Re: Public Awareness / Quarterly Issues

In the period from July 1, 2023 through September 30, 2023, radio stations KLVV/KGVV/KTSTHD2 addressed several issues of public concern. Numerous public service announcements were made on behalf of various local non-profit organizations and churches. In the month of July, we promoted on air and on all social media platforms a contest that we do every summer but revamped it. This year it was renamed "Wild Sounds of Summer." A special wild sound from the zoo played over the air whether that be the sound of an elephant playing in the water or popcorn popping at the concession stand; the listener had to guess the correct sound to win passes to the Oklahoma City Zoo. If the listener guessed incorrectly, they received a coupon to Nothing Bundt Cakes. This wildly fun contest was a huge success for House participants. Also in the month of July, we partnered with Mardel Christian Education stores to honor our teachers. We helped support a supply drive. We promoted on air and on social media that encouraged people to come to Mardel locations and drop off teacher supplies for the upcoming school year. Then at the beginning of August for one day only, local and surrounding area teachers were able to come to Mardel and pick up those supplies that were dropped off in July. There were 103 teachers who received a bag full of school supplies for their classroom along with a \$25 Mardel giftcard. In August, we attended several community back to school events in our listening areas. Our staff went to Feed the Neighborhood in Enid which is a big event for those kids in the community who do not have a backpack or supplies for the upcoming year. Within the first hour, over 500 backpacks were passed out. We also attended Lights on Stillwater and Spotlight on Shawnee which are two college events that welcome students back. We passed out promotional items and cards with our frequency on them. At the end of August and beginning of September, we kicked off our annual Fall Fundraiser to help raise the funds necessary to meet our 2023 non profit budget. Also in the month of September, we promoted on air and on social media platforms the "Ministry Partner of the Month." We partner with a local ministry around our listening area that are involved in their community and we spotlight them. The House wants to help make each community a better place. There are so many ministry opportunities everywhere, but looking for the right place to plug in can be challenging. We help connect those in the community who either want to volunteer or actually need the resources that these ministries can provide. This month's Ministry Partner was Voice of the Martyrs. VOM is a missionary organization that serves persecuted Christians in the world's most difficult and dangerous places to be a believer. They provide practical relief and materials, promote fellowship, and more.. to encourage those facing persecution. The House of Praise also passed along public information on severe and inclement weather. And, on the attached sheets, other issues are listed which were broadcast on the programs "Focus on the Family" and "Breakpoint". "Focus on the Family" airs each weekday morning at 3-3:30am; 6-6:30am; 9-9:30am; 6-6:30pm; and Saturdays from 9-10am. "Breakpoint" airs each weekday morning at 6:55am and 9:55am.

Ashley Hibler

Operations Manager

FOCUS ON THE FAMILY BROADCAST
FCC ISSUES REPORT
(For Radio Station's Public File)
July, August, September 2023

TO: FocusSat,

FROM: Brian Krause, Syndication Manager

Date 07/05/2023 & 07/06/2023

Title Giving Your Teen Freedom to Become an Adult I-II

Length 58 minutes

Description Well-meaning, loving and motivated parents often struggle with their teenagers – in part because our modern culture has created an extended culture far beyond logical or natural boundaries, while simultaneously worshipping our own youthfulness. Dr. Kenneth Wilgus challenges parents to think differently about how they raise their kids. He provides practical insights to help parents of teens and preteens better navigate the adolescent years with healthy interaction and boundaries, while giving their teens the opportunity to grow up.

Date 07/20/2023

Title Guiding Your Daughter into Womanhood

Length 25 minutes

Description When a young girl experiences her first period, that can be a traumatic event unless her mom has gently discussed the ongoing changes that puberty brings beforehand, in a positive and affirming manner. That was Robin Jones Gunn's purpose for writing her book, *Before Your Tween Daughter Becomes a Woman* – to equip moms to have this important conversation with their daughters as early as 8 or 9 years old. Robin stresses that Mom should be the safest person in her daughter's life – where the conversation about puberty and development can be ongoing. Jenny Coffey echoes this message, explaining that a girl's self-image and self-esteem will be profoundly impacted by how parents navigate this child's first exposure to sexuality. Robin and Jenny describe how moms can initiate the "sex talk" conversation with their daughters.

Date 08/08/2023
Title Navigating the Early Grade School Years
Length 28 minutes
Description Erin MacPherson suggests that the best thing a mom can do as her child is entering the grade school years is to pray. She credits her mother, who is also a guest—Mrs. Ellen Schuknecht—with a lot of wisdom she has gained in her mothering journey. She then talks about the importance of letting go and helping your child grow toward independence. Ellen shares a few of her 15 Factors that she’s identified in successful children over the years, including initiative, a teachable spirit, and resilience. They discuss faith, restorative justice in terms of the early grade school years, and parenting styles. The conversation ends with Erin sharing her family’s vision statement.

Date 08/15/2023
Title Justice for the Pre-born and Their Mothers
Length 27 Minutes
Description This conversation will help Christians advocate for a pro-life perspective while engaging those who believe differently. Former NFL tight end Benjamin Watson, a passionate advocate for life, wants to make abortion unthinkable in the post-Roe cultural landscape. He advocates for the pro-life cause with care and conviction, while addressing issues that may drive a woman - especially the poor and marginalized - to have an abortion. Benjamin shares insights on how a renewed commitment to holistic justice and human flourishing can make a big difference in the fight for life. The discussion emphasizes the importance of seeing all people as made in the image of God from the womb to the tomb and will challenge Christians to act with empathy and kindness.

Date 09/04/2023
Title How My Teacher Made a Difference
Length 26 minutes
Description Focus on the Family listeners pay tribute to their favorite teachers—those who impacted their lives. They talk about those educators who helped shape who they are today. Whether they were struggling in a certain subject and a teacher offered extra tutoring or they were good listeners when a student experienced a hard time at home or from other classmates. This program will encourage teachers to keep the long-term perspective in mind and we honor them as a new school begins.

Date 09/12/2023 & 09/13/2023
Title Clinging to God Through the Pain of Depression I-II
Length 58 minutes
Description From the time she was ten years old, Sarah Robinson struggled with suicidal ideation and depressive thoughts that plagued her soul. Now, Sarah shares her story of clinging to Christ and gives practical help for those struggling. She provides love and hope for those “making their bed in hell” from the perspective of a person who’s been through it herself.
