Community	Faith Matters in Maine	2/1/2021/ 4:12 pm	0:01:00	In the bills that will be in front of the legislature this session, there are assaults upon life, our God-given freedoms, and common sense. With the legislature in sequester, it's important that state leaders hear from their constituents. The Beacon campaign funds give us the resources to research bills, provide support to our allies in the legislature, inform you of opportunities to an advocate, and create persuasive content for social media campaigns.

Community	Faith Matters in Maine	2/23/2021/ 5:52 pm	0:01:00	<p>Are you concerned about the suppression of those speaking God's truth regarding family and human sexuality, and other issues? The book Live Not By Lies, by Rod Dreher analyzes the parallels of pre-communist Russia &amp; pre-communist Eastern Europe and the United States today. Dreher warns about the soft totalitarianism here, and details the historical preparation and response of Christian communities. Live Not By Lies is not a light read, but I believe we can learn from the past to prepare for our future.</p>
Community	Faith Matters in Maine	3/1/2021/ 5:52 pm	0:01:00	<p>Each legislative session, the Christian Civic League conducts our Beacon campaign to raise funds, to be a reliable &amp; inspirational source of information about the assaults upon our religious freedoms, parental rights, and the sanctity of human life, both in Augusta and in Washington. Action alerts, research, legislative support for allies, and other lobbying activities require financial resources. Support for these activities is not tax deductible, so these funds are more difficult to raise. Please go to our website &amp; make a donation to our Beacon campaign today.</p>

Community	Faith Matters in Maine	3/9/2021/ 3:02 pm	0:01:00	<p>Hasbro's decision to 'gender-neutralize' Mr. Potato Head has created quite an uproar. Some are asking "Does this really matter?" The concept that gender is fluid comes from the notion that all truth is relevant (sic) and that we create our own realities. When Christians lovingly and effectively tell the truth, we are exposing the conflicts between competing world views. We pray the Holy Spirit converts conflict to conviction and draws people to the source of all truth.</p>

Community	Faith Matters in Maine	3/23/2021/ 8:13 am	0:01:00	<p>Del Tackett's Bible Study, The Engagement Project, is based on the premise that the law of Christ is fulfilled in loving your neighbor. God's truth is suppressed in our culture. Loving our neighbors includes telling the truth, not to win an argument or to judge, but because we truly care about them and want them to avoid the harm of the lies of the enemy of their souls. Lord, give us the courage &amp; compassion to be effective advocates for your truth.</p>

Community	Faith Matters in Maine	3/29/2021/ 6:17 pm	0:01:00	<p>Truth and reality are inseparable, not 'should be', they are. The lie that we can create or choose our own truth has evolved into the delusion individuals can create their own reality. This is clearly manifested by the encouragement of health professionals for minor children to surgically remove healthy body parts in their quest to solve their gender confusion. This departure from the biological fact we are created men and women is not only untrue, but destructive. Let us offer this truth as a lifeline in hope, not a whip or condemnation.</p>
