers.

“Relay For Life East Boca Raton” April 27, 2013

This 5K benefited the American Cancer Society.

- A dedicated page on 973thecoast.com was created in the Community Events Section promoting the event.
- 12 recorded promotional announcements ran from 04/08-04/27.

“AIDS Walk Miami” April 28, 2013

This 5K benefited several AIDS related organizations in South Florida.

- A dedicated page on 973thecoast.com was created in the Community Events Section promoting the event.
- 22 recorded promotional announcements ran from 04/15-04/28

May 5, 2013 6:25 a.m.

Radio Health Journal Segment #1 – "Truth serum"

Duration: 0:13:22 minutes

Host: Reed Pence. Guests: Dr. August Piper, psychiatrist and internist, Seattle, researcher into narcoanalytic interviews; Dr. Elliot Atkins, clinical and forensic psychologist

Police and prosecutors have long sought technologies to help them solve crimes and gain convictions. Use of "truth serum" is one such effort. Research shows subjects are able to lie and are extremely suggestible under its influence, so these narcoanalytic interviews are seldom used. Even so, a Colorado judge has okayed their use on the alleged Aurora theater shooter should he attempt an insanity defense. Is that ethical? Might it work? Experts discuss truth serum and its use.

June 23, 2013 6:55 a.m.

Sunday Morning Along the Coast – Let's Do Business Summit

Duration: 0:25:44 minutes

The founder of the Minority Community Reinvestment Coalition, Al Pina, comes on to talk about equality in the work place and how the Let's Do Business Summit's goal is to make sure all major companies have employed the regulated amount of minorities.

June 30, 2013 6:55 a.m.

Sunday Morning Along the Coast Part 1 – 4th of July and Pet Protection

Duration: 0:18:57 minutes

Phil Blizzard re-joins the program to discuss the threats your pets may face during the 4th of July and hurricane season. He covers loud noises, hurricane season and thunderstorms and how you can help your pet thru these various stress situations using pressure.

Finance and Budget

April 7, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Food waste

Duration: 0:12:51 minutes

Host: Reed Pence. Guests: Jonathan Bloom, author, American Wasteland; Pam Stuppy, registered dietitian, York, ME and Portsmouth, NH; Ross Fraser, spokesman, Feeding America

Americans throw out 25 percent of the food we bring home. Food makes up 18 percent of landfills. Experts discuss why we waste so much, how to combat waste, and how hunger organizations are turning food that used to be thrown out into good meals for the needy.

April 14, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Height, beauty, and criminality

Duration: 0:07:53 minutes

Host: Nancy Benson. Guests: Dr. Gregory Price, Prof. of Economics, Morehouse College; Deborah Rhode, Director, Stanford Center for the Legal Profession.

Researchers have found that short, less-attractive people are less likely to be employed than tall, beautiful people, and so are statistically more likely to turn to a life of crime. Experts discuss the ramifications of this legal discrimination on society.

April 21, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Caregiving and the workplace

Duration: 0:12:19 minutes

Host: Reed Pence. Guests: Gail Gibson Hunt, President and CEO, National Alliance for Caregiving; Jody Gastfriend, Vice President of Senior Care, Care.com.

About one of every six US workers is also a caregiver for an elderly parent or loved one. This creates a drag on productivity in the workplace as employees arrive late, leave early, take work time for caregiving issues and deal with extra stress. Co-workers also have to pick up the slack for these workers. Experts discuss the issue and how employers can prevent problems.

April 28, 2013 6:55 a.m.

Sunday Morning Along the Coast – Sudden Wealth Syndrome

Duration: 0:27:56 minutes

Irvin Schotsch is the president of Pennsylvania capital management; he discussed a new syndrome having to do with those who acquire big lump sums of money quickly like lottery winners or those who were willed funds. He's talks about signs, symptoms and ways to deal with those suffering from Sudden Wealth Syndrome.

