The Central Ohio Association of Christian Broadcasters does not insert commercials in children's programming; therefore, we do not exceed the limits of commercials on children's programming. The Children's Television Act of 1990 limit the type and amount of advertising that may be aired in TV programming directed to children 16 and under. On weekends, commercial television stations may air no more than 10.5 minutes of commercials per hour during children's programming, and no more than 12 minutes on weekdays. Stations must keep records that substantiate compliance with these limits for the remainder of the license term. This station aired children's programs during the quarter and did NOT exceed the commercial time limits.
