FILING INSTRUCTIONS

Broadcast station licensees are required to afford equal employment opportunity to all qualified persons and to refrain from discriminating in employment and related benefits on the basis of race, color, national origin, religion, and sex. See 47 C.F.R. Section 73.2080. Pursuant to these requirements, a license renewal applicant whose station employment unit employs five or more full-time station employees must file a report of its activities to ensure equal employment opportunity. If a station employment unit employs fewer than five full-time employees, no equal employment opportunity program information need be filed. If a station employment unit is filing a combined report, a copy of the report must be filed with each station's renewal application.

A copy of this report must be kept in the station's public file. These actions are required to obtain license renewal. Failure to meet these requirements may result in sanctions or license renewal being delayed or denied. These requirements are contained in 47 C.F.R. Section 73.2080 and are authorized by the Communications Act of 1934, as amended.

DISCRIMINATION COMPLAINTS. Have any pending or resolved complaints been filed during this license term before any body having competent jurisdiction under federal, state, territorial or local law, alleging unlawful discrimination in the employment practices of the station(s)? Yes No

If so, provide a brief description of the complaint(s), including the persons involved, the date of the filing, the court or agency, the file number (if any), and the disposition or current status of the matter.

[Exhibit 1]

Does your station employment unit employ fewer than five full-time employees? Yes No

Consider as "full-time" employees all those permanently working 30 or more hours a week.

If your station employment unit employs fewer than five full-time employees, complete the certification below, return the form to the FCC, and place a copy in your station(s) public file. You do not have to complete the rest of this form. If your station employment unit employs five or more full-time employees, you must complete all of this form and follow all instructions.

CERTIFICATION.

This report must be certified, as follows:

- A. By licensee, if an individual;
- B. By a partner, if a partnership (general partner, if a limited partnership);
- C. By an officer, if a corporation or an association; or
- D. By an attorney of the licensee, in case of physical disability or absence from the United States of the licensee.

WILLFUL FALSE STATEMENTS ON THIS FORM ARE PUNISHABLE BY FINE AND/OR IMPRISONMENT (U.S. CODE, TITLE 18, SECTION 1001), AND/OR REVOCATION OF ANY STATION LICENSE OR CONSTRUCTION PERMIT (U.S. CODE, TITLE 47, SECTION 312(a)(1)), AND/OR FORFEITURE (U.S. CODE, TITLE 47, SECTION 503).

WHO-TV EEO Outreach Programs

WHO-TV sponsors an internship program, which is designed to provide students with an inside view of working at a television station and which supplements college classroom lessons with hands-on experience in television news, production, and promotions/marketing. The program is offered to students who have completed their sophomore year of college, and students who participate receive credit from the college or university for the internship.

The station also offers a job-shadowing program, which is an additional way for students to come in for a day to observe the operations and career opportunities at a TV station.

WHO-TV provides a listing of all full-time job openings to various governmental, industry, and college job banks in addition to other recruitment sources. This outreach includes all levels of open full time positions at WHO-TV.

On-air meteorologists are located at the Science Center of Iowa five days a week and from that location, offer live broadcasts. This program provides outreach to children and accompanying adults, allowing them to experience a live newscast, be educated in weather forecasting tools, and to provide information regarding opportunities for employment in television.

WHO-TV subscribes to a training website, Lynda.com, which is available to all employees. This training website offers numerous courses in a variety of subjects, which permit our employees to improve and advance their skills with individual software programs, including programs that teach new skills as well. For example, when the station switched to Final Cut Pro, a non-linear video editing software program, our promotion department employees utilized the web based training for this new software. Other employees have utilized the training website to improve their proficiency in other areas, such as the use of Excel.

Throughout the year, various employees, including management, give presentations at workshops and participate in panels at colleges/conventions to provide information on learning how to get ahead in their future careers, give students tips on finding internship jobs, what to expect when working at a TV station and various other topics.
