We are devastated regarding the news that our beautiful **church building is structurally unsafe**. How did we discover this? **We made an application for an insurance claim to the Diocese of Fargo regarding some leaks in our roof and damage to the church. Earl Wilhelm, Properties manager of the Diocese of Fargo came to our parish on Wednesday, August 16th, to do an inspection. He was alarmed at the structural condition in our church attic. He told us that we must have a structural engineer to assess our church building as soon as possible. The engineer made his inspection on Friday.**

Sincerely,

Fr Phil Ackerman

1- Teacher Of The Month

Each month during the school year Simmons Multimedia Stations acknowledge a deserving area educator with our Teacher of The Month Award.
