Rep. Priscilla Taylor came on the show to speak about new laws passed, taxes, insurance, education and other issues that concern our local citizens. In the first segment she spoke about her current pursuit to increase penalties of the hate crimes and to have the homeless be protected under these laws. She also spoke about financial reimbursements for a man who was wrongly accused and spent 24 years in prison. Rep. Taylor began her career as an insurance agent, and then became thoroughly involved within the community, which led her into legislative work. She is the representative for District 84; which covers the Glades, Riviera Beach and Royal Palm Beach. In response to the tax increases and decreases in Florida, she said; in order for new laws and programs to be carried out efficiently there would have to be adequate funding. This also explains the reasoning for such high property taxes in this area.
