

## **WJPR - "Love at first bite"**

February 16th, 2024

WJPR used air time to promote a collaborative effort between 91.7 The Curve, FCCLA, and Culinary classes and held the first-ever "Love at First Bite" dinner event to benefit The Dove Recovery House. Culinary students made pasta dishes, FCCLA students offered child care, and radio students were hosts, waiters, and entertainment for the evening.

The event was a success (despite the winter weather) and was a great example of how our students can really come together for a philanthropic effort when given the chance.
