

WWLE – AM
Quarterly Issues/Program Report
April – June 2019

WWLE provides its listeners with programming and public service announcements that address issues of concern to our local community.

ISSUES

4/6: Week in Review 7:30a: Latinos in Business Expo Draws Impressive Crowd-Recap of live broadcast from 12noon to 3pm; Interviews included event organizers, volunteers, participants and attendees; St. Luke's Cornwall Hospital Unveils New Name-Montefiore; Work Begins on \$21M Stewart Airport Expansion project. Pet World 8am: Tick season is coming upon us quickly, are you protecting your pets? Veterinary Technician Becky Mossor will tell us all about how we can keep our furry family members safe and still enjoy the great outdoors. Veterinary Behaviorist Dr. Chris Pachel will share with us the importance of making sure that we are getting our veterinary information from all the right places. That means less time with Dr. Google and more time with the people that we trust with our pets' care - our veterinarians!

4/13: Week in Review 7:30a: Black History Committee of the Hudson Valley remembers Rev. Dr. Martin Luther King on anniversary of assassination; Newburgh School District to Tighten Oversight of Student Absences following district attorney report; District Attorney Hoovler discusses the findings of a Grand Jury Report that Blasts Newburgh School District; ICE Agents Invade Middletown City Hall; NY Attorney General James Hosts Opioid Forum with mayor, health officials, and law enforcement. Pet World 8am: It's time to roll out the red carpet and check out some real celebrities. We're talking about the four-legged celebrities that will be appearing at the Beverly Hills Dog Show presented by Purina. Dog show legend David Frei tells us all about what to expect at this year's show which airs on NBC on Easter Sunday. You've heard Steve speak a lot about pheromones and how they can help your pets stay more calm. This week, Dr. Natalie Marks chats with Steve about how exactly those pheromones can help our cats.

4/20: Week in Review 7:30a: Founder of Newburgh Meals on Wheels Fredericka Warner Dies-her lasting impact and legacy; Local Boys and Girls Club Awards 2019 Youth of the Year; NY AG announces "Operation Candy Crush" Convictions that surprised many; Orange County's Crime Victims Remembered by Safe Homes and other; April is Testicular Cancer Awareness Month-signs and symptoms and where to get help/treatment. Pet World 8am: Steve is rolling out the red carpet for legendary entertainer and dog show host extraordinaire, Mr. John O'Hurley. John will be hosting the Beverly Hills Dog Show presented by Purina, with his long time broadcast partner, David Frei, on NBC on Easter Sunday. Dr. Natalie Marks is back with us this week to chat more about pheromones. This week she tells us all the great calming effects they can have on our dogs.

4/27: Week in Review 7:30a: RECAP Receives \$200,000 For SNUG Program; NYS Assemblyman Jonathan Jacobson joins with other local elected officials in speaking out on health care services attacks; Update on Newburgh Water Contamination Issue from Assistant Secretary of the Air Force, John Henderson, who spoke to the community about the status of the

water contamination issue and where they are at in the process of remediating the water supply. Pet World 8am: She is a legend, pure and simple. He's spoken with her many times over the years, but her words are more important now than they have ever been. Dr. Jane Goodall recently sat down with Steve for an in-depth interview. This week we share that conversation on a very special episode of the show.

5/4: Week in Review 7:30a: Tower of Victory Reopens at Washington's HQ; NYS Senator Skoufis Announces Pre-Apprenticeship Program for area residents; OC Chamber of Commerce Opens Satellite Office on Broadway in Newburgh; Mount Saint Mary College hosts annual health fair. Pet World 8am: We recently celebrated Dog Bite Prevention Week, so now we dig deeper into how we make sure we prevent those bites in the first place - and it's really more about us than the dogs. Renowned trainer Laura Monaco Torrelli has tips. The Human Animal bond is one of our greatest gifts. Kimberly Pope Robinson talks about why it's so special and how we can keep it strong.

5/18: Week in Review 7:30a: Reporting Overdoses in Real Time and Saving Lives-Marisa S. Barbieri, creator of software to help first responders predict overdoses; Walk for Housing Goes on Despite Rainy Weather; Bridge Closed-Lake Dr. Over Quassaick Creek after it was found to be structurally deficient with timeline about repairs. Pet World 8am: What is contra free loading and how can it be beneficial to the nutrition of our pets? Dr. Regan McGowan of Purina will tell us all about this innovative way to improve our pets' lives. We are finally starting to really understand the pain that our pets feel. Dr. Tamara Grubb will take us through what we know about how our pets feel and hide pain and the knowledge we have now about how we can better treat their pain.

5/25: Week in Review 7:30a: Mount Saint Mary College Confers 600 Degrees with USMA Superintendent as guest speaker; NYS Assemblyman Jacobson Stands up for Domestic Violence Victims; Drugs, Guns Seized in Newburgh Raids on Liberty Street; Hoboken International Film Festival - Red Carpet - who was there, screenings, economic impact. Pet World 8am: The Million Cat Challenge started with the ambitious goal of saving a million cats from shelters within five years. When they achieved that goal a year early, they got even more ambitious. Now their goal is #allthecats. Dr. Kate Hurley tells us how we can help save more cats. Dr. Mark Goldstein has had an extraordinary 30 year career of taking care of animals. As a veterinarian in practice or as the director of zoos in Los Angeles and Boston, he's had a lifetime of changing the lives of animals. He recounts his many adventures with us when he talks about his book, "Lions and Tigers and Hamsters: What Animals Large and Small Taught Me About Life, Love, and Humanity."

