KHTS-FM
Quarterly Issues/Programs List

KHTS-FM provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **ALPHA PROJECT:** ALPHA PROJECT, HOMELESS, VIOLENCE
- **CENTER FOR EMPLOYMENT OPPORTU:** CENTER FOR EMPLOYMENT OPPORTUNITIES, JOBS
- **DIABETES:** A new study finds that an alarming rate of Americans either has diabetes or will be diagnosed in the future with the dangerous condition. The ADA in San Diego is working to educate people on the dangers of diabetes and the ways people can prevent it or keep it under control.
- **DISTRACTED DRIVING:** In California law enforcement has joined with the California Office for Traffic Safety and other organizations to educate people on the dangers of distracted driving. We discussed the issue and ways to stay safe on the road.
- **DRUG ADDICTION:** Since the death of music legend Prince there's been a lot of discussion surrounding the topic of addiction. There are reports that he had issues with painkillers and was attempting to get help. A New Path is a San Diego organization that works to help people who are addicted to get access to the services they need and to educate people about the disease of addiction. It advocates for therapeutic treatment over punitive drug policies.
- **HOMELESSNESS:** Homelessness. Last week a number of media outlets in San Diego collaborated on one of San Diego's most pressing issues. Each outlet devoted coverage to examining the problem of homelessness and the solutions that are being explored and those in practice. Newsradio AM 600 KO-GO committed time to the issue throughout the day, we talked to people living in shelters to federal and local officials and advocates who are working on solving the problem. Those interviews have been compiled for this edition of the Community Connection.
- **MCAS AIRSHOW:** The 2016 edition of the MCAS Miramar Air Show starts Friday and runs through Sunday. It's an important tradition for thousands of San Diegans who will flock to the base for the nation's largest military air show to see the static

displays and the aerial military and civilian pilots perform. We're going to discuss what to expect this year, including some significant security changes you need to be aware about if you're going.

- **NATIONAL SECURITY:** The 2016 edition of the MCAS Miramar Air Show starts Friday and runs through Sunday. September is National Preparedness month and the office of Homeland Security here in San Diego is joining us to talk about what we can all do to keep ourselves and our families ready.
