The station above recognizes the Commercial Time Limitations during Children's Programming produced specifically for children 12 and under. The limits are 12 minutes per hour (6 minutes per half hour) on the weekday and the limits are 10.5 minutes per hour (5.25 minutes per half hour) on weekends.

The station broadcasts of Children's Programming were on the weekend and thus subject to 10.5 minute (5.25 minute per half hour) limits.

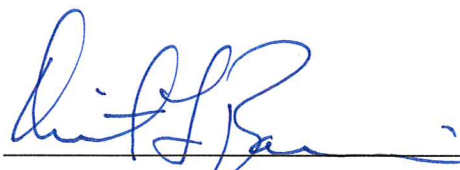

Tabulations of both commercials aired from the Syndicated Program and from Local are shown below.

Program	½ hour Limit	½ hour Syndicated Time used	½ hour Local time used	total time used
Xploration 3 Earth 2050	5:15	5:06	0	5:06
Xploration Nature Knows Best	5:15	5:06	0	5:06
Xploration 2 Outer Space	5:15	5:06	0	5:06
Xploration 1 Awesome Planet	5:15	5:06	0	5:06
Xploration Weird But True	5:15	5:06	0	5:06
Xploration DIY Sci	5:15	5:06	0	5:06

A program format sheet for each program has been attached to show the commercial time. The station did not insert any local commercial content; the local time is filled with PSA's that have no commercial content. Back-up program log information of children's programming is available upon request by the station's public file assistant.

Since the total time used per half hour was less than the half hour limit, the station certifies that the station is in compliance with the Children's Commercial Limit guidelines. In addition, since the Children's Programming aired was targeted to age 13-16, the station is in compliance regardless of the Commercial Limit guidelines.