6/1: Week in Review 7:30a: West Point Graduates Most Diverse Class; Five Planned Parenthood Affiliates in NYS to Join Forces;SUNY Orange Celebrates 69th Commencement Ceremony; Newburgh Honors War Dead on Memorial Day with annual parade;Woodbury Common Expansion Plans Presented during Chamber meeting. Pet World 8am: Leptospirosis is a disease you don't want your dog to get for many reasons. First off, it can make them sick. Secondly, it's a zoonotic disease, meaning it can be spread to humans as well. In fact a man in New York died of Leptospirosis just two years ago. Amanda Young has been doing research on Lepto and she'll tell us that it's in more places around the country than we ever previously

thought. Our older pets are facing more aging issues. Since we want them to be comfortable we are willing to try different ways to help them. Dr. Judy Morgan joins us to talk about acupuncture for our pets.

6/8: Week in Review 7:30a: 12 P-TECH Graduates Earn Two Year Degrees from SUNY Orange; Illuminated Festival Draws Almost 40k and featured Pardison Fontaine; Newburgh Gun Buy-Back Program Set For June 22, what's accepted, no questions asked and gift card amounts; Orange County Health Dept. celebrates 50 years. Pet World 8am: Service Animals have been in the news a lot the last year as we've had many controversies surrounding people trying to sneak animals onto planes that just maybe aren't really service animals. So what is a service animal, who needs one, and why is it important to only bring these animals if really trained properly? Veterinary Technician Becky Mossor explains the whys and hows of service animals. Dr. Jennifer Chatfield says that the human-animal bond is about more than cats and dogs. We'll learn about many species and how they intertwine with other species and within our own lives.

6/8: Week in Review 7:30a: Margarita Garcia Awarded 2019 Human Rights Scholarship; Army West Point Cadet Morgan Killed in Accident, others injured; Free Prostate Cancer Screening and Education presented by Montefiore St. Luke's Cornwall's at Cornwall Radiation Oncology Services; Newburgh Celebrates African American Pride With Parade. Pet World 8am: How do we choose the right pet to fit both our family and our lifestyle? Are we home enough? Do we have kids that will want to play with the pet? Do we like to go for long walks? Dr. Kendall Houlihan of the American Veterinary Medical Association has tips for choosing the right furry family member. It's all the rage - cannabis. As more states legalize both medical and recreational usage, the topic of how cannabis can help our pets suffering from things like arthritis has gained a lot of attention. Registered Veterinary Technician Stephan Cital gives us the straight dope on.....dope.

6/15: Week in Review 7:30a: Baptist Temple Church Holds Pastoral Installation for Reverend Dr. Dollyann Newkirk-Briggs; YWCA Orange County Welcomes Heather Bell as its new Executive Director; Tyrone Birkett Emancipation Makes a Big Return to Storm King Arts Center. Pet World 8am: Ticks are everywhere and it's only getting worse. Dr. Craig Prior is the immediate past President of the Companion Animal Parasite Council. He'll share with us the details on where the ticks are and the threat they pose to our pets (and us!) The stress on people that work in veterinary medicine is intense. Dr. Kimberly Pope-Robinson talks about her struggles with mental health and what it's like to work in the profession when she chats with Steve about her book, "The Unspoken Life: Recognize Your Passion, Embrace Imperfection, and Stay Connected."

6/22: Week in Review 7:30a: Free Summer Meals Program for kids is "Rolling Out"- locations and times, no application; Hospital Foundation Awards Scholarships to High School Seniors; San Miguel Next Step Ceremony First-of-its-Kind; Students Honored For Creating Anti-Vaping PSA. Pet World 8am: Tick season is upon us and we need to do a better job of protecting both our pets and our families! And we actually have more tools at our disposal to protect our pets than we do for ourselves. Dr. Wade Burton of IDEXX gives us all the latest info on tick disease. Trap-Neuter-Return-Vaccinate is such an important program for our feral cat population. Anne Beall, author of, Community Cats: A Journey Into The World of Feral Cats, talks to us about the

importance of the feral cat population as well as her own look into the amazing pull of the Human-Animal Bond.

6/29: Week in Review 7:30am: Local high school graduations, valedictorians and salutatorians, local colleges, trade schools and military options discussed; Activists Push US Rep. Sean Patrick Maloney to Oppose Newburgh Gas Plant marching from city hall to district office handing over petitions to staffers; Washingtonville Central Sschool District Appoints Dr. Washington as new Superintendent; Local veterans honored with Resiliency Awards; Firework display locations, times and best viewing areas. Pet World 8am: We're celebrating our independence - from cat allergies! Dr. Kurt Venator of Purina will tell us more about the groundbreaking research done by Purina scientists that has found a way to isolate the main cat allergen so it won't interact with the human immune system. Service dogs do amazing things. Ryan DeRoche, who had a tragic accident and now thrives with his assistance dog, talks about the help he is getting through the Bravecto Cares program.