June 9, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Failure to launch

Duration: 0:08:20 minutes

Host: Nancy Benson. Guest: Dr. Jeffrey Jensen Arnett, Prof. of Research Psychology, Clark Univ. and author, When Will My Grown Up Child Grow Up? Loving and Understanding Your Emerging Adult.

It's much more common today for 20-somethings to delay moving out of Mom and Dad's house to start an independent life. An expert discusses the reasons for this trend, and emerging thought on whether this apparent new stage of life is normal.

June 9, 2013 6:55 a.m.

Sunday Morning Along the Coast – Save Money Cleaning

Duration: 0:24:55 minutes

Bryan Pinkham is taking cleaning and trying to make it more environmentally friendly. He discusses how the chemicals we use can end up in our drinking water, why cleaning

green is a better way for your family and He talks about the benefits your bank account will reap.

Health

April 7, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Two generations of ADHD

Duration: 0:07:59 minutes

Host: Nancy Benson. Guest: Katherine Ellison, author, Buzz: A Year of Paying Attention

Having a child with ADHD is often difficult for parents, but when a parent has ADHD as well, it can set up an explosive situation. One such parent who went on a quest of understanding explains the "inside story" of the dynamic and suggests solutions.

April 7, 2013 6:55 a.m.

Sunday Morning Along the Coast – End of Life Etiquette

Duration: 0:28:22 minutes

Samira Beckwith discusses the ways that you should approach someone at the end of their life emotionally. She covers last requests, the rules of etiquette and how to discuss death with children.

April 21, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Food trends

Duration: 0:08:53 minutes

Host: Nancy Benson. Guest: Harry Balzer, Chief Industry Analyst, NPD Group.

Most people would like to eat healthy foods. But other factors such as cost and ease of preparation are much more important in our food choices. A longtime food market researcher discusses why we choose the foods we eat.

April 28, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Allergies and climate change

Duration: 0:12:15 minutes

Host: Reed Pence. Guests: Dr. Kim Knowlton, Senior Scientist, Health and Environment Program, Natural Resources Defense Council; Dr. Lew Ziska, plant ecologist, USDA Agricultural Research Service Crop Systems and Global Change Laboratory.

The 40 million Americans with allergies are finding allergy seasons are getting longer with higher pollen counts as a result of climate change. Experts discuss this change and how it could affect public health.

April 28, 2013 6:25 a.m.

Radio Health Journal Segment #2 – A major endorsement of the Mediterranean diet

Duration: 0:08:09 minutes

Host: Lynn Holley. Guests: Dr. Angelo Acquista, New York Univ. Medical Center and author, The Mediterranean Prescription; Nancy Harmon Jenkins, author, The New Mediterranean Diet.

The Mediterranean diet, high in olive oil, beans, nuts, vegetables and fish, has been found to cut the risk of death by up to 30 percent in high risk people. Experts discuss why this style of eating confers such advantages and how people can eat such a diet inexpensively.

May 5, 2013 6:25 a.m.

Radio Health Journal Segment #2 – "Imaginary" illness

Duration: 0:06:59 minutes

Host: Lynn Holley. Guests: Dr. Chloe Atkins, Assoc. Prof. of Law and Society, Univ. of Calgary and author, My Imaginary Illness: A Journey into Uncertainty and Prejudice in Medical Diagnosis; Dr. Brian Hodges, Prof. of Psychiatry, Univ. of Toronto.

Diseases that produce no diagnosis are frustrating for both patient and physician, to the point that some doctors conclude that even a real illness must be "all in a patient's head." One victim discusses such a misdiagnosis and its implications.

May 5, 2013 6:55 a.m.

Sunday Morning Along the Coast – The Key to Longevity

Duration: 0:20:06 minutes

Dr. Vincent Padre talks about exercise and the many benefits it will have on your life span. He discusses 5 ways you can look and feel younger, what your limitations should be and why you should know when to stop.

