### MINORITY TELECOMMUNICATIONS DEVELOPMENT PROGRAM

In June of 1990 the Minority Telecommunications Development Programs called Com Train, to help increase and stabilize minority ownership of commercial radio and television stations. Com Train provides broadcasting management training for minorities with construction permits, and minorities who have owned commercial radio or television stations for three years or less.

As a Com Train participant, a new minority owner spends two to five days at a successful commercial station working closely that station's general manager. The experience is designed to enhance a trainee's overall knowledge of broadcast management, and to focus in areas that are of specific interest to the trainee. MTDP provides the trainees with a comprehensive packet of literature on broadcast management and station operation in advance of their on-site training to help them structure their training curriculum. Com Train also offers free consultant services to trainees once their stations are on-the-air. All of the stations that provide training and consultant services are owned by volunteer corporate sponsors of Com Train.

For more information on Com Train, please contact MTDP at 202-482-1880

## FCC 323 INSTRUCTIONS FOR OWNERSHIP REPORT

### GENERAL INSTRUCTIONS - Section I

This report is to be filed by commercial AM, FM and Television broadcast stations and by International broadcast stations as indicated below (see 47 C.F.R. Section 73.3615).

- (a) By licensee at two-year intervals on the anniversary date of the station's renewal application filing date. Where the licensee, however, is a partnership that is composed entirely of natural persons, the biennial reporting requirement does not apply. Similarly, sole proprietorships (i.e., where the station is licensed to an individual(s)) are not required to file biennially.

If information submitted is equally applicable to each listed station, one biennial report may be filed for all such stations; otherwise, a separate report shall be filed for each station on the appropriate filing date.

If there has been no change since the filing of the last biennial report, a certification may be filed in lieu of a new report, stating that the previously filed report has been examined and is currently accurate.

- (b) By permittee or licensee following the consummation, pursuant to Commission consent, of a transfer of control or an assignment.

- (c) By permittee within 30 days after the grant of a construction permit for a new commercial radio or television broadcast station. The permittee is also required to update its initial report or to certify the continuing accuracy and completeness of that report when the permittee applies for a station license for that new station.

**Electronic Filing of Application Forms.** The Commission is currently developing electronic versions of various broadcast station application and reporting forms, such as this report form. As each application form and report goes online, the Commission will by Public Notice announce its availability and the procedures to be followed for accessing and filing the application form or report electronically via the Internet. For a six-month period following the issuance of the Public Notice, the subject application form or report can be filed with the Commission either electronically or in a paper format. Electronic filing will become mandatory, on a form-by-form basis, six months after each application form or report becomes available for filing electronically.

3. File one copy of this report with the Federal Communications Commission. Form 323's not involving the payment of a fee can be hand-delivered or mailed to the FCC's Washington, D.C. offices. See 47 C.F.R. Section 0.401(a). For "biennial" ownership reports that must be submitted with a fee, see 47 C.F.R. Section 0.401(b) Fee Instructions below.

4. This form is not to be used to report or request a transfer of control or assignment of license or construction permit (except to report a transfer of control or assignment pursuant to prior Commission consent). The appropriate forms for use in connection with such transfers and assignments are FCC Forms 314, 315 and 316. See 47 C.F.R. Sections 73.3540 and 73.3541. It is the responsibility of the licensee or permittee to determine whether a given transaction constitutes a transfer of control or an assignment. However, for purposes of example only and for the convenience of interested persons, there are listed below some of the more common types of transfers.

A transfer of control takes place when:

- (a) An individual stockholder gains or loses affirmative or negative (50%) control. (Affirmative control consists of control of more than 50% of voting stock; negative control consists of control of exactly 50% of voting stock.)
- (b) Any family group or any individual in a family group gains or loses affirmative or negative (50%) control. (See also Instruction 6, Section II.)
- (c) Any group in privity gains or loses affirmative or negative (50%) control.

The following are examples of transfers of control or assignments requiring prior Commission consent:

- (a) A, who owns 51% of the licensee's or permittee's stock, sells 1% or more thereof. A transfer has been effected.
- (b) X corporation, wholly owned by Y family, retires outstanding stock which results in family member A's individual holdings being increased to 50% or more. A transfer has been effected.
- (c) A and B, husband and wife, each owns 50% of the licensee's or permittee's stock. A sells any of his stock to B. A transfer has been effected.

draft, money order or credit card. If paying by check, bank draft or money order, your remittance must be denominated in U.S. dollars, and drawn upon a U.S. financial institution and made payable to the Federal Communications Commission. No postdated, altered or third-party checks will be accepted. DO NOT SEND CASH. Checks dated six months or older will not be acceptable for filing.

