Coronavirus Funding Options and the new CARES Act

Our nation's small businesses are facing an unprecedented economic disruption due to the Coronavirus (COVID-19) outbreak. On Friday, March 27, 2020, the President signed into law the CARES Act, which contains \$376 billion in relief for American workers and small businesses.

Brian Quaranta CEO of Secure Money Advisors

Financial consultant in Zelienople, Pennsylvania

Address: 504 S Main St, Zelienople, PA 16063

Phone: (724) 382-1298

How can investors protect their 401(k) and other retirement savings from being depleted when they're watching the stock market drop? The last month has been hard on investors. Stocks fell into correction territory in February, around the time fears of the coronavirus spreading and affecting global economies began.

C 412.670.8683

Central Blood Bank is now Vitalant.

The broad shutdown of American commerce and social life caused by the new coronavirus pandemic has put the nation's blood supply under stress it's never before seen, blood-center directors say. The centers are urging people to make appointments to donate after the typical venues for drives -- schools, colleges, workplaces and houses of worship -- have broadly shut down.

How the Pandemic has Impacted Domestic Violence Clients/Survivors -- Even though being home is critical to staying healthy during COVID-19, home unfortunately can be a very dangerous place. The severity and frequency of abuse are UP but the ability to reach out for help is DOWN because with the stay-at-home order batterers are around the home – and potentially monitoring their victim - 24/7.

Adventures in Training with a Purpose (ATP) is a christian nonprofit organization focused on helping those most in need to improve their quality of life

Those suffering with chronic pain and disease are largely underserved due to the lack of insurance coverage for long term care. ATP's program seeks to restore quality of life and reduce painful movement for this population. ATP provides 'Functional Mobility Wellness Training' incorporating strength and aerobic exercise, in combination with balance elements and movement patterns to take a whole body approach in improving functional movement and wellness in individuals suffering highly complex diseases and limited mobility. ATP's functional movement training improves balance and stability while incorporating sensory integration and motor skill development activities.
