Community	Faith Matters in Maine	10/13/2021 at 10:08 am	0:01:00	George Barna, a leading expert on Americans' worldview recently shared that a person's worldview begins developing between 15 and 18 months and is mostly fully developed by 13. Your worldview impacts every decision you make. If you wonder if your children's ministry has any lasting impact, this research should be an encouragement. Parents and churches need to purposely and effectively instill a Biblical worldview in children. Parents also need to vigilantly limit the attempts of this fallen world to indoctrinate their children. It's hard, but don't give up, there's too much at stake.
Community	Faith Matters in Maine	10/21/2021 at 9:15 am	0:01:00	The typical person develops their worldview by 13, and it begins developing at 15 to 18 months. It is critical for your child's education to be aligned with your values. K-12: is well over 15,000 hours of instruction! And what about the messaging entering their minds through TV, laptop & phone screens? It takes work & vigilance to raise children conscientiously in a Christian home. Developing a Biblical worldview in your child is an investment you will never regret.
Community	Faith Matters in Maine	10/27/2021 at 8:27 am	0:01:00	I recently had the privilege of interviewing Marziyeh Amirizadeh, an Iranian woman who was sentenced to hang. Her crime? Converting from Islam to Christianity. What an inspiration to meet someone who refused to deny Christ, literally in the face of death. I asked Marzie how important it was for Americans to stand up and defend our religious freedoms. She replied Americans must be vigilant and courageously defend our first amendment rights. Our advocacy for freedom must not be out of fear or anger, but out of a desire that we all experience the blessings of freedom.
Community	Faith Matters in Maine	11/3/2021 at 11:37 pm	0:01:00	I'm going to offer thanks to God this month, beginning with God's free gift of salvation. I'm always mindful, as we advocate for God's truth, regarding issues, is that we do not give the impression that our hope lies with legislative processes or a political party. Our defense of God's truth must always be with eternity in mind, and pray that people would be drawn to Jesus Christ. We must carry out our God-given roles as parents, spouses and citizens. Let our motivation be out of love for God and our neighbors.

Community	Faith Matters in Maine	11/8/2021 at 12:23 pm	0:01:00	Last week's election results were a great encouragement. Concerned parents are not domestic terrorists. People who support law enforcement are not racist. No matter what the mainstream media says. I hope last week's events will inspire Mainers to get involved in local and statewide elections. The Christian Civic League is organizing another candidate training event on Dec 10 -11. There is too much at stake for us to stand on the sidelines.