Procedures for payment of fees when applications and reporting forms are filed electronically will be announced by subsequent public notice. See General Instructions, 2. Payment of fees may also be made by Electronic Payment prior to the institution of electronic filing procedures, provided prior approval has been obtained from the Commission. Licensees interested in this option must first contact the Credit and Debt Management Center at (202) 418-1995 to make the necessary arrangements.

Parties hand-delivering "biennial" ownership reports may receive dated receipt copies by presenting copies to the acceptance clerk at the time of delivery. For mailed-in "biennial" ownership reports, a "return copy" of the report can be furnished provided the licensee clearly identifies the "return copy" and attaches to it a stamped, self-addressed envelope. Only one piece of paper per report will be stamped for receipt purposes. The "return copy" should be placed on top of the reporting form package. Failure to do so may result in your copy not being returned.

For further information regarding fees and payment procedures licensees should consult the "Mass Media Services Fee Filing Guide." Also see the Commission's Public Notice of June 6, 1990, entitled "Broadcast Annual Ownership Reports (Fee Requirements)", 67 RR 2d 1227.

## OWNERSHIP INSTRUCTIONS - SECTION II

1. As used in Question 6, the term "respondent" refers either to the licensee or permittee or to an entity controlling or holding an "attributable" interest in the licensee or permittee, as defined in Instruction 3 below.
2. Any contract or modification of contract relating to the ownership, control, or management of the licensee or permittee or to its stock must be filed with the Commission, as required by 47 C.F.R. Section 73.3613. Attention is directed to the fact that Section 73.3613 requires the filing of all contracts of the types specified and is not limited to executed contracts, but includes options, pledges, and other executory agreements and contracts relating to ownership, control, or management.
3. As used in Question 9, an "attributable" interest is an ownership interest in or relationship to a licensee or permittee which will confer on its holder that degree of influence or control over the licensee or permittee sufficient to implicate the Commission's multiple ownership rules. In

responding to Question 9, licensees/permittees review the Commission's multiple ownership policies and standards which are set forth in the Note C.F.R. Section 73.3555, as revised and explained in the Commission's Regulations Governing Attribution of Broadcast and Cable/MDS Interests, FCC 99-207, August 6, 1999. See also Report and Order in MM No. 83-46, 97 FCC 2d 997 (1984), reconsideration in part, 58 RR 2d 604 (1985), further modification, 61 RR 2d 739 (1986).

The following interests are attributable and the holder of such interest and should be reported in response to Question 9(a):

**If a Corporation:** Each officer, director and owner of stock accounting for 5% or more of the issued and outstanding voting stock of the respondent is considered a holder of an attributable interest. Where the 5% stockholder is itself a corporation, each of its stockholders, directors and "executive" officers (president, vice-president, secretary, treasurer or their equivalents) is considered a holder of an attributable interest, UNLESS the respondent submits as an exhibit a statement establishing that the individual director or officer will not exercise authority or influence in areas that will affect the corporate affairs of the station. In this statement, the respondent should identify the individual by name and title, describe the individual's duties and responsibilities, and explain the manner in which such individual is insulated from the corporate applicant and should not be attributed an interest.

A person or entity holding an ownership interest in the corporate stockholder of the corporate respondent is considered a party to this application ONLY IF the interest, when multiplied by the corporate stockholder's interest in the respondent, would account for 5% or more of the issued and outstanding voting stock of the applicant. For example, where Corporation X owns stock accounting for 25% of the applicant's votes, only Corporation X and shareholders holding 20 percent or more of the issued and outstanding voting stock of Corporation X have a 5% or more indirect interest in the respondent (.25 x .20 = .05) and, therefore, are considered holders of attributable interests. In applying the multiplier, any entity holding more than 50% of its subsidiary will be considered a 100% owner. Where the 5% stock owner is a partnership, each general partner and any limited partner that is not insulated regardless of the partnership interest, is considered a party to the application.

Stock subject to stockholder cooperative voting agreement accounting for 5% or more of the votes in a corporate respondent will be treated as if held by a single entity and any stockholder holding 5% or more of the stock in the block is considered a holder of an attributable interest.

or television station licensee in the same market.

Among other things, Question 9(a) seeks information as to those persons to which the Commission's minority and female ownership policies have historically applied. In addition to gender information, the race/ethnic categories are:

- a. **American Indian or Alaska Native.** A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
- b. **Asian.** A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- c. **Black or African American.** A person having origins in any of the black racial groups of Africa.
- d. **Hispanic or Latino.** A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish Culture or origin, regardless of race.
- e. **Native Hawaiian or Other Pacific Islander.** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- f. **White.** A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
