American History	Florida Roundtable	Yaffee: Yaffee updates the latest news out of Florida this week. - 10 minutes W/Hazelgrove: Hazelgrove	William Hazelgrove: American Historian	Jul 5, 2020 10PM	60 minutes
		gives his background as a historian and the books he's written so far on American history. He then reacts to the protests over historical figures			
		who owned slaves and the push to tear down their monuments and erase their history. He believes it is important to look at them in the context of the			
		time period they lived in. Also explains what inspired him to write about American history in the first place. He says it's vital to learn history so we can			
		better understand the world we live in today. 30 minutes W/Hazelgrove: Hazelgrove			
		talks about his latest American history book called "Henry Knox's Noble Train". He explains the history of Henry			
		Knox and how he became a hero during the American revolution. Talks about Henry was just a small bookstore owner who would get an idea			
		that would help the			

	Continental Army during a vital time in the war. Also discusses how the Continental Army was so unprepared in the beginning to fight the British Army. 10 minutes W/Hazelgrove: Hazelgrove continues his conversation about his new book on the American Revolution. His book lays out the story on how Henry Knox was able to get important artillery weapons to George Washington's Amery at a crucial time during the		
Preparation	week. - 10 minutes W/Lehmann: Roger talks about his experience as an insurance expert and what he currently does for the R Street Institute. He then talks about the important of getting flood insurance, especially before hurricane season. He believes almost everyone in Florida should have it. He also talks about how many insurance providers offer flood insurance and that private flood insurance is growing. Also talks about how the federal flood insurance program is not sustainable. 30 minutes	Insurance Expert	
	W/Lehmann: Roger continues to discuss why the country should move to private flood insurance only and get rid of the federal flood insurance program. He also talks about how we got to the point of needing more private flood

		W/Lehmann: Roger discusses			
		the effects of climate change on			
		the state of Florida and how to			
		address it in the future. He			
		believes climate change will			
		cause major flooding problems			
		in the state of Florida if it is not			
		addressed. He also said that			
		climate change will cause			
		major economic damage in the			
		US. Roger also discussed why			
		he believes we need a carbon

W/Salmons: Holly gives her background and explains what the BBB does for the business community. She then goes over some tips on how to prepare now before a major storm could possibly hit your area. She says you should make a list of all the providers you might need and do your homework on them now instead of after the fact. This is true for consumers and businesses. She also explains what steps you should take during a storm if you are a business owner. She says it is important to have all that information ready ahead of time.

30 minutes

W/Salmons: Holly talks about what steps you need to take to prevent getting scammed during the aftermath of a storm. She says it's important to check the background of a business before you use them for any repairs. She also explains how the BBB gives you tools to find out what businesses are reliable when it comes to home repairs or anything else you might need after a storm.