May 12, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Getting a good night's sleep

Duration: 0:13:07 minutes

Host: Reed Pence. Guests: Dr. Nina Shapiro, Prof. of Head and Neck Surgery, UCLA; Dr. Sara Gottfried, Integrative Physician and author, The Hormone Cure.

As many as 40 percent of Americans suffer from insomnia. Two experts discuss consequences of our sleep deficit and a variety of ways to give people a better chance to sleep soundly all night.

May 12, 2013 6:25 a.m.

Radio Health Journal Segment #2 – The beginning of modern cancer treatment

Duration: 0:07:52 minutes

Host: Nancy Benson. Guests: Jessica Wapner, author, The Philadelphia Chromosome: A Mutant Gene and the Quest to Cure Cancer at the Genetic Level.

Scientists are hotly pursuing the genetic roots of cancer to treat the disease without harming normal cells. But when they first stumbled onto a single mutation that caused a form of leukemia in 1959, researchers had no idea what to do with the discovery. A science writer describes 40 years of innovation to get from the microscope to the first genetic treatment.

May 19, 2013 6:25 a.m.

Radio Health Journal Segment #2 – DNA and incest: what's a doctor's ethical obligation?

Duration: 0:06:54 minutes

Host: Nancy Benson. Guests: Dr. Arthur Baudet, Prof. and Chair, Dept. of Molecular and human Genetics, Baylor College of Medicine; Dr. Christine Courtois, psychologist and author, Healing the Incest Wound: Adult Survivors in Therapy

New DNA tests given for other reasons can reveal when a new baby is the product of incest, even without parental cooperation. A doctor's legal obligation to report is clear in the case of child abuse. But what should doctors do if both parents are of age and incest is revealed? Experts discuss.

May 26, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Alimentary adventures

Duration: 0:13:04 minutes

Host: Reed Pence. Guest: Mary Roach, author, Gulp: Adventures On the Alimentary Canal

Most people have little idea what goes on in the digestive system. A science writer explains everything she found during an exhaustive investigation.

June 2, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Silver fillings

Duration: 0:14:04 minutes

Host: Reed Pence. Guests: Freya Koss, Director, Pennsylvania Coalition for Mercury-Free Dentistry and publicist, International Academy of Oral Medicine and Toxicology; Dr. Phillip Sukel, mercury-free dentist, Huntley, IL and former President, International Academy of Oral Medicine and Toxicology; Dr. Edmond Hewlett, Prof. of Restorative Dentistry, UCLA School of Dentistry and consumer advisor, American Dental Assn.

Some 180 million Americans have silver tooth fillings, which contain mercury. Some advocates and dentists claim they should be banned because they release mercury vapor, which can cause severe health problems. However, the FDA, American Dental Association and other authorities insist there is no health issue. Experts on each side discuss the evidence.

June 2, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Inside the last alms house

Duration: 0:06:52 minutes

Host: Nancy Benson. Guest: Dr. Victoria Sweet, Assoc. Clinical Prof. of Medicine, Univ. of California, San Francisco and author, God's Hotel: A Doctor, A Hospital, and a Pilgrimage to the Heart of Medicine

Most US counties had an alms house at one time, a form of charity hospital/housing for longer term recovery. Today, almost none exist. A doctor who spent 20 years at an alms house discusses the lessons it brings to how medicine can be done.

June 2, 2013 6:55 a.m.

Sunday Morning Along the Coast – Drug Free World

Duration: 0:26:55 minutes

Keith Code re-joins the program as the Ambassador for the Foundation for a Drug Free World. He discusses his struggles with addiction, the warning signs that someone in your life may be suffering, and ways you can talk to your friends and family about drug use.

June 9, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Group doctor's appointments

Duration: 0:12:27 minutes

Host: Reed Pence. Guests: Dr. Edward Noffsinger, group visit consultant and author, The ABC's of Group Visits; Dr. Edward Shahady, Medical Director, Diabetes Master Clinician Program, Florida Academy of Family Physicians.

