Re: Public Awareness / Quarterly Issues

In the period from January 1, 2024 through March 31, 2024, radio stations KLVV/KGVV/KTST-HD2 addressed several issues of public concern. Numerous public service announcements were made on behalf of various local non-profit organizations and churches. In the month of January, we partnered with our local Mardel Christian Bookstore and gave away "The One Year Bible" every day of the week to those who called into our Morning Show and responded to the question of how has the Bible impacted their lives or why the Bible is important to them. By answering this question, the listener who called in received a copy of the The One Year Bible to start their new year in the Word. This month-long giveaway was promoted on air and on social media to listeners. January's Ministry Partner was Mary Martha Outreach located in Bartlesville, OK. This ministry provides food, clothing, and other assistance to those in need through fifteen programs across seven different locations in Eastern Oklahoma. We helped spread awareness of this ministry on air and on social media to the communities around us. In February, we kicked off our annual Spring Fundraiser to raise the funds necessary to help meet our 2024 non-profit budget. We partnered with The Homeless Alliance during our Spring Fundraiser and with the help of our donors, we were able to feed 725 people who are experiencing homelessness in the Oklahoma City Metro. Also in the month of February, our staff and volunteers attended several different outreach and promotions events including the areas in Tulsa, Oklahoma City, and Wichita. February's Ministry Partner was called Angels Foster Family Network in Oklahoma City. We helped spread the word about this organization and also volunteered with them to switch out seasonal clothing from winter to spring/summer which are provided to the children who are placed with new families. In March, we had our annual social media contest called "Music of March" where listeners voted for their favorite artist/band. There were 32 Christian artists listed to vote for and a total of 1,300 votes were casted. Selected participants won an Amazon prize pack just for voting. March's Ministry Partner was Loaves & Fish located in Enid, OK. Loaves & Fishes is a client-choice food pantry focused on their mission of "fighting hunger and feeding hope through healthy food choices." At the pantry, clients shop much like they would a regular grocery store. In addition to grocery assistance, they also share helpful resources with clients to support their needs other than food in Western Oklahoma. Our staff volunteered for a day and grocery shopped with clients and restocked the pantry. The House of Praise also passed along public information on severe and inclement weather. And, on the attached sheets, other issues are listed which were broadcast on the programs "Focus on the Family" and "Breakpoint". "Focus on the Family" airs each weekday morning at 3-3:30am; 6-6:30am; 9-9:30am; 6-6:30pm; and Saturdays from 9-10am. "Breakpoint" airs each weekday morning at 6:55am and 9:55am.

Title How to Take Your Family Through a Digital Fast

Length 28 minutes

Description Like most parents of children born after 2010, Molly DeFrank embraced the new digital technologies of smart phones and tablets for her kids. But she grew increasingly alarmed as she observed detrimental effects of "zombified kids," emotional outbursts, loss of other interests, etc. And she discovered alarming research that the average child spends more than 7 hours per day on a screen for entertainment purposes! As a result, Molly realized she and other parents needed to take control of the technology impact upon her children and instituted a 2-week digital fast – no phones, no tablets, no computer games, no TV, etc. Within few days, Molly's kids were transformed and found plenty of other creative activities to explore. Molly recommends a "U-N-D-O" strategy for families — "Unplug" from digital tech, "Notice" your kids (and their interests), "Develop" screen-free alternatives, and "Open" the books (eg... rediscover the joy of reading). Molly is not anti-tech; she simply wants to equip families to put technology in its proper place as a tool for our families.

Title When Your Money and Marriage Clash

Length 26 minutes

Description Money is one of the top reasons why couples experience conflict in marriage. Taylor and Megan Kovar believe the conflict isn't about money but about a lack of communication about money. Most couples the Kovars have counseled have a form of "financial infidelity" where they have hidden accounts or fail to tell their spouse about their spending. The Kovars review the five money personalities — saver, spender, risk taker, security seeker, and flyer. They explain how to be more content with financial situation and trust God for the future. They share how couples can get on the same page, financially, through a "money dump" — a once per year discussion of money fears and dreams, and through a "money huddle," where couples do a monthly assessment of their financial situation.