Access to doctors is a major problem in American healthcare. It can take weeks to get in to the doctor, and then a patient may have just a few minutes time in the exam room. Researchers have devised group visits as a solution, as long as patients are willing to share their lengthened appointment time with a dozen or so other patients. Experts discuss the pro's and con's.

June 23, 2013 6:25 a.m.

Radio Health Journal Segment #1 – GPS and the brain

Duration: 0:13:41 minutes

Host: Reed Pence. Guests: Dr. Veronique Bohbot, Assoc. Prof. of Psychiatry, McGill Univ.; Dr. Michael Merzenich, Prof. Emeritus of Neuroscience, Univ. of California-San Francisco and Chief Scientific Officer, Posit Science Co.; Glen Schorr, Exec. Dir., Orienteering USA

Devices such GPS help us find our way easily, but researchers are finding that over-reliance may lead to weakening of a specific part of the brain, with a higher risk of dementia later. Experts explain and discuss ways to keep the hippocampus healthy.

June 23, 2013 6:25 a.m.

Radio Health Journal Segment #1 – GPS and the brain

Duration: 0:13:41 minutes

Host: Reed Pence. Guests: Dr. Veronique Bohbot, Assoc. Prof. of Psychiatry, McGill Univ.; Dr. Michael Merzenich, Prof. Emeritus of Neuroscience, Univ. of California-San Francisco and Chief Scientific Officer, Posit Science Co.; Glen Schorr, Exec. Dir., Orienteering USA

Devices such GPS help us find our way easily, but researchers are finding that over-reliance may lead to weakening of a specific part of the brain, with a higher risk of dementia later. Experts explain and discuss ways to keep the hippocampus healthy.

June 23, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Puzzles and the brain

Duration: 0:07:04 minutes

*Host: Nancy Benson. Guests: Dr. Richard Restak, Prof. of Neurology, George Washington Hospital and Scott Kim, independent game designer, co-authors, *The Playful Brain: The Surprising Science of How Puzzles Improve Your Mind**

Researchers have discovered that specific mind tasks can enhance specific parts of the brain. A brain scientist and a puzzle developer discuss how to use different kinds of puzzles to strengthen the mind.

June 30, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Medical apps

Duration: 0:13:10 minutes

Host: Reed Pence. Guests: Brian Edwards, Senior MHealth Analyst, i-Medial Apps and fellow, Startup Health; Dr. Noah Craft, Chief Medical Officer, Logical Images, and dermatologist, UCLA Medical Center; Kim Tyrell-Knott, partner, Epstein, Becker and Green Law and attorney, MHealth Regulatory Coalition

The advent of smartphones puts a computer in many people's pockets, and application developers have created hundreds of apps to do everything from finding information and testing vital signs to making diagnoses. The industry calls these "MHealth apps." Experts discuss how they're being adopted by doctors and patients and what they'll mean to health care.

June 30, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Vocal Abuse

Duration: 0:07:39 minutes

Host: Nancy Benson. Guests: Dr. Ramon Franco, Director, Div. of Laryngology, Harvard Medical School-Massachusetts Eye and Ear infirmary; Lisa Grisolia, voice teacher and professional vocalist with New Classic Singers.

Much of our communication relies on speaking. Experts discuss ways to keep your voice out of trouble.

Women & Family

April 14, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Bike safety: how much do helmets count?

Duration: 0:12:49 minutes

Host: Reed Pence. Guests: Randy Swart, Director, Bicycle Helmet Safety Institute; Avery Burdett, blogger at VehicularCyclist.com and editorial board member, Bicycle Helmet Research Foundation; Dr. Susan Shaheen, Co-Director, Transportation Sustainability Research Center, Univ. of California, Berkeley

Twenty-one US states require bicycle helmets for children, but they remain controversial for adults and few jurisdictions require them. Experts discuss conflicting evidence on helmet effectiveness, the possibility that helmet laws reduce ridership, and other governmental actions that could reduce injuries and deaths even more than helmets.

May 12, 2013 6:55 a.m.

Sunday Morning Along the Coast – Stressed Out Moms

Duration: 0:23:13

Dr. Ammie Shunny re-joins the program to talk about the tips she has for stressed out moms. She discusses the physical signs, a mood elevating diet and the importance of serotonin.

May 19, 2013 6:25 a.m.

Radio Health Journal Segment #1 – The midlife crisis myth

Duration: 0:12:22 minutes

Host: Reed Pence. Guests: Dr. Margie Lachman, Prof. of Psychology, Brandeis Univ.; Dr. David Almeida, Prof. of Human Development, Pennsylvania State Univ.

Many people believe that middle-aged men almost inevitably face a midlife crisis, resulting in intemperate behavior, divorce and the purchase of convertibles. Experts trace the origins of the theory and why it doesn't hold up to examination.

May 19, 2013 6:55 a.m.

Sunday Morning Along the Coast – 4Kids of South Florida

Duration: 0:29:42

Joyce Feldman, business Development Director for 4Kids of South Florida, comes on to talk about the organization which has helped over 17,000 children in our community. She goes over their mission, Safeplace and Family Style Homes.

May 26, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Drowning: it doesn't look like you think

Duration: 0:07:22 minutes

Host: Nancy Benson. Guests: Dr. Francesco Pia, water safety educator; Mario Vittone, Retired Marine Safety Specialist, US Coast Guard.

Seven hundred children under age 15 drown in the US each year, most within sight of a parent or other adult. Experts discuss one major reason: drowning doesn't look like most people picture it, and so are unaware the child is in trouble

May 26, 2013 6:55 a.m.

Sunday Morning Along the Coast – Family eJournal

Duration: 0:25:23 minutes

Kevin Strauss is the creator of family eJournal, he comes back on the program to discuss innovative ways for families to communicate. He talk about bullying, the idea of e-mail family communication and how it can help family's stay connected and see sign of issues.

June 16, 2013 6:25 a.m.

Radio Health Journal Segment #1 – Raising kids in a toxic world

Duration: 0:13:12 minutes

Host: Reed Pence. Guests: Dr. Sandra Steingraber, Scholar-In-Residence, Ithaca College and author, Living Downstream and Raising Elijah: Protecting Our Children In An Age of Environmental Crisis; Dave Wentz, author, The Healthy Home: Simple Truths to Protect Your Family From Hidden Household Dangers.

Children are most vulnerable to the toxics in our environment. The US has fewer rules requiring testing of new chemicals compared to the EU, so it is mostly up to parents to keep children safe. Two experts discuss the important steps parents can take.

June 16, 2013 6:25 a.m.

Radio Health Journal Segment #2 – Free play and playgrounds

Duration: 0:07:13 minutes

Host: Nancy Benson. Guests: Bob Collins, playground designer, RGC Design, and author, The Complete Guide to Playground Development; Dr. Jodi Crane, Assoc. Prof. and Director, Appalachian Play Therapy Center, Lindsey Wilson College.

Many schools are cutting recess and playgrounds to give children more time in the classroom. However, research shows that children need free play, and learn better when they have it. Two experts discuss the advantages of free play.

June 16, 2013 6:55 a.m.

Sunday Morning Along the Coast – Mary Higgins Clark

Duration: 0:22:56 minutes

Mary Higgins Clark comes on to talk about her career and how she has trail blazed a path for female writes. She talk about how writers can break into the industry, her inspiration for her books and the three things she wants you to know.

June 30, 2013 6:55 a.m.

Sunday Morning Along the Coast Part 2 – Firework Safety

Duration: 0:14:22 minutes

Selina Gomez of the American Red Cross comes back on to talk about firework safety and tell us about the programs the American Red Cross offers for parent and the community.
